INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES OF
BALLY'S 401(K) PLAN
Lincoln, Rhode Island

SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We have performed audits of the accompanying financial statements of Bally's 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bally's 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bally's 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bally's 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bally's 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bally's 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT - CONTINUED

OTHER MATTER - SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BALLY'S 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF PLAN

Effective January 1, 2023, the Plan was amended to rename the Plan from Twin River 401(k) Plan to Bally's 401(k) Plan. The following description of the Bally's 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, which was established effective March 1, 2003, is a defined contribution plan covering all employees, as defined by the Plan, of the Bally's Management Group and its subsidiaries (collectively, the "Company"). As of January 1, 2023, all employees who have attained age eighteen are eligible to participate in the Plan. Prior to January 1, 2023, all employees who attained the age of twenty-one were eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2023, the Plan was amended to merge the Gamesys 401(k) PS Plan with the Bally's 401(k) Plan. The assets held in the trust of the Gamesys 401(k) Plan and all participant balances were transferred in the Bally's 401(k) Plan effective January 1, 2023. As of October 11, 2023, the Plan was amended to permit employees of Bally's New York Operating Company, LLC. During 2022, the Plan was amended to permit employees of Tropicana Las Vegas, Inc. Years of service performed during employment with the prior employers will count for Plan eligibility and vesting purposes. Further, eligible employees who have satisfied the age and service requirements of the Plan, were subject to the Plan's automatic enrollment provisions. The affected participants had the option to roll their funds into the Plan following Plan provisions.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Eligible participants are automatically enrolled into the Plan at 4% of pretax annual compensation for each pay period the employee is an active participant. Any eligible employee that does not want to participate in the Plan must elect not to participate. Participants may designate all or a portion of their contributions to be Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan.

The Company elected to make discretionary matching contributions to the Plan's participants equal to 50% of the first 6% of the participant's compensation contributed for the Plan years ended 2023 and 2022. Additional profit-sharing amounts may be contributed at the option of the Company. No profit-sharing contributions were made during the years ended December 31, 2023 and 2022.

Participant Accounts – Each participant's account is credited with the participant's contribution, rollover contributions, the Company's matching contribution, if any, and earnings or losses on investments and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants' investments are allocated to their account balances to the investment options available to the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution plus actual earnings or losses thereon is based on years of continuous service. A participant becomes 20% vested after the completion of one year of service, earning 20% each year thereafter until becoming fully vested after five years of credited service.

BALLY'S 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF PLAN - CONTINUED

Participant Notes Receivable – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear a fixed rate of interest at rates that range from 4.25% to 9.50%, which are commensurate with local prevailing rates at the time the note is originated. All notes must have a definite repayment schedule, which provides for principal and interest payments to be made ratably through payroll deductions over a period not to exceed five years, except for home loans that may be repaid over a period not to exceed thirty years.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS and recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants prior to March 15th of the following year.

Payment Of Benefits – On termination of service due to death, disability or retirement and under specific situations of financial hardship, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal annual installments over a certain period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested balances equal to or less than \$5,000 but more than \$1,000 may be distributed to an Individual Retirement Account (IRA) without participant consent. A lump-sum payment is automatically paid for any vested account balance less than or equal to \$1,000.

Forfeited Accounts – At December 31, 2023 and 2022, the accumulated undistributed forfeitures remaining were \$107,695 and \$192,847, respectively. Amounts forfeited by non-vested participants may be used to pay administrative expenses or to reduce Company matching contributions. For the years ended December 31, 2023 and 2022, \$457,144 and \$40,743, respectively, was used to reduce Company matching contributions or pay administrative expenses.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis Of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation And Income Recognition – Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the price participants would receive if they were to initiate permitted transactions under the terms of Plan. See Note D – Fair Value Measurements for further discussion.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use Of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment Of Benefits – Benefit payments are recorded when paid.

BALLY'S 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Participant Notes Receivable – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Plan Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions from the Plan are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE C - INFORMATION CERTIFIED BY TRUSTEE

Voya Retirement Insurance and Annuity Company ("VOYA"), the trustee of the Plan, has certified to the completeness and accuracy of all investments information reported in the accompanying financial statements of net assets available for benefits as of December 31, 2023 and 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2023, and the related investment activity reported in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan applies generally accepted accounting principles to establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability;

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

BALLY'S 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

NOTE D - FAIR VALUE MEASUREMENTS - CONTINUED

Pooled Separate Accounts - These investments are accounts maintained by an insurance company for the collective investment and reinvestment of assets contributed thereto from employee benefit plans maintained by more than one employer or controlled group of corporations. They are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment, the insurance company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, by caption on the statements of net assets available for benefits within the valuation hierarchy.

<u>DECEMBER 31, 2023</u>	<u>TOTAL</u>	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>

Pooled Separate Accounts				
Measured At Net Asset Value*	<u>\$ 113,007,700</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE E - INVESTMENT CONTRACT

The Plan currently offers a fixed account through Voya Retirement Insurance and Annuity Company.

The fixed account's value is derived from the contract provisions between Bally's Management Group, Inc. and Voya Retirement Insurance and Annuity Company. The Plan's investment is a fully benefit-responsive guaranteed interest contract. The Plan's investment in the contract is stated at contract value as contract value is the relevant measure for fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts.

BALLY'S 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

NOTE E - INVESTMENT CONTRACT - CONTINUED

The fixed account is credited with a declared rate of interest and is subject to a minimum rate described in the contract. Amounts allocated to the fixed account are held in the Company's general account which supports insurance and annuity obligations. The general account is managed on an aggregate basis and supports all of the Company's financial commitments. No portion of the general account is attributable to a particular plan nor do plans have any undivided ownership interest in general account assets.

Withdrawals to pay participant benefits (as defined in the contract) from the fixed account are made at contract value. Certain contracts limit the amount available for benefits from the fixed accounts to a percentage of the account value surrenders from the fixed account would either be subject to a market value adjustment or paid in installments as elected by the contract holder.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Company's matching contributions.

NOTE G - TAX STATUS

The Company adopted a Non-Standardized Prototype Plan, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the prototype plan was designed in accordance with applicable sections of the Internal Revenue Code (the "IRC") as of that date. Although the Plan has been restated since receiving the opinion letter, the plan administrator and tax advisor believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the related trust is exempt from taxation.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in the pooled funds and guaranteed investment contracts. These securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits, and the statement of changes in net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and related activity are managed by Voya Retirement Insurance and Annuity Company, which qualified as a party-in-interest. Fees paid by the Plan for these services were \$535,270 and \$233,967 for the years ended December 31, 2023 and 2022, respectively.

Certain administrative functions of the Plan are performed by employees of the Company. No such employee received compensation from the Plan.

Certain participants of the Plan have outstanding loans with the Plan at December 31, 2023 and 2022. These loans are considered party-in-interest transactions according to the Department of Labor guidelines. Total outstanding loans as of December 31, 2023 and 2022 were \$3,180,634 and \$2,572,317, respectively.

NOTE K - SUBSEQUENT EVENTS

The Plan evaluates the events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through September 30, 2024, the date the financial statements were available to be issued.

During 2024, the Plan was amended to remove Association of Volleyball Professionals, LLC as a participating employer of the Plan.
