INDEPENDENT AUDITOR'S REPORT

Board of Trustees
403(b) Thrift Plan of The Virginia Home

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 403(b) Thrift Plan of The Virginia Home, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits-modified cash basis as of December 31, 2023 and 2022, and related statements of changes in net assets available for benefits-modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan of The Virginia Home's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institu-

HANSEN, SMITH, CONE & ROBERTELLO, PC

tion agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of The Virginia Home and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of The Virginia Home's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

HANSEN, SMITH, CONE & ROBERTELLO, PC

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of The Virginia Home's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of The Virginia Home's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

HANSEN, SMITH, CONE & ROBERTELLO, PC

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed, to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(B) THRIFT PLAN OF THE VIRGINIA HOME

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

DECEMBER 31, 2023 AND 2022

1. Summary of significant accounting policies and other information

Basis of accounting - The 403(b) Thrift Plan of The Virginia Home (the Plan) prepares its financial statements on the modified cash basis of accounting in order to facilitate the timely, cost effective preparation of its financial statements. On that basis, investment purchases and sales are recorded as of trade date; investment income and certain other additions are recorded when earned; and, benefit payments and other expenses are recognized when paid rather than when the obligation is incurred.

Estimates - The preparation of financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments - Investments are stated at fair value. The investments in Mutual of America and Principal Life Insurance Company general accounts provide a fixed rate of interest and consists of unallocated insurance contracts which are stated at contract value. Investments in Mutual of America Separate Account No. 2 and Principal Life Insurance Company registered investment companies consist of investments in various portfolios and are available only for qualified pension plans.

The difference between fair value and the cost of investments held at year-end, adjusted for appreciation (depreciation) on investments sold during the year, is reflected in the Statement of Changes in Net Assets Available for Plan Benefits - Modified Cash Basis as the net appreciation (depreciation) in the fair value of investments. The net appreciation (depreciation) reflects both realized and unrealized gains and losses on investment transactions.

Date of management's review - Subsequent events were evaluated through October 4, 2024 which is the date the financial statements were available to be issued.

Payment of benefits - Benefit payments to participants are recorded upon distribution.

403(B) THRIFT PLAN OF THE VIRGINIA HOME

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

DECEMBER 31, 2023 AND 2022

2. Description of the plan

The following description of the 403(b) Thrift Plan of The Virginia Home (the "Plan") provides only general information. Participants should refer to the Plan's summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Virginia Home (the "Home") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the requirements of Section 403(b) of the Internal Revenue Code. The Home is the sponsor and administrator of the Plan and the Trustees are Mutual of America Life Insurance Company and Principal Life Insurance Company. The Trustees manage the investments of the Plan as directed by the participants. In addition, the Trustees provide recordkeeping services for the Plan.

Eligibility

Employees are eligible to participate in the salary deferral portion of the Plan upon hire. To participate in the employer contribution portion of the Plan, employees must have completed at least one (1) year of service with the Home, as defined in the Plan, and be at least 21 years old. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options offered by the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan up to the maximum percentage allowable under the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Home matches employee contributions in an amount equal to 50% of the salary reduction amount contributed during the Plan year that does not exceed 4% of the employee's compensation received during the plan year.

403(B) THRIFT PLAN OF THE VIRGINIA HOME

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

DECEMBER 31, 2023 AND 2022

2. Description of the plan (Continued)

Additional Home contributions may be contributed at the discretion of the Board of Trustees. No discretionary contributions were made for the years ended December 31, 2023 and 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, Home's contributions, Plan earnings and an allocation of administrative expenses. Allocations are based on compensation or account balances, as defined by the Plan document. Income is allocated based on the participant's selected investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeiture Accounts

Participants are always 100% vested in the value of their accounts attributable to their own contributions. Participants are 100% vested after they have completed three years of credited service or obtain age 59 1/2. Plan forfeitures are used to pay certain plan expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for distributions at age 59 1/2, while participant is still currently employed. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or an annuity. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

Effective January 1, 2023, if the value of a terminated participant's vested accounts is not greater than \$7,000, the terminated participant shall receive a distribution of the value of the entire vested portion of such accounts and the non-vested portion shall be treated as a forfeiture.

NOTES TO FINANCIAL STATEMENTS - MODIFIED CASH BASIS

DECEMBER 31, 2023 AND 2022

2. Description of the plan (Continued)

Notes Receivable From Participants

A plan participant or beneficiary is allowed to borrow money from their vested account balance. The Plan Administrator will not discriminate among participants in processing loan applications and enforcing loan policies and rules.

Loans are not approved for amounts less than \$1,000. The maximum loan amount depends on the amount of the vested account balance as described below:

<u>Vested Account Balance</u>	<u>Maximum Loan Amount</u>
\$1,000 - \$99,999	one-half of the participant's total vested account balance
\$100,000 or more	\$50,000

The loan limits apply to the total outstanding loans from the Plan, not to each separate loan. Also, the loan limits are reduced by a factor which takes into account any outstanding loans from the Plan or any other qualified plan sponsored by the Home and the highest outstanding loan balance for the twelve-month period before the participant applies for the loan. Each loan is considered a directed investment from the participant's account. This means that all payments of principal and interest made will be credited only to the participant's account. When determining the amount that may be borrowed, the Plan administrator will use the value of the vested account balance as determined on the valuation date coincident with or immediately prior to the date of the loan.

Loan terms range from one to five years except for loans for a primary residence which can have longer terms. The loans are secured by the balance in the participant's account and bear interest at the rates available for similar loans from commercial lending institutions as of the time of the loan. All current loans are at the interest rates ranging from 4.00% to 9.50%. Principal and interest are paid ratable through payroll deductions.

2. Description of the plan (Continued)

Termination of Plan

Although it has not expressed any intent to do so, the Home has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

3. Unaudited Investment Information Certified by Trustee

The Plan Trustees, Mutual of America Life Insurance Company and Principal Life Insurance Company, hold the Plan's investment assets and execute investment transactions. Financial information relating to those assets and transactions is included in the accompanying financial statements based on information provided by the Trustees, which was certified as complete and accurate. This information, which has not been audited by our independent auditor, includes the following:

- Investments at fair value
- Investment activities
- Schedule of Assets (Held at End of Year)

4. Fair value measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

Investments in Mutual of America Separate Account No. 2 and Principal Life Insurance Company Registered Investment Companies consist of investments in mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual funds are actively traded.

Investments in Mutual of America and Principal Life Insurance Company general accounts represent amounts on deposit with Mutual of America and Principal Life Insurance Company and are carried at the redeemable value.

Fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted market prices for

identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used when Level 1 inputs were not available. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets that the reporting entity has the ability to access at the measurement date. An active market for the asset is a market in which transactions for the asset occur with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. If the asset has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset. Level 2 inputs include the following:

- a. Quoted prices for similar assets in active markets;
- b. Quoted prices for identical or similar assets in markets that are not active;
- c. Inputs other than quoted prices that are observable for the asset (for example, interest rates and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks, and default rates);
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means (market-corroborated inputs).

Level 3 inputs are unobservable inputs for the asset. Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset at the measurement date. Therefore, unobservable inputs shall reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset (including assumptions about risk). Unobservable inputs shall be

developed based on the best information available in the circumstances, which might include the reporting entity's own data.

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of notes receivable from participants is equal to the amortized cost of the loans, because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

5. Income tax status

The Plan is intended to comply with the applicable requirements of Section 403(b) of the IRC. A tax determination letter program is not yet available for IRC Section 403(b) plans through the Internal Revenue Service (IRS); however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the

Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. Plan investments are not insured by FDIC or similar coverage.

7. Related party transactions

Mutual of America and Principal Life Insurance Company are the Trustees of the Plan in 2023 and 2022. The Plan paid administrative fees to the Trustees of \$59,447 and \$59,157 during 2023 and 2022, respectively.

8. Audit scope limitation

Prior to January 1, 2009, the Plan's third party administrator, Mutual of America, tracked contributions, investment earnings, distributions and other activity on a "contract" basis. Each participant was set up as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009 as the regulations governing 403(b) Plans did not require plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009.
