Report of Independent Auditors

To the Administrator of MultiPlan, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of MultiPlan, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, line 4a –Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental

schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MultiPlan, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The MultiPlan Inc. 401(k) Plan (the "Plan") was established effective December 1, 1991 by MultiPlan Inc. (the "Company" or "Plan Sponsor"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualified under section 401(k) of the Internal Revenue Code ("IRC"). Participants are eligible to contribute to the Plan on the first day of the month on or after their date of hire. The Company match begins on the first day of the month on or after one year of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Custodian of Plan Investments

Principal Trust Company (the "Trustee") is the trustee of the Plan and custodian of the Plan's investments.

Participant Contributions

Each year, participants may contribute to the Plan a portion of their pretax annual compensation, as defined in the Plan document, subject to limits set annually by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to limits set annually by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions").

Employer Contributions

The Company makes matching contributions to the Plan, subject to certain IRC limitations, as follows:

Matching Contributions

The Company matches 50% of up to 5% of each participant's eligible compensation for contributions made to the Plan by participants. The maximum amount of eligible compensation is subject to annual limitations established by the IRS.

Excess Contributions Payable

The Plan passed the nondiscrimination tests in 2023 and no excess contributions were payable. Excess contributions of \$10,324 in 2022 were paid to plan members in 2023 as the Plan failed the nondiscrimination test in 2022.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contribution, and Plan earnings, and charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on compensation or participant account balances, as defined. A participant may direct their entire account balance among any of the investment options offered under the Plan. Participants may change their investment options at any time. Each participant account shows a vested value which represents the amount that the individual participant is entitled to receive.

MultiPlan, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on the following years of continuous service:

Years of Service	Vested Percentage
Less than 2 years	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

Notes Receivable from Participants

Participants may borrow from their fund accounts by means of notes as approved by the Plan administrator. A minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by any outstanding balance or 50% of the participant's vested account balance may be borrowed. No more than two notes may be outstanding at any time, per individual. Notes receivable from participants bear interest at a fixed rate which will be based on the rates available for similar loans from commercial lending institutions. The loan administrator periodically examines the rates such lenders are using. Principal and interest are paid ratably through payroll deductions over a period of five years or less for general purpose loans and fifteen years for loans used to purchase a primary residence. The following table reflects the interest rates and maturity dates of notes receivable from participants at the Plan year end dates.

December 31,	Interest Rates Applicable to Notes Receivable From Participants	Maturity
2023	4.25% to 9.50%	Various dates through 2027
2022	4.25% to 8.50%	Various dates through 2026

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. Under Federal law, benefit payments must begin on the April 1st following the calendar year in which the participant reaches age 70 ½ (age 72 for participants reaching age 70½ after December 31, 2019). On December 29, 2022, the SECURE 2.0 Act of 2022 ("Secure Act 2.0") was enacted. As part of Secure Act 2.0, the required minimum distribution date was changed to age 73, effective January 1, 2023.

The Plan also provides for participant withdrawals due to hardship, as defined by the Plan document, prior to termination of employment.

Administrative Expenses

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan during the year ended December 31, 2023. Certain trustee fees are paid by the Plan. Administrative expenses related to the operation of the Plan are paid by the Company and the remainder of the expenses are paid by the Plan.

Forfeited Accounts

At December 31, 2023 unallocated forfeited non-vested accounts totaled approximately \$33,075. Forfeitures from terminated participant accounts can be used to offset future employer contributions. Total forfeitures used to offset employer contributions during the years ended December 31, 2023, were \$201,545.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The following is a summary of significant accounting policies.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investments securities, such as a pandemic or an international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are recorded at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Income from such investments, including interest and dividends, is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest.

Contributions

Participant and Company contributions are recorded in the period in which the Company makes the payroll deductions from the participant earnings. Contributions, including profit sharing contributions, if applicable, as of the end of the Plan year, are accrued in the period to which such amounts relate to.

Payment of Benefits

Benefits are recorded when paid.

3. Guaranteed Investment Contract with Principal Life Insurance Company

In February 2000, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, the contract is measured at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit Principal to terminate the agreement prior to the scheduled maturity date.

4. Fair Value Measurements

The FASB issued Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"), which defines fair value, establishes a framework and gives guidance regarding the methods used for measuring fair value, and expands disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs.

MultiPlan, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

(Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted market prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's Investments, at fair value as of December 31, 2023 and 2022:

December 31, 2023					
	Level 1	Level 2	Level 3	Net Asset Value (a)	Fair Value
Mutual funds	\$ 126,058,080	\$ -	\$ -	\$ -	\$ 126,058,080

Total assets at fair value	\$ 126,058,080	\$ -	\$ -	\$ 214,119,341	\$ 340,177,421

December 31, 2022					
	Level 1	Level 2	Level 3	Net Asset Value (a)	Fair Value
Mutual funds	\$ 103,877,966	\$ -	\$ -	\$ -	\$ 103,877,966
Separate accounts	-	-	-	178,356,537	178,356,537
Total assets at fair value	\$ 103,877,966	\$ -	\$ -	\$ 178,356,537	\$ 282,234,503

- a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Mutual Funds

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Accounts

Principal's separate accounts are invested in investments such as stocks, mutual funds, short-term investments, bonds, etc. Principal owns the underlying investments in the separate accounts. These investments are valued using NAV provided by the administrator of the fund as a practical expedient for fair value. These funds are not classified with a specified level within the valuation hierarchy, however, are presented in a manner which enables the reconciliation of total investments in the fair value hierarchy to the investments presented at fair value on the statement of net assets.

December 31, 2023

Fair Value Estimated using NAV per Unit

Fair Value measurements of the investments based on net asset value at December 31, 2023, and 2022 are as follows:

The separate accounts allow one transfer per Plan participant within a period of thirty days. The funds have different trading terms varying from one to three days.

5. Information Certified by Trustee

The following is a summary of the financial information certified by the Trustee as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

	2023
Investments, at fair value	\$ 340,177,421
Investments, at contract value	27,164,378
Notes receivable from participants	6,601,798
Net appreciation in fair value of investments	\$ 52,837,799
Interest and dividend income	2,906,307
Interest income on notes receivables from participants	410,182

The Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2023 is also certified by the Trustee as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, to the extent permitted by law, participants or their beneficiaries will become 100% vested in their accounts. The Company also has the right to amend the Plan at any time.

7. Tax Status

Effective January 1, 2019, the Plan adopted the Principal Trust Company ("Principal") Volume Submitter Profit Sharing Plan. The prototype plan received an opinion letter dated August 8, 2014, in which the IRS stated that the prototype plan was in compliance with the applicable requirements of the Internal Revenue Code (the Code). In addition, the opinion letter stated that an employer that adopts the prototype plan may rely on the prototype plan opinion letter with respect to the qualification of its plan under the Code. Therefore, the Plan administrator believes that the Plan continues to be designed and operated in all material respects in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for the years prior to 2020.

8. Related Party Transactions and Party In Interest Transactions

The Plan invests in securities managed by affiliates of the Principal Financial Group, which is the Plan's record keeper. The Plan paid \$815,986 to these affiliates for investment and management fees for the year ended December 31, 2023, which qualify as a party-in-interest transaction. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

9. Subsequent Events

The Plan has evaluated subsequent events or transactions through September 30, 2024, the date the financial statements were available to be issued and has determined that there are no material events or transactions requiring disclosure in the financial statements.
