Report of Independent Auditor

To the Administrative Committee
CORT 401(k) Retirement Savings Plan
Chantilly, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CORT 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CORT 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following description of the CORT 401(k) Retirement Savings Plan (the “Plan”) is provided for general purposes only. Participants should refer to the Plan agreement, as amended and restated, for a more complete description of the Plan’s provisions.

General – The Plan is intended to be a defined-contribution profit-sharing plan that provides for a retirement benefit based on a participant’s account balance and covers all eligible employees of CORT Business Services (the “Employer” or “Company”) who have completed two months of service and are not represented by a collective bargaining agreement with a separate pension or retirement plan. Effective January 1, 2021, the Plan was amended to allow participants to be eligible for the Plan and to receive an employer match, on the first day of the month following two months of service. The Plan is subject to the provisions of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan permits participants to exercise control over the assets in their account and to choose from a variety of mutual funds. Effective June 1, 2021, the Plan was amended to change the name of the Plan from the CORT Business Services Investment Savings and Profit Sharing Plan to the CORT 401(k) Retirement Savings Plan.

Fidelity Management Trust Company (the “Trustee” or “Fidelity”) is responsible for holding the Plan assets.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and allows the Plan’s participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Loan limits were increased to the lesser of \$100,000 or 100% of the participants’ vested account balance. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2021.

Contributions and Vesting – Eligible participants may contribute up to 60% of their annual compensation to the Plan, subject to the maximum limitations of the Internal Revenue Code (“IRC”). Participant contributions may be either on a pre-tax or after-tax basis, up to certain prescribed limits. The Plan allows for participants to designate their deferral contributions to be Roth 401(k) contributions that are includable in the participant’s gross income at the time deferred. The Plan has an automatic enrollment feature where eligible employees are automatically enrolled in the Plan with a pre-tax deferral unless the employee elects otherwise. The Company makes matching contributions of 50% on every 1% contributed up to 4% of a participant’s eligible compensation. At their discretion, the Company may make additional contributions to the Plan. No discretionary-matching contributions were made for the years ending December 31, 2021 and 2020, respectively.

Employer contributions vest with the participant over a five-year period as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2 years	0%
Less than 3 years , but at least 2 years	20%
Less than 4 years, but at least 3 years	60%
Less than 5 years, but at least 4 years	80%
5 or more years	100%

In the event of a participant’s death, disability, or attainment of age 65, he or she becomes fully vested in all employer contributions. A participant is fully vested in his or her own contributions at the date of contribution.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's matching and discretionary-matching contributions, if any. Participant accounts are charged with distributions and an allocation of administrative expenses that are paid by the Plan. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum amount that is equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer from the investment fund to the participant notes fund. Note terms range from 1 to 5 years (or up to 10 years for the purchase of a primary residence). The notes are secured by the balance in the participant's account. Prior to November 15, 2017, the notes accrued interest (as of the loan start date) equal to the then existing prime rate of interest plus 1%. Effective November 15, 2017, the notes accrue interest (as of the loan start date) equal to the then existing prime rate of interest plus 2%. At December 31, 2021, interest rates ranged from 4.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the participant's vested interest in his account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59½, or in certain hardship situations. A participant may elect to receive a lump-sum payment or may roll over the value of their account into another qualified Plan or Individual Retirement Account. In the event a participant terminates or retires and the participant's vested account balance is less than \$1,000, the balance will be paid out as a lump-sum distribution.

The Plan also allows, in certain hardship situations as defined in the Plan, participants to withdraw from their account balances while actively employed. These hardship withdrawals are subject to the IRC restrictions and penalties.

Forfeitures – In the event a participant terminates employment with the Company and is not fully vested in his or her employer contributions, the participant forfeits the non-vested portion of such contributions. Forfeited contributions are used to pay administrative expenses or to reduce future employer contributions. Unallocated forfeitures amounting to \$450,715 and \$327,288 are included in Plan assets at December 31, 2021 and 2020, respectively. During the years ended December 31, 2021 and 2020, forfeitures of \$150,890 and \$280,571, respectively, were used to reduce employer matching contributions.

Administration – The Plan is administered by the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses are paid either directly by the Plan or by the account of the participant.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of the Plan financial statements in conformity with U.S. GAAP requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

CORT 401(k) RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits and Withdrawals – Benefits are recorded when paid.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for its fully benefit-responsive investment contract, which is valued at contract value (see Note 5). Sales and purchases of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan offers a self-directed brokerage account investment option that allows for participants to direct their investments to any publicly traded mutual fund.

Note 3—Information prepared and certified by the Plan Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified the completeness and accuracy of the following data included in the accompanying financial statements as of and for the years ended December 31, 2021 and 2020:

- Investments, at fair value, fully benefit-responsive investment, at contract value, notes receivable from participants, and other liabilities as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividends income, interest income on participant loans and other income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4—Investments and fair value measurement

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. U.S. GAAP establishes a three-level disclosure hierarchy to indicate the level of judgment used to estimate fair value measurements.

Level 1 – Quoted prices in active markets for identical assets or liabilities as of the reporting date;

Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in markets that are not active; and inputs other than quoted prices (such as interest rate and yield curves); and

Level 3 – Uses inputs that are unobservable, supported by little or no market activity, and reflect significant management judgment.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Money Market Funds – These investments are valued at closing price reported on the active market on which the individual securities are traded and are classified within Level 1 of the valuation hierarchy.

Self-Directed Brokerage Accounts – The self-directed brokerage accounts are valued based on quoted market prices and are classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below summarize investments, by level, for items measured at fair value on a recurring basis:

	December 31, 2021		
	Level 1	Level 2	Level 3
Mutual funds	\$ 218,247,861	\$ -	\$ -
Money market fund	335,905	-	-

Note 5—Guaranteed Investment Contract with Insurance Company

During 2021 and 2020, the Plan held an interest in the New York Life Anchor Account, a stable value fund (“SVF”) that is a pooled account with New York Life Insurance Company (“New York Life”), made available to participating plans through a group annuity contract. Contributions to the SVF are directed to a New York Life pooled separate account that invests primarily in a diversified portfolio of high-quality, fixed income securities, which are owned by New York Life. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer, New York Life, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The SVF is a fully benefit-responsive investment contract and is reported at contract value in the statements of net assets available for benefits. The statements of changes in net assets available for benefits are also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract’s terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. New York Life reports the contract value to Fidelity to include in Fidelity’s certification over the Schedule of Assets Held. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer of the SVF. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan Sponsor’s business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The Plan Administrator is not aware of the occurrence or probable occurrence of any such events, which would limit the Plan’s ability to transact at contract value with participants.

The crediting interest rate for the SVF is reset daily by the issuer but cannot be less than zero. The crediting interest rate is based upon a formula and is a function of timing of the cash flow activity, overall interest rates, the reinvestment of maturing proceeds, and the impact of credit losses and impairments.

Net income per Form 5500	<u>\$ 29,136,254</u>	<u>\$ 15,586,376</u>

Note 7—Partial plan termination

As a result of a reduction of the Plan Sponsor's workforce during 2020, the Plan experienced a partial Plan termination as defined by the IRC. Under the IRC, a partial Plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial Plan termination occurs, affected participants become 100% vested in their account balances, but the remaining participants' vesting continues to be determined according to the Plan document.

All affected participants who were participants in the Plan became fully vested in their account balances at the date of partial Plan termination.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 9—Related party transactions

Certain Plan investments are shares or units of investments managed by Fidelity, and therefore, these transactions qualify as parties-in-interest transactions for which a statutory exemption exists. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to the Trustee totaled \$97,136 and \$128,045 for the years ended December 31, 2021 and 2020, respectively. Notes receivable from participants qualify as party-in-interest transactions.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 10—Tax status

The IRS has determined that the prototype Volume Submitter 401(k) plan adopted by the Plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated June 30, 2020. The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not, would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 11—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan has evaluated all events subsequent to the statements of net assets available for benefits date of December 31, 2021 through October 12, 2022, which is the date these financial statements were available to be issued.
