Renown Health Retirement Savings Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Renown Health Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Renown Health Retirement Savings Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years ended December 31, 2023 and 2022, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Renown Health Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Renown Health Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Renown Health Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Renown Health Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line4 (i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Renown Health Retirement Savings Plan

Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Renown Health Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Renown Health (the Health Network) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Renown Health is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Health Network are eligible to participate in the Plan after completing 30 days of service.

Contributions

Participant contributions – Each year, participants may contribute between 1% to 75% of pretax earnings, up to the maximum imposed by the Internal Revenue Code (IRC). Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who reach age 50 before the end of the plan year are eligible to make catch-up contributions in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and discretionary contributions – The Plan has a discretionary matching contribution which allows the Health Network to change the matching percentage during the year, as well as limit the matching contributions for a plan year. Plan participants receive matching contributions as of the first day of the month after completing 30 consecutive days of employment, consistent with the eligibility service requirement for elective contributions. During the plan year ending December 31, 2022, the Health Network matched 100% of the first 4% of the employee's contribution up to September 2022, when employer matching contributions were suspended. On January 1, 2023, the Health Network reinstated the 100% match of the first 4% of the employee's contribution. On April 1, 2023, the Health Network implemented an expanded employer match program based on years of service. Under this program, the Health Network matched 100% of the first 4% to 9% of the employee's contribution depending on the employee's years of service. There were no discretionary contributions for the years ended December 31, 2023 or 2022.

Participant accounts – Participants direct the investment of their account into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant's account is credited with the participant's contributions and the Health Network's matching contributions, as well as allocations of the Health Network's discretionary contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan document.

Investment options – Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Renown Health Retirement Savings Plan

Notes to Financial Statements

Vesting – Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Health Network's contribution portion of their accounts is based on years of continuous service. Participants vest in employer matching contributions at 25% per year after two years of service and are fully vested after five years of service.

Notes receivable from participants – Participants are able to borrow from their accounts up to a maximum, for a principal residence loan, equal to the lesser of (1) \$50,000 reduced by the highest outstanding Plan loan balance during the preceding 12-consecutive-month period, or (2) 50% of their vested account balance. For a general purpose loan, the maximum participants are able to borrow is 50% of their vested account balance up to \$50,000 during the preceding 12-consecutive-month period. In addition, the Plan allows participants to take out one principal residence loan and one general purpose loan concurrently. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%. Principal and interest is paid ratably primarily through payroll deductions. As of December 31, 2023, the rates of interest on outstanding loans ranged from 4.25% to 9.50%, with various maturities through November 2053.

Payment of benefits – Upon death, disability, retirement, or termination of service:

A Participant (or the Participant's Beneficiary) may elect to receive payment of the Participant's vested account in the form of a single lump sum, a direct rollover, a combination of a lump sum payment and a direct rollover, or from time to time as partial distributions in amounts elected by the Participant. If the Participant does not elect a form of payment, the administrator shall direct the trustee to distribute the Participant's vested account in a lump sum. The Plan also allows for hardship distributions prior to termination, as defined by the Plan document.

Forfeitures – At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$290,586 and \$698,501, respectively. Forfeited balances of terminated participants' nonvested accounts may be used to reduce future Health Network matching contributions. In 2023 and 2022, Health Network contributions were reduced by \$1,450,000 and \$650,261, respectively, from forfeited nonvested accounts.

Plan termination – Although it has not expressed an intent to do so, the Health Network has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further information on fair value measurements.

Notes to Financial Statements

Income recognition – Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the occurrence of a distributable event, based on the terms of the Plan document. No allowance for credit losses had been recorded as of December 31, 2023 and 2022.

Payment of benefits – Benefits are recorded when paid.

Expenses – The Plan's expenses are paid by either the Plan or the Health Network, as provided by the Plan document. Expenses that are paid directly by the Health Network are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan, paid by the Plan, are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Registered investment companies (mutual funds and money market funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level:

Fair Value Measurement at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 613,024,446	\$ -	\$ -	\$ 613,024,446

Note 4 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Health Network by a letter dated February 1, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the determination letter, the Health Network and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Related-Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard. Vanguard acts as trustee for only those investments as defined in the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 6 – Subsequent Events

The Plan has evaluated subsequent events through September 10, 2024, which is the date the financial statements were available to be issued.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Schedule H of Form 5500, as of December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 622,732,240	\$ 513,185,979
Less: deemed distribution of notes receivable from participants in the current year, net of repayments	<u>(153,229)</u>	<u>(95,217)</u>
Net assets per Schedule H of Form 5500	<u>\$ 622,579,011</u>	<u>\$ 513,090,762</u>

The following is a reconciliation of notes receivable from participants per the financial statements to participant loans per Schedule H of Form 5500, as of December 31:

	<u>2023</u>	<u>2022</u>
Notes receivable from participants per the financial statements	\$ 7,945,087	\$ 7,347,118
Less: deemed distribution of notes receivable from participants in the current year, net of repayments	<u>(153,229)</u>	<u>(95,217)</u>
Participant loans per Schedule H of Form 5500	<u>\$ 7,791,858</u>	<u>\$ 7,251,901</u>

Notes to Financial Statements

The following is a reconciliation of total deductions per the financial statements to total expenses per Schedule H of Form 5500, for the year ended December 31:

	<u>2023</u>	<u>2022</u>
Total deductions per the financial statements	\$ 40,137,949	\$ 50,422,194
Plus: deemed distribution of notes receivable from participants in the current year, net of repayments	153,229	95,217
Less: deemed distribution of notes receivable from participants in the prior year, net of repayments	<u>(95,217)</u>	<u>(48,599)</u>
Total expenses per Schedule H of Form 5500	<u>\$ 40,195,961</u>	<u>\$ 50,468,812</u>

The Form 5500 has certain items that differ from amounts shown in the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits in either period.
