Independent Auditors' Report

The Plan Administrator
Zoo New England 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Zoo New England 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ZOO NEW ENGLAND 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Zoo New England 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan with a cash deferral arrangement covering all eligible employees of Commonwealth Zoological Corporation (“Employer”), as defined by the Plan, who have completed six months of service and have attained the age of 21 (“Participants”). Employees covered by a collective bargaining agreement and non-resident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially, all investments are participant-directed.

Participant Contributions

Participants may defer up to 100% of their eligible compensation in 1% increments, as defined by the Plan, subject to dollar limits set by Federal law. The Plan has an auto enroll feature whereby unless a participant makes an election to defer upon eligibility, after 180 days, 3% will be deferred on their behalf with annual increases of 1% until a participant’s deferral election reaches 6%. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Matching Contributions

The Employer, at its sole discretion, determines the amount of matching contribution which it will contribute to the Plan. Participants must be credited with six months of service during the Plan year in order to be eligible for Employer matching contributions unless the participant separates from the Employer due to death, disability, or after attaining the normal retirement age. For the years ended December 31, 2023 and 2022, the Employer matching contributions were 50% of each participant’s elective deferral of up to 6% of compensation.

Employer Profit Sharing Contributions

Under the terms of the Plan and provisions of the Internal Revenue Code (“IRC”), the Employer, at its discretion, may make annual profit-sharing contributions to the Plan. Allocations are made to participants, as defined in the Plan. For the years ended December 31, 2023 and 2022, there were no profit sharing contributions made to the Plan.

Participant Accounts

Each participant’s account is credited with the Participant’s contributions, Employer’s contributions, Plan investment earnings/losses, and is charged with loan administration fees, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants vest immediately in their deferral, rollover contributions and Employer contributions, plus actual earnings thereon.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or substantially equal installment payments of such amounts, frequency and duration as the Participant or beneficiary may elect. Upon termination, if a participant's vested account is less than \$1,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to the participant. In-service withdrawals from a participant's vested account are available upon incurring a disability or attaining age 59½. Hardship withdrawals (minimum of \$500) may be taken from a participant's total vested account.

Notes Receivable from Participants

Subject to approval by the Plan administrator, participants may borrow a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence), and participants may only have one loan outstanding at a time. Loans are secured by the vested balance in the Participant's account and bear interest at a reasonable rate of interest to be determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operations of the Plan. The Plan's trustee and custodian is Fidelity Management Trust Company.

Forfeitures

These amounts represent prior year overfunding by the Employer and may be used to pay plan expenses or used to reduce future Employer matching contributions. During the years ended December 31, 2023 and 2022, \$0, of forfeitures were used to pay plan expenses. At December 31, 2023 and 2022, forfeitures available totaled \$2,241 and \$232, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Administrative Expenses

Certain expenses related to the administration of the Plan, such as the recordkeeping and advising fees, are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of loan withdrawals and transfer charges are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation and depreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

Plan management has evaluated subsequent events through September 24, 2024, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Notes to Financial Statements

Note 3 - Information Certified by Trustee and Custodian

Plan investments are by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). The fair value of investments as of December 31, 2023 and 2022 and all investment and notes receivable from participant transactions for the years then ended, including interest and dividends and net appreciation/depreciation in fair value are reported to the Plan and certified as complete and accurate by Fidelity. Information included in the supplemental schedule and notes receivable from participants have also been derived from information certified by Fidelity. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. Participants are able to direct their contributions to any of a variety of investment options sponsored by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III).

Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

ZOO NEW ENGLAND 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund: The Plan has a Stable Value Fund that is composed primarily of indirect fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The Plan also has investments in other common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value for all the common/collective trusts. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. The practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Description	Assets at Fair Value as of December 31, 2023			
	Level I	Level II	Level III	Total
Mutual funds	\$ 8,831,313	\$ -	\$ -	\$ 8,831,313
Total investments in the fair value hierarchy	\$ 8,831,313	\$ -	\$ -	8,831,313
Investments measured at NAV practical expedient (a)				2,488,048
Total investments at fair value				\$ 11,319,361

Investments measured at NAV practical expedient (a)				<u>1,969,256</u>
Total investments at fair value				\$ <u>8,988,139</u>

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

Note 5 - Fair Value of Investments in Entities that Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022, respectively:

Investment	Fair Value 12/31/2023	Fair Value 12/31/2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

(a) See Note 4 for the description of the common/collective trust.

ZOO NEW ENGLAND 401(k) PLAN

Notes to Financial Statements

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2023 and 2022, direct fees paid by the Plan's participants to Fidelity and other service providers for loan, administrative and investment services amounted to \$44,974 and \$29,376, respectively. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 9 - Tax Status

The Plan has adopted a Fidelity plan document using a standardized prototype adoption agreement, which received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

Notes to Financial Statements

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

	2023	2022
Net assets available for benefits per the financial statements	\$ 11,396,867	\$ 9,095,884
Less:		
Notes receivable from participants classified as distributions per Form 5500	<u>(2,014)</u>	<u>(1,950)</u>
Net assets available for benefits per Form 5500	\$ <u>11,394,853</u>	\$ <u>9,093,934</u>

The following is a reconciliation of the Plan's net increase (decrease) in net assets available for benefits reported in the financial statements to the net income (loss) reported on Form 5500 for the years ended December 31:

	2023	2022
Net increase (decrease) in net assets available for benefits reported in the financial statements	\$ 2,300,983	\$ (1,596,240)
Less:		
Current notes receivable from participants classified as distributions per Form 5500	(2,014)	(1,950)
Add:		
Prior notes receivable from participants classified as distributions per Form 5500	<u>1,950</u>	<u>1,828</u>
Net income (loss) per Form 5500	\$ <u>2,300,919</u>	\$ <u>(1,596,362)</u>

The accompanying Statements of Net Assets Available for Benefits, Statements of Changes in Net Assets Available for Benefits and the supplemental information have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third-party administrator.
