The Plan Administrator and Investment Committee
Orion Advisor Solutions Inc. 401(k) Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Orion Advisor Solutions, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Orion Advisor Solutions, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

(1) Description of Plan

The following description of the Orion Advisor Solutions, Inc. ("Orion") 401(k) Plan ("Plan") (formerly NorthStar Financial Services Group, LLC 401(k) Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution profit-sharing plan sponsored by Orion Advisor Solutions, Inc. and its wholly owned subsidiaries (collectively "Company"); Orion Advisor Technology, LLC, Orion Portfolio Solutions, LLC dba Brinker Capital Investments, LLC, Constellation Trust Company, and GX Works LLC.

Effective September 1, 2022, the Plan was amended to add TownSquare Capital, LLC as a participating employer and to recognize prior service with this employer for eligibility and vesting purposes.

Effective January 1, 2023, the Plan was amended to add Redtail Technology, Inc. as a participating employer and to recognize prior service with this employer for eligibility and vesting purposes. The Orion Advisor Solutions, Inc. 401(k) Investment Committee approved the merger of the Redtail Technology, Inc.'s portion of the ADP Total Source Retirement Plan into the Plan effective January 1, 2023. The merger resulted in the transfer of \$5,278,510 of assets into the Plan on January 23, 2023.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Orion Advisor Solutions, Inc. 401(k) Investment Committee is responsible for the oversight of the Plan. The Orion Advisor Solutions, Inc. 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

B. Eligibility

All full-time and part-time employees of the Company who are age 18 or older are eligible to participate in the Plan. Temporary or seasonal employees are ineligible to participate in the Plan unless they complete a year of service.

C. Contributions

Plan participants can contribute up to 85 percent of compensation, as defined by the Plan, on a before or after-tax basis subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions that represent distributions from other qualified plans. The Company may make matching or discretionary profit-sharing contributions as determined by Company management. For the year ended December 31, 2023, the Company made an employer discretionary match of 50% of the participant's deferrals that did not exceed 6% of compensation in the amount of \$3,497,847.

Effective January 1, 2023 the Plan was amended to add an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designed fund until changed by the participant.

Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan.

Orion Advisor Solutions, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

D. Participant Accounts

Each participant's account is credited with the participant's contributions, including rollovers, and allocations of (a) the Company's contributions, (b) Plan earnings (losses) and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

E. Vesting

Participants are fully vested in their contributions, as well as rollover contributions and are vested in the Company's contributions to the Plan according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
One	0%
Two	50%
Three	100%

A year of service is credited upon the completion of 1,000 hours of service during the Plan year. Separate provisions apply in the event of death or disability of the participant. The payment of benefits is more fully described in the Plan's agreement.

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate as published in the Wall Street Journal plus one percent. Principal and interest is paid ratably through semi-monthly payroll deductions. At December 31, 2023, interest rates ranged from 4.25% to 9.50% and matured between January 2024 and June 2053.

G. Payment of Benefits

On termination of service due to death, the participant's beneficiary will receive a lump sum amount equal to the vested portion of such participant's account. If a participant's vested interest exceeds \$5,000 and is terminated due to disability, retirement or termination, a participant may elect to receive a lump sum payment at the time of election. If the participant's account is less than \$5,000, but greater than \$1,000, the Plan can automatically roll the account into a qualified individual retirement account. If the participant's account is less than \$1,000, the Plan can automatically cash out the account.

H. Forfeited Accounts

Participants leaving employment with the Company before becoming fully vested forfeit their non-vested interest in the Company's contributions. These forfeitures will be used to reduce the Company's current or future contributions under the Plan or to defray administrative costs of the Plan. At December 31, 2023 and 2022, the forfeiture balance was \$5,771 and \$8,515, respectively. During the year ended December 31, 2023, forfeitures of \$134,934 were used to reduce Company contributions and \$48,759 were used to pay administrative expenses of the Plan.

(2) Summary of Accounting Policies

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Orion Advisor Solutions, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings (losses) reported in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements for Form 5500.

D. Contributions

Participant contributions and the related Company matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

E. Payment of Benefits

Benefit payments to participants are recorded when paid.

F. Administrative Expenses

Administrative fees and expenses of operating and maintaining the Plan may be paid out of the Plan assets unless paid by the Company. Certain administrative fees are paid directly by the Company and are excluded from these financial statements.

G. Subsequent Events

The Plan has evaluated subsequent events through September 27, 2024, the date the financial statements were available to be issued.

(3) Information Certified by Principal Trust Company (Trustee)

The following investment information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following information, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 120,615,873	\$ 89,183,231
Notes receivable from participants	1,509,137	990,032

The trustee reports also certified to the completeness and accuracy of \$83,813 of interest earned on notes receivable from participants, \$1,910,892 of dividends and interest from investments, and \$17,719,470 of net appreciation (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investments held during the year) in the value of investments related to the aforementioned assets for the year ended December 31, 2023.

(4) Fair Value Measurements

Financial Accounting Standards Board ("FASB") Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Orion Advisor Solutions, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2023 and 2022:

Mutual funds: Valued at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and equities valued at the net asset value of shares held by the Plan at year end. Accounts also include cash equivalents whose cost approximates fair value due to their short-term nature.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 117,339,634	--	--	\$ 117,339,634
Self-directed brokerage accounts	3,276,239	--	--	3,276,239
	<u>\$ 120,615,873</u>	<u>--</u>	<u>--</u>	<u>\$ 120,615,873</u>

Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 86,748,253	--	--	\$ 86,748,253
Self-directed brokerage accounts	2,434,978	--	--	2,434,978
	<u>\$ 89,183,231</u>	<u>--</u>	<u>--</u>	<u>\$ 89,183,231</u>

(5) Party-in-Interest Transactions

The Plan has a number of service providers which qualify as parties-in-interest. Fees for plan administration paid to parties-in-interest for the year ended December 31, 2023 were \$175,336.

Certain investments as of December 31, 2023 and 2022 are shares of the Destinations mutual funds, which are managed by Brinker Capital Investments, LLC ("Brinker"), a subsidiary of Orion. Orion is the Plan sponsor and therefore Brinker qualifies as a party-in-interest. No fees were paid directly by the Plan to Brinker.

Certain investments as of December 31, 2023 and 2022 are shares of mutual funds managed by Principal Life Insurance Company, which is a related party of Principal Trust Company. Principal Trust Company is the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions.

(6) Plan Termination

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, the Company has the right to do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

(7) Income Tax Status

The Plan uses a pre-approved plan document sponsored by Principal Life Insurance Company, which received an opinion letter from the IRS dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
