Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Samsonite Employee Savings Trust, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section:

- The amounts and disclosures in the accompanying 2023 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2023 Financial Statements” section of our report. We are required to be independent of the Samsonite Employee Savings Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Samsonite Employee Savings Trust’s ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Samsonite Employee Savings Trust’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Samsonite Employee Savings Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2023 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of Samsonite Employee Savings Trust. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 29, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Samsonite Employee Savings Trust

Notes to Financial Statements December 31, 2023 and 2022

1. Description of Plan

The following description of the Samsonite Employee Savings Trust (Plan) is provided for general purposes only. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide substantially all eligible non-union employees, as defined by the plan document, of Samsonite LLC and its U.S. subsidiaries (the Company or the Sponsor) with retirement benefits in accordance with Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Eligibility

All employees of the Company, except certain excluded classes of employees as defined by the plan document, are eligible to participate in the Plan upon hire and are automatically enrolled at that date.

Participant Contributions

Employees are automatically enrolled with a 3% pre-tax deferral of eligible compensation, as defined by the Plan, at date of hire. This deemed salary reduction agreement may be modified as to deferral rate or terminated at the request of the participant at any time. If any employee terminates the deemed salary reduction agreement and subsequently wishes to contribute to the Plan, the employee must make a positive deferral election. The deferral rate automatically increases 1% on April 1 of each year following date of hire, with a maximum automatic deferral of 10%.

Plan participants may contribute to the Plan up to 75% of their eligible compensation, as defined in the plan document and limited by the IRC. The Plan allows for the participants to make either pre-tax or Roth deferral contributions. For the year ended December 31, 2023, these contributions are limited per the IRC to \$22,500, with an additional \$7,500 allowed for catch-up contributions, for participants who are 50 years of age or older as of December 31, 2023. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common collective trusts as investment options for participants.

Participants may also make rollover contributions from other qualified plans if certain criteria are met as outlined in the plan document.

Employer Contributions

The Company makes safe harbor matching contributions of 100% of the first 1% and 50% of the next 5% of participant compensation. Matching contributions are calculated based on compensation and 401(k) elective deferrals for the payroll period. Matching contributions are made for all persons who were active participants at any time during that payroll period.

Participants are not eligible for this contribution unless employed by the Company on December 31 of the year for which the contribution is made. The last day of employment requirement is waived if the participant dies or terminates employment after attaining age 65.

Participants' Accounts

Each participant's account is credited with their respective contribution and its allocation of (a) employer contributions and (b) plan earnings and losses.

Samsonite Employee Savings Trust

Forfeitures

The Plan provides that forfeitures, the unvested portion of employer contributions for terminated participants, may be used to reduce Company matching contributions and/or administrative expenses. Forfeitures used to offset plan administrative expenses and Company matching contributions were \$526,142 for the year ended December 31, 2023. As of December 31, 2023, and 2022, the balance in the forfeiture account was \$179,750 and \$544,198, respectively.

Vesting

Participants' voluntary contributions, rollover contributions and the earnings thereon vest immediately.

Participants become vested in the employer matching and non-elective annual contributions and related earnings based on years of service as follows:

<u>Type of employer contribution</u>	<u>Years of Service</u>	<u>Vested Percentage</u>
Employer matching contributions and related earnings	Less than two	0%
	Two	100%
Non-elective annual contributions and related earnings	Less than three	0%
	Three	100%

Participants' accounts become fully vested upon death, total disability, reaching normal retirement age, or termination of the Plan. If a participant terminates employment for any other reason, they are entitled to their vested interest in employer contributions.

Payment of Benefits

Withdrawals may be made from a participant's account based on financial hardship, as defined. In addition, a participant who has attained age 59 ½ and has not separated from service may obtain a distribution of his or her vested balance.

If the value of the participant's vested account does not exceed \$5,000, the participant's entire vested account shall be distributed as of the earliest of his retirement date, the date he dies, or the date he has a severance from employment for any other reason (the date the employer provides notice to the record-keeper of the Plan of such event, if later).

If the participant's account balance exceeds \$5,000, the distribution need not commence prior to the attainment of normal retirement age unless the participant otherwise consents in writing. In the event a participant does not elect to have a small amounts payment paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly and his vested account is greater than \$1,000, a mandatory distribution will be made in accordance with the direct rollovers section of the plan document. If the participant's vested account is \$1,000 or less, the participant's entire vested account shall be paid directly to him. If a small amounts payment is made on or after the date the participant dies, the small amounts payment shall be made to the participant's beneficiary. If a small amounts payment is made while the participant is living, the small amounts payment shall be made to the participant. The small amounts payment is in full settlement of all benefits otherwise payable. No other small amounts payment shall be made.

Benefits are recorded when paid.

During the year ended December 31, 2020, the Plan adopted the distribution provisions of the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act). A CARES Act distribution allows certain eligible participants to take a coronavirus-related distribution up to \$100,000 from the Plan retroactive to January 1, 2020, and through December 30, 2020. The Plan has not been formally amended to reflect these provisions. Plan amendments related to coronavirus-related distributions must be adopted by December 31, 2025.

Samsonite Employee Savings Trust

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded on December 31, 2023 and 2022, because the loans are fully secured by the participants' account balances. Delinquent participant loans are reclassified as distributions based upon the terms in the plan document.

Participants may borrow from their vested account. The minimum amount that may be borrowed is \$1,000, and the loan amount cannot exceed the lesser of 50% of the participant's balance or \$50,000, reduced by the highest outstanding balance in the previous 12-month period. The maximum term of such loans is five years. Participants may only have one outstanding loan at any given time. The interest rate will be a fixed rate comparable to that charged by commercial lenders for similar loans. The notes receivable are secured by the participant's vested account balance.

During the year ended December 31, 2020, the Plan adopted the loan provisions of the CARES Act, effective for qualified participant loans initiated on or after March 27, 2020, and before September 23, 2020. The CARES Act provided plan participants with the option to borrow up to 100% of their vested account balance, up to a maximum of \$100,000. Participants also had the option of suspending loan payments due between March 27, 2020, and December 31, 2020 for up to one year, however, originally scheduled payments must resume beginning on January 1, 2022. The Plan has not been formally amended to reflect these provisions. plan amendments related to participant loans taken under the CARES Act must be adopted by December 31, 2025.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Plan.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 9 for discussions of fair value measurements.

Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on an average current cost basis, based on fair market value of the investments at the beginning of the plan year or at the time of purchase during the plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Plan's expenses are paid by the Plan. Fees related to the administration of participant loans are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation (depreciation) of the fair value of investments.

Samsonite Employee Savings Trust

Fair Value

Accounting standards provide a common definition of fair value and establish a framework to make the measurement of fair value in generally accepted accounting principles more consistent and comparable. Accounting standards also require expanded disclosures to provide information about the extent to which fair value is used to measure certain financial and non-financial assets and liabilities, the methods and assumptions used to measure fair value, and the effect of fair value measures on earnings. The Plan's financial assets reflected in the financial statements at fair value include its investments (see Note 9).

Subsequent Events

The Plan has evaluated subsequent events through September 13, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2023

4. Tax Status

The Plan is a prototype plan offered by Principal. The plan administrator believes and represents that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board has issued a standard regarding the accounting and recognition of income tax positions taken or expected to be taken by the Plan. The plan administrator assesses the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

5. Related-Party Transactions

Certain Plan investments are shares of mutual funds that are managed by Principal. Principal is the trustee of the Plan, and therefore, investment transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules, as defined by ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, and their account balance will be distributed as directed by the participant.

Samsonite Employee Savings Trust

7. Risks and Uncertainties

The Plan provides for various investment options in accounts which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Concentrations

Balances in three investments each accounted for more than 10% of total investments as of December 31, 2023, and balances in four investments each accounted for more than 10% of total investments as of December 31, 2022.

9. Fair Value Measurements

Accounting standards require that financial and non-financial assets and liabilities, recognized or disclosed in financial statements on a recurring basis (at least annually), be measured at fair value. These standards define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

These standards also establish a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. These standards describe three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Significant unobservable inputs, including the Company's own assumptions in determining the fair value of investments

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and Level 3 inputs are only used when higher level inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Samsonite Employee Savings Trust

Common Collective Trusts: Value is based on the underlying unit value of the assets held. The assets of the underlying fund are invested primarily in certain investment contracts and other securities. The fair value of the contracts is determined using the market approach based on market prices of similar contracts. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets' fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 85,083,331	\$ -	\$ -	\$ 85,083,331
Total assets in the fair value hierarchy	\$ 85,083,331	\$ -	\$ -	85,083,331
Investments measured at NAV practical expedient				6,535,625
Investments, at fair value				\$ 91,618,956

The following table sets forth by level, within the fair value hierarchy, the Plan's assets' fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 74,239,889	\$ -	\$ -	\$ 74,239,889
