Independent Auditor's Report

To the Plan Administrator and Participants
InfoImage of California, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of InfoImage of California, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of InfoImage of California, Inc. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about InfoImage of California, Inc. Retirement Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of InfoImage of California, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about InfoImage of California, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA.

The supplemental Schedule of Assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of the InfoImage of California, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of InfoImage of California, Inc. (the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 21 and completed at least 250 hours of service during the first three months of employment or one year of service. Collectively bargained employees, non-resident aliens, and leased employees are not eligible to participate in the Plan. Employees may begin making deferrals into the Plan on the first day of each month upon eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

Contributions to the Plan

Participants may contribute up to 100% of their eligible annual salary to the Plan subject to certain non-discrimination restrictions and an annual limitation of \$22,500 for 2023 (\$30,000 for those participants who are age 50 or over). Roth deferrals are also permitted under the Plan.

The plan sponsor is permitted under the plan to make discretionary matching and profit sharing contributions. Eligibility for matching and profit sharing contributions is the same as for deferrals and participants must complete at least 1,000 hours of service and be employed on the last day of the plan year. The Plan permits the plan sponsor to make discretionary profit sharing contributions to eligible participants based upon defined group classes. For 2023, the Plan Sponsor made a profit sharing contribution as follows: Group 1: 1.50%, Group 2: 1.75%, Group 3: 1%, Group 4: 2%.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in pooled funds is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contribution and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are 100% vested in their contributions and related earnings at all times. Participants vest in discretionary plan sponsor contributions in ratable installments of 20% after the first year of service. Participants are fully vested in the event of death, disability, or upon reaching age 65. Forfeitures may be used to offset the administrative expenses of the Plan, or to reduce plan sponsor contributions. At December 31, 2023 and 2022, forfeitures available to offset Plan expenses and plan sponsor contributions were \$38,308 and \$33,634, respectively. During the year ended December 31, 2023, forfeitures in the amount of \$109 were used to pay Plan fees.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement (age 65), disability, death, financial hardship (as defined in the Plan), or termination of employment. In-service distributions are also available, providing the participant is at least age 59½. The Plan also allows in-service distribution upon a deemed separation of employment when an individual is on active duty for a period of at least 30 days while performing service in the Uniformed Services. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum payment or partial payment. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account. Participants who separate from service and have

InfoImage of California, Inc. Retirement Plan

Notes to the Financial Statements

vested account balances of \$5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is \$1,000 or less. If the value of the vested account balance is greater than \$1,000 but equal to or less than \$5,000 the account will be converted to an individual retirement account. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 73.

Notes Receivable from Participants

Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000. Participants may only have 1 loan outstanding at a time. Loans bear an interest rate of two percent above prime rate determined on the date of the advance by the plan administrator. All loans are payable on a basis consistent with the plan sponsor's normal payroll period. Loans must be repaid in equal installments over a period of five years (longer for qualified residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. The interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default; the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments

The Plan was without amendment during 2023.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

InfoImage of California, Inc. Retirement Plan

Notes to the Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued.

3. Certification of Assets

Empower Trust Company, LLC ("Empower") serves as the custodian of the Plan's assets. In that capacity, Empower holds the Plan's investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from Empower as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and interest, dividends and net appreciation/depreciation in fair value of investments for the year ended December 31, 2023, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual Funds	\$ 14,108,900	\$ -	\$ 14,108,900
Guaranteed Investment Contracts	-	1,253,256	1,253,256
Total	<u>\$ 14,108,900</u>	<u>\$ 1,253,256</u>	<u>\$ 15,362,156</u>

Assets at Fair Value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual Funds	\$ 11,453,263	\$ -	\$ 11,453,263
Guaranteed Investment Contracts	-	1,239,060	1,239,060
Total	<u>\$ 11,453,263</u>	<u>\$ 1,239,060</u>	<u>\$ 12,692,323</u>

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

InfoImage of California, Inc. Retirement Plan

Notes to the Financial Statements

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Account: A guaranteed investment contract that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

Guaranteed investment contracts: The reported values for the fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider based on observable inputs. Because the participants transact at contract value, fair value is determined using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually, fair value of the investment contract, prior to contract termination, equals the contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. **Tax Status**

The Plan sponsor has adopted the Plan Design Consultants Pre-Approved Profit Sharing plan. The Pre-Approved plan received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Pre-Approved plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

InfoImage of California, Inc. Retirement Plan

Notes to the Financial Statements

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. **Plan Termination**

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all account balances would become 100% vested.

7. **Related Party Transactions**

Empower Trust Company, LLC ("Empower") currently serves as the custodian of the plan's asset. Accordingly, all investments managed by Empower and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling \$66,481 to the recordkeeper, investment advisor, and contract admin which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.
