INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
ROC Service Company, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ROC Service Company, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL'S) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Reliance Trust Company as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those derived from or agreed to the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 1. Description of Plan

The following description provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by ROC Service Company, LLC (the "Company") January 1, 2011, under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of Employment Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

Reliance Trust Company ("Reliance" or the "Trustee") serves as the Plan's trustee and holds the Plan's investment assets. Standard Insurance Company ("Standard") is the recordkeeper and maintains participant account information. The Plan also uses the services of a third-party administrator, Loren D. Stark (the "TPA") to perform annual compliance testing, prepare the Plan's Form 5500, and assist the plan administrator in day-to-day activities of the Plan. The plan administrator is an employee appointed by the Company. Two officers of the Company serve as trustees of the Plan. The trustees have the authority to execute contracts, deeds, or other instruments, and to exercise the powers and duties set forth in the Trust Agreement. For investment advisory services, the Plan consults with First National Trust Company.

Eligibility

Effective July 1, 2022, employees of the Company become eligible to participate in the Plan upon completing six consecutive calendar months of employment and attaining 18 years of age. Eligible employees may commence contributing to the Plan on the first day of the month coinciding with or next following date requirements are met. Prior to July 1, 2022, the service requirement was 12 consecutive calendar months of service.

Contributions

Each year, participants may contribute up to the maximum annual limits established by the Internal Revenue Code (the "Code"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Roth deferrals are not permitted under the Plan. For the year ended December 31, 2023, the maximum deferral limit is \$22,500 and the catch-up limit is \$7,500. Participants may also contribute amounts representing distributions from other qualified plans, as defined.

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 1. Description of Plan (Continued)

Contributions (continued)

Effective July 1, 2022, the Company's matching contribution is 100% of the participant's elective deferrals up to the first 3% of the participant's compensation, plus 50% of the participant's elective deferrals up to the next 2% of the participant's compensation. Prior to July 1, 2022, the Company's matching contribution was 100% of the participant's elective deferrals up to the first 3% of the participant's compensation. In addition, the Company may make a discretionary non-elective contribution to the Plan which is divided among Plan participants in proportion to their compensation. During 2023 and 2022, there were no discretionary non-elective contributions made.

Contributions are based on compensation as defined by the Plan.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions and rollovers, if any, (b) allocations of the Company's discretionary contribution, if any, and (c) Plan earnings (losses). Transaction fees, such as those related to distributions, are paid from the account of the participant who made the transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals and rollover contributions, if any, plus actual earnings thereon. Vesting in the Company's contribution portion of a participant's account is based on years of continuous service with the Company. Participants become 25% vested in employer contributions after one year, and an additional 25% each year thereafter until 100% vested upon four years of credited service.

However, a participant's vesting percentage increases to 100% if, while employed with the Company, the participant dies or becomes disabled.

Payment of Benefits

The normal retirement age is 65, as defined by the Plan. On termination of service due to death, disability, or termination of employment, participants may receive their distribution as a lump-sum payment or elect to transfer their account balance into an individual retirement account or another qualified plan. Participants who have attained the age of 55 may take an in-service withdrawal of vested employer contributions, and after attaining the age of 59-1/2 may take an in-service withdrawal of deferral contributions. In the event of hardship due to an immediate and heavy financial need, as defined by the Plan and as modified by recent legislation, a participant may request a hardship withdrawal from deferral and employer contribution accounts.

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 1. Description of Plan (Continued)

Forfeited Accounts

The Plan provides that non-vested portions of the Company contributions be forfeited by terminated participants and used to reduce future Company contributions. Forfeited amounts available to be offset against future Company contributions are approximately \$9,000 and \$10,000 at December 31, 2023 and 2022, respectively. For the year ended December 31, 2023, no forfeited accounts were used to reduce Company contributions.

Recent Legislative Changes in Plan Provisions

Under Section 112 of the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act which became effective January 1, 2021, certain part-time employees may become eligible to defer earnings under a 401(k) plan beginning in 2024.

Plan management is currently evaluating the provisions of SECURE Act 2.0. The Plan will be amended by December 31, 2025, as required for relevant provisions. Relevant SECURE Act 2.0 provisions include the following and effective dates begin in 2023 through 2026 (except as otherwise noted): Withdrawals for certain emergency expenses (optional); creation of pension linked emergency savings accounts (optional); required minimum distribution age increases; changes to catch-up contributions provisions; employer matching contributions on student loan repayments (optional); and flexibility in recovery of retirement plan overpayments (optional and effective December 29, 2022).

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value, except for the fully benefit-responsive investment contract, which is stated at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value and contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in fair value of its investments which consists of realized gains or losses on investments bought and sold during the year and unrealized appreciation or depreciation on those investments held at year end.

Payments of Benefits

Benefit distributions are recorded when paid. At December 31, 2023, there were no benefits approved for payment but not paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included as a reduction in net appreciation (depreciation) in fair value of investments.

Note 3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 3. Fair Value Measurement (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. As of December 31, 2023 and 2022, there have been no changes in the methodologies used.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Standard Stable Asset Fund A: Valued at NAV as a practical expedient, inclusive of the adjustment to contract value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The use of NAV is deemed appropriate as these investments do not have finite lives, unfunded commitments, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Fair Value of Investments that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

	Fair Value		Unfunded	Redemption	Redemption
	2023	2022	Commitment	Frequency	Notice Period
Standard Stable Asset Fund A	\$ 347,841	\$ 266,490	N/A	Daily	N/A

Note 4. Guaranteed Investment Contract

The Plan has a benefit-responsive group annuity contract with Standard. Standard maintains the deposits in an unallocated general fund to which it adds interest at the contract rate and charges participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Standard Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer on an annual basis, but it may not be less than 1%. A market value adjustment may apply to amounts withdrawn at the request of the contract holder. Such interest rates are reviewed semi-annually for resetting.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 4. Guaranteed Investment Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Neither Standard nor the Plan may terminate the group annuity contract without 30 days advance written notice to the other party. This guaranteed investment contract is frozen for new investment but is available for loans, withdrawals and distributions.

Note 5. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

Note 6. Related Party and Party in Interest Transactions

Transactions between the Plan, trustees, custodians, recordkeeper, and investment advisors qualify as party-in-interest transactions.

The Company is the Plan Sponsor and may pay certain expenses related to the Plan's operations.

Certain administrative functions are performed by the Plan administrator.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

ROC Service Company, LLC 401(k) Plan
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contribution portion of their account.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 9. Tax Status

Effective January 1, 2021, the Plan was amended and restated with the adoption of the Loren D Stark Company Pre-Approved Defined Contribution Plan. The "Cycle 3" restatement is an amendment and restatement to bring the Plan into compliance with the legislative and regulatory changes set forth in Internal Revenue Service ("IRS") Notice 2017-37 (i.e., the six-year pre-approved plan restatement cycle). Loren D Stark Company received a favorable opinion letter dated November 30, 2020 from the IRS stating that the form of the plan is acceptable under the Internal Revenue Code Section 401. No Plan provisions were modified as a result of the Cycle 3 restatement.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Excess Contributions Payable

For the years ended December 31, 2023 and 2022, amount payable to participants for contributions in excess of amounts allowed by the IRS totaled \$58,280 and \$55,980, respectively, and were recorded as a liability with a corresponding reduction to contributions. The Plan distributed these excess contributions to the applicable participants prior to March 15, 2024 and 2023, respectively.

Note 12. Subsequent Events

The Plan Administrator has evaluated subsequent events and transactions occurring after December 31, 2023, the statement of net assets available for benefits date, through September 23, 2024, the date the financial statements were available to be issued. Except for below, no other vents came to the attention of the Plan Administrator that would require adjustments to or disclosure in the financial statements.

Effective January 1, 2024, the Company will make safe harbor contributions for the 2024 Plan year. The Company will contribute an amount equal to the sum of 100% of the amount of the Participant's Elective Deferrals that do not exceed 3% of the Participant's Compensation, plus 50% of the amount of the Participant's Elective Deferrals that exceed 3% of the Participant's Compensation but do not exceed 5% of the Participant's Compensation.
