INDEPENDENT AUDITORS' REPORT

The Plan Sponsor and Participants
Vygon Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Vygon Corporation 401(k) Plan (formerly the Advanced Medical, Inc. 401(k) Plan) (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

The Plan Sponsor and Participants
Vygon Corporation 401(k) Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VYGON CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. Description of Plan

The following brief description of the Vygon Corporation 401(k) Plan (previously known as Advanced Medical, Inc. 401(k) Plan) (the Plan) presents only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established on April 1, 1995 for all eligible employees of Advanced Medical, Inc. and Churchill Medical Systems, Inc. (collectively, the Employers), and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Effective January 1, 2022, the Employers merged with their parent company, Vygon Corporation (the Plan Sponsor). There was no impact on the operations of the Plan during 2022. On March 7, 2023, the Plan was renamed Vygon Corporation 401(k) Plan to align with the reorganization of the Plan Sponsor. The Plan operates under Section 401(k) of the Internal Revenue Code (IRC).

Eligibility

Generally, all employees age 21 and over are eligible to enter the Plan on the first day of each quarter following a 60-day service requirement. Participants are eligible to receive matching contributions once they have completed 6 months of service.

Contributions

Participant Salary Deferral

Participants in the Plan may contribute to the Plan up to 90% of their annual compensation, as defined, not to exceed the maximum amount allowable under the IRC in any calendar year. Participants are also permitted to make Roth elective 401(k) contributions. Employees 50 years or older may elect to defer additional amounts (catch-up contributions, which are subject to Internal Revenue Service (IRS) limitations). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). In addition, the Plan has an automatic enrollment feature whereby participants who have not completed an enrollment or opt-out form are automatically enrolled into the Plan with a 6% deferral once they meet the eligibility requirements.

Employers' Matching

Every pay period, the Employers provide safe harbor matching contributions in an amount equal to 100% of the participants' deferrals up to 2% of compensation (as defined) plus 50% of the participants' deferrals that exceed 2% of compensation up to 5% of compensation.

Effective January 1, 2024, the Plan was amended to provide safe harbor matching contributions in an amount equal to 100% of the participants' deferrals up to 5% of compensation.

VYGON CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. **Description of Plan (Continued)**

Discretionary Contributions

The Employers may make a discretionary matching contribution equal to a uniform percentage of the participants' salary deferrals. There was no discretionary matching contribution in 2023 or 2022.

Vesting

Participants are immediately 100% vested in their own contributions plus actual earnings thereon. Vesting in the Employers' matching contribution and earnings thereon is based on a rate of 50% after one year of service and 100% after two years of service.

Forfeitures

A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of their account. Forfeitures may be first used to pay any administrative expenses and can also subsequently be used to reduce any employer contributions. Forfeitures used during 2023 and 2022 and available for future use were not material.

Participant Accounts

Individual participant accounts are credited with applicable contributions and related employer matching contributions and allocations of plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Benefit Payments

On termination of service due to death, disability or retirement, or attainment of age 59 ½ while still employed, a participant may elect to receive the value of the participant's vested interest in their account in either a lump-sum amount or partial withdrawals or installments. Plan provisions allow for involuntary distributions as follows: participants who are no longer employed by the Employers and who have a vested balance less than \$5,000 will receive a lump-sum payment, with balances between \$1,000 and \$5,000 being rolled into an Individual Retirement Account (IRA). Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

1. **Description of Plan (Continued)**

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at a reasonable rate based on the prevailing interest rates charged in the business of lending money for loans which would be made under similar circumstances at the date of the loan. Principal and interest are paid ratably through payroll deductions generally over a period not to exceed 5 years unless the loan is for the purchase of a primary residence in which case the term shall not exceed 30 years. Interest on loans outstanding as of December 31, 2023 ranged from 4.25% to 9.50% per annum, and the loans mature on various dates through January 2029.

Revenue Sharing Account

The Plan shares in investment related revenue, which Reliance Trust Company (Reliance), the trustee, receives from mutual funds or collective trusts attributable to the plan assets invested in such mutual funds and trusts. The Plan receives a credit for the revenue share on a monthly basis which is deposited into an ERISA Budget Account. The Plan Sponsor can use the funds in the account to pay for certain approved plan related expenses. During 2023, the total revenue share deposited into the ERISA Budget Account was \$16,731, all of which was applied to plan administrative expenses before December 31, 2023. During 2022, the total revenue share deposited into the ERISA Budget Account was \$14,631, all of which was applied to plan administrative expenses before December 31, 2022.

2. **Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Capital gain distributions are recorded in dividend income. Interest is included in income when earned, based on the terms of investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis. See note 3 for discussion of fair value measurements.

VYGON CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

2. **Significant Accounting Policies (Continued)**

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments that were both purchased and sold during the period as well as unrealized appreciation or depreciation of the investments held at year end.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded (deemed distribution).

Contributions

Contributions from employees are recorded during the period in which the Employers make payroll deductions. Employer matching contributions are recorded in the same period as the corresponding participant contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Sponsor.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through October 2, 2024, which is the date the financial statements were available to be issued.

3. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value fall into one of the three levels of the fair value hierarchy below and are defined as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

VYGON CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

3. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund – The units of the collective trust fund are valued using the net asset value practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund. The fund's investment objective is stability of principal and high current income. The common/collective trusts do not have any unfunded commitments relating to their investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

In accordance with Accounting Standards Update 2015-07, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Mutual funds	<u>\$5,115,581</u>	<u>\$ —</u>	<u>\$ —</u>	\$5,115,581

				<u>\$5,602,969</u>

3. Fair Value Measurements (Continued)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2022</u>				
Mutual funds	<u>\$4,537,628</u>	<u>\$ —</u>	<u>\$ —</u>	\$4,537,628
Investments valued using the NAV per share practical expedient ^(a)				<u>556,108</u>
				<u>\$5,093,736</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Financial Information Certified by the Plan Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2023 and 2022, and the net appreciation (depreciation) in fair value of investments, dividends and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan, to the best of their knowledge and belief. Accordingly, as permitted under 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 6, 2020, that the Plan and related trust were designed in accordance with the changes set forth in IRS notice 2017-37 and is a qualified plan under Section 401(a) of the IRC. The Plan Administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

VYGON CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

6. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in assets available for benefits.

7. **Plan Termination**

The Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. The Employers shall make no further contributions after the termination of the Plan. In the event of plan termination, amounts credited to the participants' accounts as of the date of termination will be fully vested.

8. **Party-in-Interest Transactions**

During 2023 and 2022, the Plan had agreements with ADP Retirement Services, Reliance, RSG Advisory and LPL Financial to provide recordkeeping, trustee, loan processing, and investment advisory services. Total fees paid by the Plan for these services were \$31,004 and \$27,136 for the years ended December 31, 2023 and 2022, respectively. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. In addition, loans to participants qualify as party-in-interest transactions.
