Independent Auditors' Report

To the Plan Administrator of the
Unex Corporation 401(k) Profit Sharing Plan and Trust
Mahwah, New Jersey

Scope and Nature of ERISA Section 102(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Unex Corporation 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Unex Corporation 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Unex Corporation 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about Unex Corporation 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted

in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Unex Corporation 401(k) Profit Sharing Plan and Trust 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude, whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unex Corporation 401(k) Profit Sharing Plan and Trust 's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year (Page 13) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respect, in conformity with the Department of Labor's rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan:

The following description of the Unex Corporation 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General - The Plan became effective on January 1, 2000, as a defined contribution plan sponsored by Unex Corporation. (the "Company" or the "Plan Sponsor"). The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - The Plan is administered by the Plan Sponsor. The Plan's assets were held by Ascensus Trust Company from January 1, 2022 through December 31, 2022 and are held by Ascensus, LLC from January 1, 2023 through December 31, 2023 (the "Trustees"), who are responsible for the custody and management of the Plan's assets.

Eligibility - Substantially all employees of the Company who have attained age twenty-one or older and have completed six months of service are eligible to participate in the Plan and receive discretionary matching contributions or discretionary profit-sharing contributions. Enrollment in the Plan occurs immediately upon satisfaction of the requirements.

Automatic Enrollment - Each employee who has satisfied the eligibility requirements is automatically enrolled and has an amount equal to 1% of their compensation automatically deferred on a pre-tax basis unless the employee affirmatively elects a different elective deferral contribution percentage (including a zero percent election). Unless an eligible employee affirmatively elects not to contribute or change their deferral rate, the pre-tax deferral will increase annually by 1% up to a maximum of 10%.

Contributions - Eligible employees may elect to contribute voluntarily through payroll deductions, subject to certain limitations. In 2023, eligible employees may elect to contribute up to 100% of their salary to a maximum of \$22,500 and employees over the age of 50 can elect to contribute an additional \$7,500. Participants may make elections to invest their account balances and contributions made during the year among various types of investment accounts. Based on the election of the participant, contributions to the Plan may be pre-tax or after-tax pursuant to Section 401(k) of the Internal Revenue Code (IRC).

The Company may make discretionary matching contributions based on eligible participants' compensation. The Company elected to make discretionary contributions equal to 50% of the participant's elective deferral, not to exceed 8% of compensation.

The Company may also make a discretionary profit-sharing contribution which will be allocated to participants using a pro-rata formula of a single participant's eligible compensation to all eligible participants' compensation. A participant will be eligible for the discretionary profit-sharing contribution if they are employed as of year-end and have completed at least 1,000 hours of service in the Plan year. The Company did not make any discretionary profit-sharing contributions to the Plan for the year ended December 31, 2023.

Participant Accounts - Each participant's account is credited with the participant's contribution, employer's discretionary match, if applicable, discretionary profit-sharing contribution, if applicable and an allocation of (i) Plan earnings and (ii) administrative expenses. Allocations are based on participant earnings and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**UNEX CORPORATION 401(k)
PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer discretionary matching and profit-sharing contribution is based on continuous service. A participant will vest in the employer discretionary match and profit-sharing contribution at a rate of 20% per year starting in year one and is fully vested after five years of service.

Forfeitures - Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be applied to reduce the employer's matching or profit-sharing contributions or also may be used to pay the Plan's administrative expenses. There were no forfeitures utilized to pay Plan administrative expenses or to reduce employer contributions during 2023. Unallocated forfeitures totaled \$156,522 and \$133,498 as of December 31, 2023 and 2022, respectively.

Payment of Benefits - On termination of service, the Plan provides for a participant to have the option to receive all or any portion of eligible rollover distribution either (i) paid directly to the participant in the form lump sum or installment payments or (ii) paid in a direct rollover to an individual retirement account or another employer plan. Amounts are not distributable except by reason of retirement, death, disability and separation from service, hardship or the attainment of age 59 1/2.

Money Market Fund - Money market fund includes highly liquid short-term investments purchased with maturities of three months or less.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions in net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Hardship Withdrawals - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, funeral expenses of a parent, spouse or dependent, payments to repair a principal residence that would qualify as a casualty loss deduction and such other circumstances as the Plan Administrator may determine based upon rules set forth in the Internal Revenue Service (IRS) regulations.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**UNEX CORPORATION 401(k)
PROFIT SHARING PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and benefit payment is recorded.

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments and loans are charged directly to the participant's account and are included in administrative expenses. Certain expenses incurred in connection with general administration and investment advisory services are allocated to participants pro-rata based on the ratio of the participant individual account balance to the total of all account balances are also included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties - Investment funds, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Concentration of Investment Risk - The Plan's investment in two funds comprises approximately 40% and 38% of total net assets available for benefits at December 31, 2023 and 2022, respectively.

Subsequent Events - The Plan Administrator has reviewed and evaluated all subsequent events and transactions from December 31, 2023, through October 3, 2024, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

Note 3 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements FASB ASC 820, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**UNEX CORPORATION 401(k)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds* - Valued at the closing price in the active market in which the fund is traded.
- *Money market fund* - Valued at the closing price of similar assets in the active market in which the similar assets are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value are as follows:

<i>Investments at Fair Value as of December 31, 2023</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
Mutual funds	\$ 20,529,261	\$ -	\$ -	\$ 20,529,261

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2023, and 2022 there were no significant transfers in or out of Levels 1, 2 or 3.

Note 4 - Party-in-Interest:

During 2023, certain Plan investment transactions were recorded by the Trustee. The Trustee provides administrative services related to benefit payments and investment advisory services and these transactions qualify as party-in-interest. Fees paid by the Plan to the Trustee for recordkeeping and administrative services totaled \$25,380.

Note 5 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' contributions remain fully vested and Company contributions, if any, become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 6 - Tax Status:

The Plan was written on an Internal Revenue Service (IRS) non-standardized pre-approved document, which obtained its latest opinion letter on June 30, 2020 in which the IRS stated that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 7 - Certified Investment Information:

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Trustee, Ascensus LLC, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- b) Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

**UNEX CORPORATION 401(k)

NOTES TO FINANCIAL STATEMENTS

- c) Investment information included in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023, as shown on the ERISA-required supplemental schedule of assets held (at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

Note 8 - Notes Receivable from Participants:

Participants may borrow between the minimum of \$1,000 up to the lesser of \$50,000 or 50% of their respective vested account balances and may only have one loan outstanding at a given time. The loans are secured by the balance in the participants' account and bear interest at the prevailing prime rate plus 1% on the origination date of the loan. Principal and interest is generally repayable through payroll deductions within five years, unless the loan provides funding for the purchase of the participant's principal residence in which case it is payable over twenty years.

Note 9 - Excess Contributions Payable:

The Statements of Net Assets Available for Benefits include a liability for excess contributions payable as of December 31, 2023 in the amount of \$37,416. This amount represents amounts due to certain active participants for the return of excess deferral contributions required to satisfy the relevant nondiscrimination provisions of the Plan. Subsequent to the Plan's year-end, the Plan distributed these excess contributions, including earnings. There were no excess contributions payable as of December 31, 2022.
