INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Green Hills Software 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Green Hills Software 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

1123 CHAPALA STREET • SANTA BARBARA, CA 93101 • TEL: (805) 963-7811 • FAX: (805) 564-2103 • WWW.BPW.COM

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The Form 5500 – schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the Green Hills Software 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Green Hills Software LLC (the Company), Integrity Security Services, LLC and Integrity Global Security LLC. Employees are eligible to participate in the Plan the month following their hire date if they are at least 21 years old and are not otherwise excluded based on Plan provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2022, the Plan was amended and restated to bring the Plan into compliance with the legislative and regulatory changes set forth in the IRS Notice 2017-37 which requires a 6-year pre-approved plan restatement cycle.

Contributions

Each year, participants may contribute up to 70% of annual compensation, as defined in the Plan document. These contributions are limited to a maximum, subject to IRS regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $7,500 for calendar year 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Company does not contribute to the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan or through a self-directed brokerage account.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Note 1 – Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of the lesser of (a) 50% of the participant's vested interest under the Plan, as determined on the date of the loan, or (b) $50,000 reduced by the highest outstanding loan balance during the prior twelve months. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at the prime rate plus one percent, as defined; interest rates range from 4.25% to 9.50%. Principal and interest is paid ratably through semi-monthly payroll deductions. There may be no more than two loans per person at any time. During 2020, the Plan implemented certain CARES Act provisions to allow deferral of loan payments until January 2021.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants with vested account balances less than $5,000 will be automatically distributed in accordance with provisions under the Internal Revenue Code (IRC) section 401(a)(31)(B) and EGTRRA section 657.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting and in accordance with ERISA.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor, Green Hills Software LLC. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act (ERISA). Accordingly, Bank of America, N.A., as Trustee of the Plan, has certified the below investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

	2023	2022
Cash and investments, at fair market value:		
Money market fund	$ 7,978,291	$ 7,456,197
Mutual funds	96,458,603	80,063,661
Self-directed accounts	3,807,011	2,695,417
Total cash and investments, at fair market value	108,243,905	90,215,275
Notes receivable from participants	161,634	186,775
Total certified assets	$ 108,405,539	$ 90,402,050

Bank of America, N.A. also certified to the completeness and accuracy of $11,632,662 of net appreciation in fair value of investments, $650,033 of other investment income and $3,948,948 of interest and dividend income related to the aforementioned investments, and $9,167 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4 – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* (FASB ASC 820), establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Note 4 – Fair Value Measurements (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts consist of common stocks, mutual funds, and cash equivalents that are valued on the basis of readily determinable market prices and of corporate bonds that are valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	December 31, 2023			
	Total Fair Value	Level 1	Level 2	Level 3
Money market fund	$ 7,978,291	$ 7,978,291	$ -	$ -
Mutual funds	96,458,603	96,458,603	-	-
Self-directed brokerage accounts	3,807,011	3,773,958	33,053	-
Total	$ 108,243,905	$ 108,210,852	$ 33,053	$ -

	December 31, 2022			
	Total Fair Value	Level 1	Level 2	Level 3
Money market fund	$ 7,456,197	$ 7,456,197	$ -	$ -
Mutual funds	80,063,661	80,063,661	-	-
Self-directed brokerage accounts	2,695,417	2,669,945	25,472	-
Total	$ 90,215,275	$ 90,189,803	$ 25,472	$ -

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2023, there were no significant transfers into or out of Levels 3.

Note 5 – Related Party Transactions and Party-in-Interest Transactions

Bank of America Merrill Lynch is the custodian and recordkeeper as defined by the Plan. Bank of America Merrill Lynch provides certain administrative services to the Plan and receives indirect revenue from mutual fund service providers. The Plan operates on a Service Based Pricing model where fees are collected from participants and categorized as investment related revenue to the Plan. These revenues offset fees owed to Bank of America Merrill Lynch. Any excess revenue is available to cover additional plan expenses or to be credited back to participants. The amount held by the Plan in connection the Service Based Pricing model at December 31, 2023 and 2022 was $116,657 and $10,361, respectively.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan has adopted a pre-approved plan sponsored by Bank of America Merrill Lynch Retirement Group. The pre-approved plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the plan's qualified status. The pre-approved plan's opinion letter has been relied upon by this Plan. The pre-approved plan has been amended since the date of the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 9 – Reconciliation to 5500

The following is a reconciliation of individual line items of the Statement of Changes in Net Assets Available for Benefits per the financial statements to the Form 5500 for the year ended December 31, 2023:

	2023
Other investment income per the financial statements	$ 650,033
Other income per the financial statements	103,395
Other income per 5500	$ 753,428

Note 10 – Subsequent Events

Subsequent events have been evaluated through September 23, 2024, the date that the financial statements were available to be issued**.**

Effective January 1, 2024, the Plan was amended to allow after-tax contributions.
