INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Quick Supply Company Employees' 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quick Supply Company Employees' 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1971 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Quick Supply Company Employees' 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Quick Supply Company Employees' 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quick Supply Company Employees' 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Quick Supply Company Employees' 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quick Supply Company Employees' 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets Held At End of Year - December 31, 2023, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QUICK SUPPLY COMPANY EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Quick Supply Company Employees' 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Quick Supply Company Employees' 401(k) Plan includes the employees of Hale Development Co., LLC, Hale Holdings, Inc., and the employees of the wholly owned subsidiaries of Hale Holdings, Inc., which are as follows:

- Quick Supply, Co.
- Hale Supply, Co. dba Bennett Explosives, Inc.
- A.S.P. Enterprises, Inc.
- Quick Colorado, Inc. dba Bowman Construction Supply, Inc.
- Quick Minnesota, Inc. dba Dole Explosives
- Quick Michigan, Inc. dba Quality Blasting Services
- Quick Oregon, Inc. dba Cascade Geosynthetics
- Quick Illinois, Inc.
- Quick North Carolina, Inc. dba Elite Blasing Services
- Hale Properties, LLC

Hale Development Co., LLC, Hale Holdings, Inc., and Hale Holdings, Inc.'s wholly-owned subsidiaries (the Company) are all businesses under common control.

General - The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and have completed 60 days of service, except those employees that are union employees covered under a collective bargaining agreement, certain nonresident aliens, leased employees, and part-time employees. Newly eligible employees may enter the Plan on the first day of the month after they become eligible. Employees that are acquired through an acquisition are allowed immediate entry into the Plan. Participants may increase their deferral percentage on the first day of each month and may decrease their deferral percentage at any time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management of the Company is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions - Each year, participants may contribute up to one hundred percent of their compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 50 percent of the first 6 percent of eligible wages that a participant contributes to the Plan. The Company also makes a safe harbor contribution to all eligible employees in the amount of 3 percent of eligible compensation. Additional discretionary contribution amounts may be contributed at the option of the Company's management. The Company made discretionary contributions to the Plan totaling \$67,449 and \$65,650 for the years ended December 31, 2023 and 2022, respectively. The employer match, safe harbor, and discretionary Company contributions are invested as directed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

QUICK SUPPLY COMPANY EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN - Continued

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of safe harbor and discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching contributions and discretionary contributions is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals or installments are only allowed for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. There were \$47,628 and \$-0- distributions that were requested, but not yet paid as of December 31, 2023 and 2022, respectively.

Forfeited Accounts - At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$27,097 and \$45,424, respectively. These accounts will be used to cover true up of safe harbor, employer contributions and discretionary contributions. During each of the years ended December 31, 2023 and 2022, employer contributions were reduced by \$68,613 and \$-0-, respectively, from forfeited nonvested accounts. For the years ended December 31, 2023 and 2022, \$-0- and \$13,386, respectively, were paid to previous participants who had incorrect vesting percentages applied to their distributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncement - Accounting Standards Update (ASU) 2016-13, *Financial Instruments - Credit Losses*, as amended, was required to be adopted by the Plan as of January 1, 2023. The standard impacts accounting and disclosure requirements for certain financial assets. The adoption of ASU 2016-13 did not have a significant impact on the Plan's financial statements.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Certified Information - Information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, net appreciation (depreciation) in fair value of investments, and dividend income for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

QUICK SUPPLY COMPANY EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, third-party administrator and the trustee. See Note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits - Benefits are recorded in the period in which they are requested regardless of if they have been paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through September 27, 2024, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology includes:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

QUICK SUPPLY COMPANY EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

- **Mutual Funds:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Security and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- **Collective investment trusts:** Collective investment trusts invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The collective investment trusts (CITs) are valued at the NAV of the CITs, which are not publicly quoted. NAV is used as a practical expedient to estimate fair value. In accordance with GAAP, investments measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.
- **Stable value fund:** The stable value fund, is stated at fair value, which is contract value, as the stable value collective trust fund's underlying investment contracts are fully benefit-responsive. Contract value of the stable value fund is the value at which participants ordinarily transact and is the sum of participant and Company contributions, plus accrued interest thereon less withdrawals. As a practical expedient, the fair value of participation units in the stable value fund is based upon the NAV of such fund as reported in the audited financial statements of the stable value fund. NAV is determined to be contract value, the value at which participants ordinarily transact. In accordance with GAAP, investments measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth the Plan's investments measured at fair value as of December 31:

	<u>2023</u>	<u>2022</u>
Mutual funds (Level 1)	\$ 7,122,452	\$ 5,251,483
Investments at net asset value	32,116,373	25,163,787
Investments at fair value	<u>\$ 39,238,825</u>	<u>\$ 30,415,270</u>

Fair Value of Investments that Calculate NAV - The table on the following page summarizes investments for which fair value is based on NAV per share as a practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE D - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Bank. Charles Schwab Bank is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. The Plan also engages an investment advisor, Moneta Group, for investment advisory services, and a third-party administrator, Retirement Plan Services, LLC, who was purchased by EPIC Retirement Plan Services in April 2018, for recordkeeping services. Transactions with all of these entities qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for administrative and advisory services were \$116,045 and \$115,574 for the years ended December 31, 2023 and 2022, respectively.

Charles Schwab Bank provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Charles Schwab Bank. Charles Schwab Bank receives revenue from mutual fund service providers for services Charles Schwab Bank provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab Bank for its administrative services to the Plan.

If the revenue received by Charles Schwab Bank from such mutual fund service providers exceeds the amount owed under the MSA, Charles Schwab Bank remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay the Plan administrative expenses or allocated to the accounts of the participants. During 2023 and 2022, there was \$2,425 and \$2,958 of excess amounts received, respectively, and such was allocated to participants' accounts. The Plan or the Company may make a payment to Charles Schwab Bank for administrative expenses not covered by revenue sharing.

QUICK SUPPLY COMPANY EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE F - TAX STATUS

The Plan has adopted a non-standardized form of a pre-approved defined contribution plan sponsored by EPIC Advisors, Inc. The pre-approved defined contribution plan has received an opinion letter from the IRS, dated June 30, 2020, as to the pre-approved defined contribution plan's qualified status under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and that related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - AMOUNTS OWED TO FORMER PARTICIPANTS

At December 31, 2023 and 2022, \$11,415 and \$21,108, respectively, was due to participants who had withdrawn from the Plan.

NOTE I - PLAN AMENDMENTS

The Plan has been operationally amended for the Setting Every Community Up for Retirement Enhancement Act (SECURE Act). The formal amendments will be completed by the end of the 2025 Plan year. The SECURE Act allows employees who work at least 500 hours in three consecutive years, considered as long-time part-time employees or LTPT, eligibility status to participate in the Plan; however, employer contributions for such employees are not required. These employees may be eligible to enter in Plan year 2024. In addition, effective January 1, 2021 the SECURE Act increases the required minimum distribution age to 72 and will allow qualified birth and adoption withdrawals.

QUICK SUPPLY COMPANY EMPLOYEES' 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE I - PLAN AMENDMENTS - Continued

On December 29, 2022, the SECURE Act 2.0 was enacted into law. As of September 27, 2024, no formal amendments have been adopted by the Plan. The Plan is required to formally amend the Plan Document by December 31, 2026, but must operate within the provisions within the effective date of each new provision. Effective January 1, 2023, the SECURE Act 2.0 increased the required minimum distribution age to 73. For the 2025 plan year and forward, LTPT employees who have two consecutive years with greater than 500 hours and less than 1,000 hours in each year (2023 - 2024 plan years) and are at least age 21 are eligible to make deferral contributions to the Plan beginning on January 1, 2025. Plans may exclude LTPT employees from eligibility for employer contributions.

On October 12, 2022, amendment number one to the adoption agreement was executed with an effective date of March 31, 2021. Amendment number one allows employees of an employer acquired as part of a Code §410(b)(6)(C) transaction to become an eligible employee as of the date of the transaction.

Effective January 1, 2023, the Plan was restated to include all amendments to the previous adoption agreement and various entities acquired by the Plan Sponsor as related employers.
