Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Minuteman International, Inc. Employee Savings and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Minuteman International, Inc. Employee Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Minuteman International, Inc. Employee Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Minuteman International, Inc. Employee Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MINUTEMAN INTERNATIONAL, INC.
EMPLOYEE SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Minuteman International, Inc. Employee Savings and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all domestic employees of Minuteman International, Inc. (the Company). Other wholly owned subsidiaries of Minuteman International, Inc. may elect to participate in the Plan if approved by resolution of each subsidiary's Board of Directors. Employees are eligible to participate in the Plan immediately following attainment of age 18. An eligible employee may become a Plan participant on the first day of each month following completion of such requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 7% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. The rate is set to increase by 1% annually, not to exceed 12% of eligible compensation. Automatically enrolled participants may elect to increase or decrease percentages and may elect to stop the auto increase as defined by the Plan document.

The Plan is administered by an Administrative Committee (the Committee) that serves at the discretion of the Company's Board of Directors. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's trustee, and maintaining participant accounts.

Contributions - Each year, participants generally may contribute a minimum of 1% up to 100% of their pre-tax annual compensation, subject to Internal Revenue Code (IRC) limitations, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows participants to designate all or a portion of their accounts as Roth contributions to the Plan on an after-tax basis and allows rollovers of designated Roth contributions into the Plan.

The Plan provides for discretionary Company matching contributions for participants who have completed at least three months of service, as defined in the Plan document. For the year ended December 31, 2023, the Company matched 25% of the first \$1,600 of compensation that a participant contributes to the Plan (annual maximum of \$400 per participant).

Additional discretionary non-elective amounts may be contributed at the option of the Company to participants who have completed at least three months of service during the Plan year.

MINUTEMAN INTERNATIONAL, INC.
EMPLOYEE SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Participants must have also worked a minimum of 1,000 hours during the Plan year and be employed on the last day of the Plan year. The Company did not elect to make any such additional discretionary non-elective contributions to the Plan for the year ended December 31, 2023.

Participants may direct all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on the following:

Vesting Service (Years)	Vesting (%)
Less than 2	-
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Participant Accounts - Each participant's account is credited with the participant's contributions and any discretionary Company matching contributions, as well as allocations of (a) any additional discretionary non-elective contributions, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or ten years for loans used for the purchase of a primary residence.

Payment of Benefits – Upon termination of service due to retirement, death, permanent disability, separation from service, or attainment of age 59½, a participant may elect to receive the value of their vested interest in his or her account in the form of a lump-sum amount, partial payments, installment payments, or a rollover to another entity. If the participant's vested interest in the Plan is less than \$5,000, a mandatory lump-sum distribution may be made to the participant.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Forfeited Accounts - At December 31, 2023 and 2022, there were unused forfeitures of \$10,240 and \$3,524, respectively. Forfeitures of non-vested Company contributions may be used first to pay administrative expenses of the Plan, and any remaining forfeitures may then be used to reduce future Company contributions. For the year ended December 31, 2023, \$31 was used to pay for administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of the financial statements in conformity with U.S. GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Payment of Benefits – Benefits are recorded when paid.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Plan and are allocated to participant accounts. Any expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative

MINUTEMAN INTERNATIONAL, INC.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

expenses. Investment-related expenses are included in net depreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events occurring through September 25, 2024, the date the financial statements were available to be issued. No material subsequent events have occurred through that date that required recognition in the financial statements.

3. PARTIES-IN-INTEREST

Certain Plan investments are managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. Employees are not paid by the Plan for their services. Notes receivable from participants are also considered party-in-interest transactions as such participants are employed by the Company. These party-in-interest transactions are exempt from the prohibited rules under ERISA.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. INVESTMENTS

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

6. FAIR VALUE MEASUREMENTS

The Plan follows U.S. GAAP associated with fair value measurements and disclosure. U.S. GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the

MINUTEMAN INTERNATIONAL, INC.
EMPLOYEE SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - quoted prices in active markets for identical assets or liabilities;

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies – These assets are valued at the daily closing prices, as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common/Collective Trust – These assets are valued using the NAV provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets held by the fund, less its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments that are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MINUTEMAN INTERNATIONAL, INC.
EMPLOYEE SAVINGS AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Registered investment companies	<u>\$ 9,178,677</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 9,178,677
Common/collective trust (a)				<u>880,391</u>
				<u>\$ 10,059,068</u>
	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Registered investment companies	<u>\$ 8,770,353</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 8,770,353
Common/collective trust (a)				<u>1,356,494</u>
				<u>\$ 10,126,847</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments in the common/collective trust can be redeemed immediately at the participant level. The Plan is required to provide a 12-month notice to the fund in order to terminate their entire investment interest at the current NAV per share based on the fair value of the underlying assets. If the Plan offers a “competing fund,” participants are required to invest in a “noncompeting fund” for at least 90 days before transferring into the “competing fund” option.

7. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2023 and 2022. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.

Net assets available for benefits per Form 5500	<u>\$ 10,063,618</u>	<u>\$ 10,080,699</u>

The following is reconciliation of the change in net assets available for benefits for the year ended December 31, 2023 per the financial statements to the Form 5500:

Net decrease in net assets available for benefits, per the financial statements	\$ (56,864)
Adjustment to common/collective trust as reported per 5500	<u>39,783</u>
Total net income per Form 5500	<u>\$ (17,081)</u>

9. TAX STATUS

The Plan adopted a volume-submitter plan from Fidelity Management & Research Company, which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020 stating that the volume-submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
