North Country Health System, Inc. Contributory Tax
Sheltered Retirement Plan
Newport, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

General

The following description of North Country Health System, Inc. Contributory Tax Sheltered Retirement Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by North Country Health System, Inc. (Health System) for the benefit of all employees beginning on their date of hire. A related employer who also participates in the Plan is North Country Health Services, Inc. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company is the trustee of the Plan. Transamerica Financial Life Insurance Company (TFLIC) and Transamerica Life Insurance Company (Transamerica) are custodians of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Health System make annual contributions which may be no more than the legal limits. These contributions are made on a pretax basis subject to the rules contained in the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. The Health System makes matching contributions of 50% of employees' salary deferral amounts up to 5.0% of employees' compensation deferred not to exceed 2.5% of compensation. The Health System may also make a discretionary base contribution for employees who are over the age of 21 with more than two years of service. These contributions correlate to the number of years of service an employee has contributed. During 2023 and 2022, the Health System made discretionary base contributions of \$989,332 and \$981,417, respectively.

The Plan has an automatic deferral feature whereby all employees hired on or after January 1, 2010, will be automatically enrolled with a default elective deferral percentage of 1%, unless the participant made an affirmative election otherwise. Effective January 1, 2020, the default elective deferral percentage was increased to 5%. The Plan includes an automatic escalation of participants' deferral percentages by 1 percent each year up to a maximum of 10%.

The Plan permits participants to make Roth 403(b) deferrals to the Plan and allows direct rollovers from other qualified Roth contribution programs described in Code Section 402A. Contributions are subject to certain Internal Revenue Code limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily. Participants also have the option to individually direct their investments as they choose within a separate account.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Health System's contribution, and plan earnings, and is charged with administrative expenses as defined by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributory Tax Sheltered Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, employer matching contributions, and employer base contributions plus earnings thereon.

Notes Receivable from Participants

The Plan includes provisions authorizing loans from the Plan to eligible participants. Loans are made to any eligible participant. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) and payments are made quarterly by the participant directly to Transamerica unless the participant is paying the loan in full. The interest rate on the loans is based on prevailing rates as determined by the loan administrator.

Payment of Benefits

Upon termination of service, vested participants with account balances that do not exceed \$1,000 will receive a lump-sum distribution. Vested participants with account balances exceeding \$1,000 but not exceeding \$5,000 will have their balance directly rolled over to an individual retirement account as designated by the plan administrator, absent an election by the participant. Participants with account balances exceeding \$5,000 may elect to receive a lump-sum distribution equal to their vested value. Withdrawals for reasons other than terminations are permitted under circumstances provided by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The Schwab Personal Choice Retirement Account (PCRA) holds investments which are not standard options of the Plan as directed by participants. Mutual funds and the money market mutual funds held in the PCRA account are valued at NAV of shares held at year-end.

North Country Health System, Inc.
Contributory Tax Sheltered Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Administrative expenses may be paid by the Health System or the Plan, at the Health System's discretion.

The Plan has a nonallocated expense budget account held in a TFLIC stable general account. The purpose of this account is to pay necessary and reasonable plan expenses in accordance with the Department of Labor's guidance. The Health System is responsible for determining what expenses the third-party administrator will reimburse from the account. All funds utilized from this account are treated as administrative expenses on the statements of changes in net assets available for benefits. During 2023 and 2022, additions to the account were \$89,055 and \$86,852, respectively. The expense budget account funds utilized during 2023 and 2022 to pay administrative expenses totaled \$58,746 and \$69,663, respectively. The account's balance at December 31, 2023 and 2022, was \$144,764 and \$114,455, respectively.

Note 3. Certification of Plan Custodian and Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, TFLIC, and Transamerica, qualifying institutions, have certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest income from notes receivable from participants included in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year-end) as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of guaranteed investment accounts and a general account managed by TFLIC or Transamerica which are custodians as defined by the plan agreement. Therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$63,280 and \$68,540 of record keeping fees to Transamerica Retirement Solutions, LLC during 2023 and 2022, respectively.

In addition, the Health System provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

	<u>\$ 50,037,766</u>	<u>\$ 50,037,766</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments include mutual funds and the Schwab Personal Choice Retirement Account. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6. Investment Contract with Insurance Company

Stable General Account

The Plan is invested in an investment contract with TFLIC, in which advance employer contributions to the Plan as well as additions into the employer expense budget account are credited to an unallocated fund established under a group annuity contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

North Country Health System, Inc.
Contributory Tax Sheltered Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The contract value of the Stable General Account at December 31, 2023 and 2022, was \$155,666 and \$125,249, respectively.

Guaranteed Investment Option

The Plan is invested in a benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00 percent. Such interest rates are reviewed on an annual basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Written notice must be provided before the contract will be suspended. Such events include the following: (1) contributions do not comply with the requirements of Section 403(b) of the Code or of ERISA; (2) contributions required by the contract have not been received by Transamerica; (3) plan assets no longer are in trust with Transamerica; (4) Transamerica will no longer be providing record-keeping and administrative services to the Plan; (5) Transamerica determines that it can no longer continue to provide benefits under the contract due to changes to the Plan; Transamerica and (6) a violation of any provision of the contract. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The contract value of the Transamerica Guaranteed Investment Option at December 31, 2023 and 2022, is \$5,105,516 and \$6,264,671, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Plan Termination

Although it has not expressed an intention to do so, the Health System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 10. Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer.

While the Health System remitted all employee contributions to the Plan, contributions of \$94,161 were not remitted within the required time period for the year ended December 31, 2022. For the year ended December 31, 2023, the Plan had no new reportable delinquent remittances. Related lost earnings have not been calculated and remitted to the Plan for these late remittances as of December 31, 2023.

Note 11. Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan operates under a volume submitter plan document sponsored by Transamerica Retirement Solutions LLC. This document has been filed with the appropriate agency and obtained an advisory letter from the IRS stating that the volume submitter satisfies the requirements under Section 403(b) of the Internal Revenue Code. The Plan has not requested or obtained a determination letter, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

Note 12. Subsequent Events

Subsequent events have been evaluated through September 24, 2024, which is the date the financial statements were available to be issued.
