INDEPENDENT AUDITOR'S REPORT

To the Trustees of PLA 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PLA 401(K) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of PLA 401(K) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of, and for the years ending December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.
- Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PLA 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PLA 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets Held for Investment Purposes, as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PLA 401(K) PLAN
NOTES TO FINANCIAL STATEMENT
For the Years Ended December 31, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the PLA 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision. As of January 1, 2019, the Plan Sponsor changed from Valley Pallet to PLA Buyer. Valley Pallet was acquired by PLA Buyer in 2018 and elected to take over the Plan Sponsor role.

General - Plan and Trust are a defined contribution plan adopted January 1, 2000 that covers substantially all employees of participating employers who are at least twenty-one years of age and have ninety days of service with the Company. The Plan sponsor is PLA Buyer, LLC, participating employers, who are covered by the provisions of the Plan are:

Innovative Pallet Management, LLC
Pal-Serv of Dallas, LLC
Pal-Serv of Oklahoma City, LLC
Pal-Serv of Little Rock, LLC
Pal-Serv of Charlotte, LLC
Pallet Logistics of America, LLC
Taylormade Pallets & Logistics, LLC
Valley Pallet, Inc.
Valley Pallet Trucking, Inc.
Willamette Valley Lumber, LLC
Yancey Pallet, Inc
Yancey LLC

The Plan and Trust are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA)

Contributions - Eligible participants may contribute, by voluntary payroll deductions, up to the maximum allowed by sections 404, 415, 402(g) and 401(k) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company has adopted safe-harbor provisions and made a matching contribution to all non-highly compensated participants equal to 100% of the participant's elective deferrals that do not exceed 4% of the participant's compensation.

Participant Accounts - Each participant's account is credited or debited with an allocation of (a) the participant's contributions, (b) the Company's contribution, and (c) the Plan's net earnings. Allocations are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and employer matching contributions plus actual earnings.

Notes Receivable from Participants - Participants may apply to borrow from the Plan a minimum amount of \$1,000 and a maximum equal to the lesser of \$50,000, or, 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed.

1. DESCRIPTION OF PLAN, continued

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local economic conditions and rates being charged by local financial institutions for similar loans, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service for any reason, the vested interest of a participant's account is generally distributed in a single lump-sum payment.

Participant Investment Options - Participants are allowed to invest in a variety of investment choices as provided by Voya Retirement Insurance and Annuity Company. Participants may change their allocation on a daily basis.

Forfeitures - For each of the years ended December 31, 2023 and 2022, forfeited nonvested accounts used to pay Plan expenses totaled \$0.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. The plan initiated an Expense Account for Service Expenditures (EASE) in 2021. The account is funded by the participants on a monthly basis. EASE funds may be utilized for eligible plan expenses incurred in the plan year by March 31 following the plan year end. Any unused balance in the EASE account will be allocated to the plan participants after March 31. The balance was \$3,551 and \$3,552 at December 31, 2023 and 2022, respectively. For the years ended December 31, 2023 and 2022, \$16,393 and \$9,700 was utilized for the Plan's audit and other expenses, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting which is in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Pooled separate accounts, maintained by Voya in select mutual funds, are valued on a net unit value basis as determined by Voya on the last business day of the Plan year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Company has evaluated subsequent events through October 3, 2024, which is the date that the financial statements were available to be issued.

Subsequent to December 31, 2023 the Plan's assets have been transferred from Voya Retirement Insurance and Annuity Company to The Principal Financial Services Inc.

3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya Retirement Insurance and Annuity Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

3. CERTIFIED INFORMATION, continued

The following table presents the fair value of the investments in the Plan that were certified by Voya Retirement Insurance and Annuity Company as of December 31, 2023 and 2022.

	<u>2023</u>	<u>2022</u>
Pooled Separate Accounts	\$ 7,234,699	\$ 4,964,377

Notes receivable from participants	<u>213,894</u>	<u>207,722</u>
Total Assets Certified	<u>\$ 7,770,476</u>	<u>\$ 5,678,729</u>

Voya Retirement Insurance and Annuity Company certified to the completeness and accuracy of \$900,030 and \$(933,580) of net appreciation (depreciation) in fair value of investments, \$23,886 and \$17,953 of interest and dividends on investments and \$18,287 and \$9,015 of interest related to the aforementioned notes receivable from participants for the years ended December 31, 2023 and 2022, respectively.

4. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: These accounts, maintained by Voya in select mutual funds, are valued on a net unit value basis as determined by Voya on the last business day of the Plan year. The fair values of these investments are determined by reference to the respective fund's underlying assets, with Voya specifying the source(s) to use for underlying investment asset prices. The investments underlying the Plan's pooled separate accounts primarily include domestic and international equities and domestic fixed income securities. A portion of the pooled separate accounts is not quoted on any market; however, the unit price is based on the underlying investments which are traded in an active market and are classified as Level 2.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ _____ -	\$ <u>7,234,699</u>	\$ _____ -	\$ <u>7,234,699</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ _____ -	\$ <u>4,964,377</u>	\$ _____ -	\$ <u>4,964,377</u>

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

PLA 401(K) PLAN
NOTES TO FINANCIAL STATEMENT, Continued
For the Years Ended December 31, 2023 and 2022

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY, continued

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting interest rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include: (a) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code; (b) premature termination of the contract; (c) Plan termination or merger; (d) changes to the Plan's prohibition on competing investment options; and (e) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. Amounts paid by the Plan to service providers during the years ended December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Voya (Custodian)	\$ 3,100	\$ 3,023
Quintes Administrative & Insurance Services, Inc. (TPA)	3,461	3,251
Morningstar (Investment Adviser)	13,205	10,445
Cuttone & Mastro (Auditor)	6,012	9,700
PLA Prudent Buyer (401K Notices to participants)	10,381	-

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee received compensation from the Plan.

In addition, certain participant contributions totaling \$2,600 and \$324 were not deposited timely by the Company for the years ending December 31, 2023 and 2022, respectively. Delinquent deposits of participant contributions are considered prohibited transactions.

7. NOTES RECEIVABLE FROM PARTICIPANTS

The notes receivable from participants are repaid each pay period over a period of 1 to 5 years at an interest rate of 5.25-10.50% per annum. The notes are secured by the balance in the participant's account.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right under the plan document to terminate this plan subject to the provisions of ERISA. In the event of termination, each participant, retired participant, former participant and beneficiary shall be entitled to receive any amount credited to that person's account.

9. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Administrator that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. RECONCILIATION OF THE 5500 TO FINANCIAL STATEMENTS

There were no differences between the information in the separate financial statements and the assets, liabilities, income, expenses, and change in net assets reported in Schedule H of Form 5500.
