To The Administrative Committee and Plan Participants of the
Jackson Group Peterbilt, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jackson Group Peterbilt, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jackson Group Peterbilt, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to in the first paragraph of this report related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jackson Group Peterbilt, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jackson Group Peterbilt, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jackson Group Peterbilt, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jackson Group Peterbilt, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplementary Schedules Required by ERISA

The supplementary schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 – Plan Description

The following brief description of the Jackson Group Peterbilt, Inc. (the Company) 401(k) Retirement Plan (the Plan), formerly known as Peterbilt of Utah 401(k) Retirement Plan, is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) salary reduction and profit-sharing plan covering all employees of the Company who have reached age 18 or older and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan. The Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions – Each year, participants may elect to contribute up to the maximum amount of compensation allowed by Code Sections 402(g) and 414(v) not to exceed the limits of Code Sections 401(k), 404, and 415 (for 2023 the limit is \$22,500). This amount is indexed periodically for changes in the cost-of-living index. This limit applies to all employee 401(k) contributions made during a tax year to any 401(k) plans maintained by a present or former employer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$7,500 for 2023. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time. The Plan currently offers a variety of registered investments and annuities as investment options for participants. Effective October 1, 2016, the Plan includes an automatic deferral provision. Participants subject to the automatic deferral provision defer 5% of compensation for each payroll period with an automatic escalation of the deferral percentage of 1% of compensation per year (on the first day of each Plan year) up to a maximum of 8% of compensation.

During 2023, the Company made discretionary matching contributions on a quarterly basis. For each quarter of 2023, matching contributions were allocated to active non-highly compensated participant accounts at the lesser of 50% of the employee's contribution into the Plan during the quarter, up to 2% of compensation, or \$1,000.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Jackson Group Peterbilt, Inc. 401(k) Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 1 – Plan Description (Continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant begins to vest at 25% per year beginning after the first year of service (defined as 1,000 actual hours of service) and is fully vested after four years of service.

Forfeited Accounts – If employment terminates prior to a participant account being fully vested, the non-vested portion becomes a forfeiture. Forfeited accounts may be used to offset employer contributions or administrative expenses. Forfeited non-vested accounts total \$64,663 and \$47,963 as of December 31, 2023 and 2022, respectively. During 2023, \$16,083 of non-vested funds were forfeited and \$1,304 were used for administrative expenses.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance, reduced by any outstanding loan balance, or \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made over any current outstanding loan balance. An individual participant may only have two loans outstanding at a time. The notes are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. The interest rates range from 4.25% to 9.50% as of December 31, 2023. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits and Withdrawals – On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum equal to the value of the participant's vested interest in his or her account. Partial withdrawals or installments are permitted by the Plan for required minimum distributions under Code Section 401(a)(9). The Plan permits hardship withdrawals for participants meeting the specific criteria to be eligible for such a withdrawal. In-service distributions from vested balances may be made to a participant who is age 59 1/2 or older and has not separated from service.

Note 2 – Summary of Significant Accounting Policies

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

Contributions Receivable and Allowance for Credit Losses – Contributions receivable consists of contributions from participants and/or the plan sponsor that have not yet been remitted to the Plan. In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments ("ASU 2016-13" or "ASC 326"). ASU 2016-13 revises the accounting requirements related to the measurement of credit losses and requires plans to measure all expected credit losses for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts about collectability. Assets must be presented in the financial statements at the net amount expected to be collected.

On January 1, 2023, the Plan adopted the new accounting standard and all of the related amendments using the modified retrospective method. The impact of the adoption was not considered material to the financial statements and primarily resulted in new or enhanced disclosures only.

The allowance estimate is derived from a review of the Plan's historical losses based on the age of receivables and the type of receivable. This estimate is adjusted for the trustee's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Plan. The Plan believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses. Actual credit losses could differ from the estimate. As of December 31, 2023 and 2022, the Plan has recorded no allowance for credit losses as it is not considered material to the financial statements.

Notes Receivable from Participants – The notes are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the plan administrator considers the participant note receivable to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and trust company. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized gains and losses from security transactions are recorded on the average cost method. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Jackson Group Peterbilt, Inc. 401(k) Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. During the year ended December 31, 2023, administrative costs paid directly by the Company for the Plan totaled \$42,916. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Subsequent Events

Management evaluated events for the Plan through September 27, 2024, the date the financial statements were available to be issued.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

If the Plan terminates, benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC). Under the law, PBGC insurance does not cover the type of plans called defined contribution plans. This Plan is a defined contribution plan and, therefore, is not covered.

Note 5 – Tax Status

The Plan uses a prototype plan sponsored by National Benefit Services, LLC which received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

If the Plan has uncertain tax positions, they are evaluated by management and a loss contingency is recognized when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimate and management judgment and the amount ultimately sustained for an uncertain tax position could differ from the amount recognized. As of September 27, 2024, management did not identify any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, three tax years remain subject to examination by tax jurisdictions.

Note 6 – Information Prepared and Certified By Custodians

The following information included in the accompanying financial statements and supplementary schedules was obtained from data that has been prepared and was certified as complete and accurate by Nationwide Trust Company and Nationwide Life Insurance Company as the custodians of plan assets.

Note 7 – Fair Value Measurements

The Plan's investments in registered investment companies and annuity portfolios are reported at fair value in the accompanying statements of net assets available for benefits.

FASB Accounting Standards Codification 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Jackson Group Peterbilt, Inc. 401(k) Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 7 – Fair Value Measurements (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies – Registered investment companies consist of open-ended mutual funds that are registered with the SEC. These are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Annuity Portfolios – Annuity portfolios consist of investment contracts held with insurance companies. Within each investment contract are investment divisions, separate accounts to which underlying mutual fund shares are allocated and for which accumulation units are separately maintained. Annuity portfolios are valued at the NAV of the shares held by the Plan at year-end. The NAV, as provided by the custodians, is used as a practical expedient to estimate the fair value. The NAV is based on the value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Investments that are measured using the NAV per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2023 and 2022.

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2023</u>				
Registered Investment Companies	\$ 21,794,368	\$ 21,794,368	\$ -	\$ -

Jackson Group Peterbilt, Inc. 401(k) Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 7 – Fair Value Measurements (Continued)

The following table sets forth the disclosure for the fair value measurement of investments that calculate NAV per share as of December 31, 2023 and 2022:

	Fair Value December 31, 2023	Fair Value December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Annuity Portfolios	\$ 1,355,362	\$ 1,196,297	\$ -	Daily	Daily

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2023 are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

Note 8 – Related Party and Exempt Party-in-Interest Transactions

Plan investments totaling \$92,027 and \$23,102 as of December 31, 2023 and 2022, respectively, are held in trust with Nationwide Trust Company and Nationwide Life Insurance Company, which provide management and recordkeeping services for this contract. Nationwide Trust Company and Nationwide Life Insurance Company are the custodians of plan assets, as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for Nationwide's services totaled \$56,651 for the year ended December 31, 2023. As described in Note 2, the Company pays directly any other fees related to the Plan's operations.

Party-in-interest balances also include notes receivable from participants of \$458,539 and \$354,337 as of December 31, 2023 and 2022, respectively, and are considered exempt party-in-interest transactions.

Note 9 – Investment Contracts with Insurance Company

Guaranteed Investment Contract

The Plan entered into a fully benefit-responsive guaranteed investment contract with Nationwide Life Insurance Company under which the Plan deposits a minimum amount necessary to meet ERISA requirements. Nationwide maintains the contributions in an unallocated fund, which is credited with interest at a rate agreed to at the beginning of the Plan year, and charged for withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is 2.32% and 2.12% for the years ended December 31, 2023 and 2022, respectively.

Jackson Group Peterbilt, Inc. 401(k) Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2023 and 2022

Note 9 – Investment Contracts with Insurance Company (Continued)

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 – Nonexempt Party-in-Interest Transactions

During the year ended December 31, 2023, the Company remitted participant contributions of \$1,698,902 and loan repayments of \$54,404 to the custodians of plan assets later than required by Department of Labor (DOL) Regulation 2510.3-102. The amounts have not been corrected as of December 31, 2023.

During the year ended December 31, 2022, the Company remitted participant contributions of \$254,713 and loan repayments of \$8,194 to the custodians of plan assets later than required by Department of Labor (DOL) Regulation 2510.3-102 and the amounts are pending correction outside VFCP using methodology as of December 31, 2023.
