INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
KDV Label, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of KDV Label, LLC Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplementary information, which comprise the schedule of assets (held at end of year) as of December 31, 2023 and schedule of delinquent participant contributions for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - KDV Label, LLC Retirement Plan, ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2023 through September 19, 2024, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - KDV Label, LLC, is the plan sponsor, employer and the plan administrator. KDV Label - Loveland is a participating employer. Effective January 1, 2024, Selection Label and Printing, LLC became a participating employer. Johnson Bank is the trustee that has custody of plan assets, third party administrator that maintains participant records, tax counsel that performs various compliance tests, and the plan's investment advisor. Johnson Bank engages Mid Atlantic Trust Company as a sub-custodian for the plan to hold and safeguard the plan's investment assets. American Trust Retirement is used by Johnson Bank as a sub-service provider for the plan's recordkeeping.

Investments - The plan administrator determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	$16,431,665	$ -	$ -	$16,431,665
Total investments at fair value	$16,431,665	$ -	$ -	$16,431,665

Investments at fair value as of December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	$14,844,018	$ -	$ -	$14,844,018
Total investments at fair value	$14,844,018	$ -	$ -	$14,844,018

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on October 1, 1987, as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed 500 hours of service and have reached age 19. An employee can enter the plan on January 1 or July 1, after meeting the eligibility requirements. Effective July 1, 2023, employees are eligible once they have completed two months of service and have reached age 18, at which time they can enter the plan the month following becoming eligible. For purposes of profit-sharing contributions, an employee must have completed 1,000 hours of service in that plan year and generally must be employed on the last day of the year in which the contribution relates.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also permits Roth elective deferral contributions. Effective January 1, 2024, new employees are automatically enrolled in the plan and have 3% of compensation withheld as elective deferral contributions.

b. Employee rollover contributions are accepted by the plan from other qualified plans.

c. Employer matching contributions may be made at the employer's discretion. The discretionary percentage was 50% of the first 6% of employee compensation contributed to the plan as elective deferral contributions in 2023 and 2022, funded to coincide with the employer's payroll.

d. Profit sharing contributions may be made at the employer's discretion. Separate profit sharing contributions are approved by each employer and allocated to eligible participants of each employer. The contributions are allocated following a permitted disparity schedule that is two-tiered, with a higher profit sharing percentage to eligible wages above a threshold as defined in the plan agreement (social security integration).

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions and rollover contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options daily, change their deferral percentage quarterly or suspend their deferral election at any time.

Vesting - Participants are always 100% vested in their elective deferral contributions and rollover contributions, and related earnings. Participants begin vesting in employer discretionary profit sharing and matching contributions, and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement, participants become 100% vested. Effective July 1, 2023, participants are immediately 100% vested in employer discretionary matching contributions and begin vesting in employer discretionary profit sharing contributions upon one year of service, at which time they are 20% vested and subsequently vest at a rate of 20% per year thereafter.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Participants may receive their distribution in the form of a single lump sum, partial payments or installment payments. In-service withdrawals can commence upon attaining the age of 59½. Hardship withdrawals are permitted under certain circumstances.

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan fees and nonparticipant directed charges for services and administrative fees. The nonparticipant directed charges are allocated to participants on an account value basis.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. Forfeitures used were $15,000 in 2023 and $2,000 in 2022. Unapplied forfeitures were $1,000 and $4,000 as of December 31, 2023 and 2022.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or $50,000. Participants may only have one loan outstanding at any given time. The repayment term generally cannot exceed 5 years, except when the loan is for the purchase of a principal residence. As of December 31, 2023, the notes receivable from participants had various repayment schedules through January 2028 with interest rates ranging from 6.50% to 8.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair values.

3. PARTY-IN-INTEREST TRANSACTIONS

Johnson Bank is the custodian of plan assets, the trustee and investment agent for the plan and, therefore, these transactions qualify as party-in-interest transactions. The plan has an administrative services agreement with Johnson Bank in which Johnson Bank provides certain administrative services to the plan. Johnson Bank receives revenue from the mutual fund service providers for services Johnson Bank provides to the funds. This revenue is used to offset certain amounts owed to Johnson Bank for its administrative services to the plan. The plan pays Johnson Bank for certain other service fees that are not covered by the revenue sharing provisions per the administrative services agreement. Direct fees paid by the plan to Johnson Bank were $50,000 in 2023 and $49,000 in 2022. Notes receivable from participants also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in any employer discretionary contributions and related earnings.

5. INCOME TAX STATUS

The plan adopted an AT Retirement Services LLC non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2023 and 2022. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY THE TRUSTEE

Management has obtained certifications from Johnson Bank, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate:

a. Investments held for the plan and the fair values of such as of December 31, 2023 and 2022;

b. Interest and dividends from investments and net appreciation (depreciation) in fair values of investments in 2023 and 2022;

c. Contributions to, investment income (loss) credited to, benefits paid from, and transfers between investment in 2023 and 2022; and

d. The report of individual participant accounts as of and for the years ended December 31, 2023 and 2022.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, the plan follows the accrual method of accounting for financial statement purposes. The Form 5500 was prepared on a cash basis in 2023 and 2022. As a result, the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statements of changes in net assets available for benefits for the years then ended differ from the Form 5500. The following are reconciliations.

	2023	2022
Net assets available for benefits per the financial statements	$16,634,663	$15,032,611
Employer discretionary profit sharing contributions receivable	(179,841)	(164,500)
