| Part I | Service Provider Information (see instructions) |
|--------|-------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## INDEPENDENT AUDITOR'S REPORT

To the Plan Committee and Plan Participants  
Tractor Supply Company 401(k) Retirement Savings Plan  
Brentwood, Tennessee

### SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We have performed an audit of the financial statements of Tractor Supply Company 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### OPINION

In our opinion, based on our audits and on procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### OTHER MATTERS

##### SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TRACTOR SUPPLY COMPANY 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Tractor Supply Company 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Tractor Supply Company and any acquired companies (collectively referred to as the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration of the Plan is the responsibility of a committee appointed by the Employer's Board of Directors (the "Plan Committee"). The Plan Committee appoints one or more trustees to administer trusts containing the Plan assets.

Effective October 12, 2022, the Employer acquired Orscheln Farm and Home LLC ("Orscheln"). Effective January 15, 2023, the employees of Orscheln became participants in the Plan in connection with the acquisition transaction. The Plan engaged in a trustee-to-trustee transfer of assets and liabilities of approximately \$50,480,000, which were transferred (in conformity with Section 414(1) of the Internal Revenue Code) on January 30, 2023.

Eligibility

All employees are eligible to participate in the Plan on any day of the Plan year after reaching eighteen years of age, as defined in the Plan document. Participants are eligible to receive allocations of profit sharing, matching and nonelective contributions on the first day that follows both attainment of eighteen years of age and completion of one year of service, and on each anniversary thereafter in which a participant performs at least one hour of service.

Contributions

Each year, participants may elect to defer up to 92% of their compensation, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants may change their salary deferral percentage at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer's matching contributions equal the lesser of (1) 100% of the first 3% of compensation up to 50% of the next 3% of compensation contributed to the Plan or (2) 4.5% of the participant's annual compensation if the participant contributes at least 6% of their annual compensation. The Employer may also make certain discretionary contributions, as defined in the plan document.

The Employer may also make a profit sharing contribution that is allocated to all participants or a fully vested nonelective contribution which is allocated to only participants who are not considered highly compensated under IRS rules. These contributions are allocated to participants pro rata on the basis of compensation. To be eligible for the profit sharing contribution, a participant must perform 1,000 hours of service in the year and be employed on the last day of the plan year for which the contribution is made, unless the participant's employment was terminated on account of death, disability or retirement. For the years ended December 31, 2023 and 2022, neither profit sharing or nonelective contributions were made to the plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Contributions are subject to certain limitations in accordance with applicable regulatory requirements.

Participant accounts

Participant accounts consist of two major divisions: the 401(k) Account and the Employee Stock Ownership Account ("ESOA"). The major provisions related to each of these follow.

401(k) account

Participants' accounts are increased by their salary deferral and rollover contributions, and their respective proportionate shares of Employer contributions, any investment earnings, and increases in the fair market value of the fund. Participants' accounts are reduced by any payments made from such accounts and their respective proportionate share of any decreases in the fair market value of the fund. Allocations are based on participants' earnings or account balances, as defined by the plan document. The benefit to which participants are entitled is the benefit that can be provided from their vested accounts. Under the terms of the Plan, 401(k) investments are participant directed. Upon enrollment in the Plan, participants may direct their contribution accounts, and any earnings thereon, to various investment options approved by Plan management and held by Fidelity Management Trust Company (the "Custodian"). Participants may change their investment options at any time.

ESOA

Participants are permitted to direct the investment of amounts held in their ESOA into any of the investment funds available under the Plan, as described above; however, no new investments in Tractor Supply Company common stock are allowed.

Vesting

Participants are immediately 100% vested in their voluntary contributions to the 401(k), including any rollovers, plus actual earnings thereon. For all Employer contributions and earnings thereon, made for plan years beginning on or after January 1, 2000, participants are immediately 100% vested. Vesting in prior matching, profit sharing contributions and the ESOA is based on years of continuous service. A participant is 100% vested in these remaining amounts after six years of credited service, as defined.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce future Employer contributions to the Plan or to restore a terminated participant's account in certain instances involving a resumption of employment.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Notes receivable from participants

In certain instances, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or the greater of 50% of their vested account balance or \$10,000. Loans must be repaid over a five-year period, except for loans relating to the purchase of a principal residence, which may be repaid over a period not to exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at an annual rate of prime plus 1%. The annual effective interest on all loans was between 4.25% and 9.50% at December 31, 2023. Principal and interest are paid ratably through payroll deductions.

Effective January 1, 2022, the Plan was amended to allow loans to be repaid after termination of employment.

No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant loan to be a distribution, the Participant loan balance was reduced and a benefit payment was recorded.

Distributions to participants

Benefit distributions equal to vested benefits are payable to participants or their beneficiaries upon normal or early retirement age, as defined in the Plan document, death, disability, or termination of employment. Payments may be in the form of a lump-sum distribution or periodic installments, as determined according to applicable Plan provisions. Withdrawal of part or all of a participant's account may be authorized by the Plan Administrator prior to any of the above events if the participant experiences a financial hardship, as defined in the Plan document. Withdrawals may also be permitted after the participant has reached age 59 1/2.

Effective January 1, 2022, the Plan was amended to allow a participant to withdraw any portion of the participant's vested account balance in the event of an immediate and heavy financial need, as defined in the Plan document.

Administrative expenses

Certain expenses of administering and operating the Plan are paid by the Employer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Custodian. See Note 4 for discussion of fair value measurements.

TRACTOR SUPPLY COMPANY 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses as incurred.

No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2023 and July 31, 2024, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2023 and 2022, and investment income and interest income on notes receivable for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the Custodian of the Plan.

NOTE 4 - FAIR VALUE

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using unadjusted quoted prices from active markets for identical assets), Level 2 (not traded on an active market, but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

|                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Mutual funds                        | Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.                                                                                                                                 |
| Collective trust funds              | Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. |
| Tractor Supply Company common stock | Valued at the closing price reported on the active market.                                                                                                                                                                                                                                                                                                                                                                                                                                     |

There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes, by level, within the fair value hierarchy, investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

\*Information noted in these columns is the same for each investment type for 2023 and 2022.

Investments in these categories may be redeemed on any business day, provided the exchange is not directed into a competing fund. The collective investment trust funds require that transferred amounts must be held in a noncompeting investment option for 30 to 90 days prior to transfer to a competing fund. Withdrawals by the Employer are made one year after notification. The fair value of investments in these categories has been estimated using the net asset value per share of the investments.

TRACTOR SUPPLY COMPANY 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

The description of the significant investment strategies for each category of investment in the collective trust funds, collective investment trust and investment trust funds follows:

- (a) The common collective trust fund invests primarily in investment contracts issued by insurance companies, banks or other financial institutions, including investment contracts backed by high-quality fixed income securities. The fund seeks to achieve its objective by diversifying among high credit-quality investments and investment contracts which are structured to smooth market gains and losses over time.
- (b) The small cap collective investment trust fund invests primarily in companies with market capitalizations between \$250 million and \$20 billion using a research-driven approach under a traditional equity platform.
- (c) The collective investment trust funds invest in a diversified portfolio of other T. Rowe Price common trust funds that represent various asset classes and sectors. The allocations between stock and bond trusts will change over time in relation to each fund's target retirement date.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service ("IRS") determined and informed the Plan Administrator by letter dated October 22, 2013, that the Plan and related trust was designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the determination letter. However, the Employer and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 6 - PARTY-IN-INTEREST AND RELATED-PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Plan investments are held by the Custodian, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, rather than a direct payment.

These party-in-interest transactions are exempt from the prohibited transactions provisions of ERISA and the IRC.

TRACTOR SUPPLY COMPANY 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit and overall market risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

At December 31, 2023 and 2022, the Plan had a concentration of investments in three and two funds, which represented approximately 42% and 33%, of total investments, respectively.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.
