Independent Auditor's Report

Plan Administrator
Superior Printing Ink Co., Inc. Employees' Retirement Plan
West Caldwell, New Jersey

Opinion

We have audited the financial statements of Superior Printing Ink Co., Inc. Employees' Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Board of Directors of Superior Printing Ink Co., Inc., the Plan's sponsor, voted in December 2022 to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan used the liquidation basis in presenting these financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of Plan

The following brief description of the Superior Printing Ink Co., Inc. Employees' Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and Summary Plan Description, which are available from the Plan Administrator.

General

The Plan is a noncontributory defined benefit pension plan covering all employees of Superior Printing Ink Co., Inc. and provides for retirement, death, and disability benefits. The Plan is sponsored by Superior Printing Ink Co., Inc. (the Sponsor). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Reliance Trust is the trustee of the Plan.

The Plan is administered by the Plan's Benefits Committee (the Committee), which is a committee of the Board of Directors of the Sponsor. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Sponsor's Board of Directors.

Effective September 30, 2008, the Plan was frozen as to future benefit accruals for existing participants. The Plan was frozen to new participants after that date. On December 30, 2022, the Board of Directors of the Sponsor approved a resolution approving a termination of the Plan, and to provide for the distribution of benefits to participants in accordance with ERISA and all other applicable legal regulations.

In April 2022, nonparticipating single premium group annuity contracts were purchased from United of Omaha Life Insurance Company and Companion Life Insurance Company in exchange for premiums paid of approximately \$12,000,000 and \$3,000,000, respectively, to transfer the obligations to pay future benefit payments for the non-active participants in New Jersey and New York, respectively.

In December 2023, a nonparticipating single premium group annuity contract was purchased from Midland National Life Insurance Company in exchange for premiums of approximately \$4,000,000 to transfer the obligations to pay future benefit payments in New Jersey.

Pension Benefits and Vesting

Annual pension benefits begin at the normal retirement age (65). All full-time employees are eligible on the first of January following employment start date. A participant is fully vested after five years of service. If an employee terminates before rendering five years of credited service, they forfeit the right to receive their portion of the accumulated plan benefits attributable to the Plan's contributions. The amount received at age 65 is calculated by a formula utilizing compensation and years of service prior to September 30, 2008. The minimum retirement benefit is \$1,200 per year for any member with 10 or more complete years of credited service who retires after age 65. Employees may elect to retire early after attaining age 55 and completion of 20 years of credited service of which at least 10 years must be vesting service. Married employees receive their benefits in the form of a joint and survivor annuity, unless this option is waived and then they would receive a life annuity, the same as a single employee. Participants may elect to receive a lump sum amount if accrued benefit is less than \$5,000.

Death (and Disability) Benefits

The spouse of a participant will receive a 50% survivor annuity, as defined in the Plan, upon the death of the participant. The surviving spouse annuity is equal to 50% of the participant's monthly benefit. This benefit is immediately payable to the spouse if the participant was already receiving benefits. If the participant was not already receiving benefits, payments to the spouse may commence as of the earliest date the participant would have received benefits.

Active employees who become totally disabled receive annual disability benefits that are equal to the equivalent normal retirement benefit they have accumulated as of the time they become disabled. Disability benefits are paid until normal retirement age, at which time disabled participants will receive the normal retirement benefit computed as though they had been employed to normal retirement age, with their annual compensation remaining the same as at the time they became disabled.

Revision

Certain immaterial revisions have been made to the 2022 financial statements for the classification and related presentation and disclosures of the money market funds in Note 3. This revision did not have an impact on the financial statement line items.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the Plan's termination (see Note 1), and in accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements have been prepared on the liquidation basis of accounting for the years ended December 31, 2023 and 2022.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and the changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance companies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

December 31, 2023 and 2022

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Accumulated Plan Benefits

Accumulated plan benefits (see Note 4) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

(A) Retired or terminated employees or their beneficiaries

(B) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits.

Note 3. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

	2023			
	Fair Value Measurements Using			Total Fair Value
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Group annuity contract	\$ -	\$ -	\$ 4,006	\$ 4,006
Money market mutual fund	5,400,152	-	-	5,400,152
Investments at fair value	\$ 5,400,152	\$ -	\$ 4,006	\$ 5,404,158

	2022			
	Fair Value Measurements Using			Total Fair Value
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Group annuity contract	\$ -	\$ -	\$ 9,804	
Money market mutual fund	15,545,195	-	-	15,545,195
Investments at fair value	\$ 15,545,195	\$ -	\$ 9,804	\$ 15,554,999

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. Other than as disclosed in Note 1, there have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 4. Actuarial Present Value of Accumulated Plan Benefits and Summary of Significant Actuarial Assumptions

Accumulated plan benefits are those future period payments that are attributable under the Plan's provisions to the services rendered by plan participants through the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of employees

Superior Printing Ink Co., Inc. Employees' Retirement Plan
Notes to Financial Statements (Liquidation Basis)
December 31, 2023 and 2022

who have died, and (c) present employees or their beneficiaries. The basis of the accumulated plan benefits for active employees is the average of four consecutive calendar year earnings producing the highest average. All benefits are included, up to the valuation date, providing that they are related to services rendered by the participant. Any benefits that are provided from assets that are excluded from the plan assets are excluded from accumulated plan benefits.

The actuarial present value for the accumulated plan benefits is determined by an actuary from USI Consulting Group and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations for plan years beginning January 1, 2023 and 2022 were (a) life expectancy of participants, (b) retirement age assumptions (the assumed average retirement age was 65), and (c) interest rate.

The actuarial present value of accumulated plan benefits as of January 1, 2023 is as follows:

	January 1, 2023
Vested	
Retirees and beneficiaries	\$ 959,246
Terminated	6,135,342
Active	<u>3,078,414</u>

Superior Printing Ink Co., Inc. Employees' Retirement Plan
Notes to Financial Statements (Liquidation Basis)
December 31, 2023 and 2022

Changes in the actuarial present value of accumulated plan benefits were as follows:

	<u>January 1, 2023</u>
Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 21,571,728</u>
Increase (decrease) during year attributable to	
Assumption changes	1,350,519
Decrease in discount period	894,335
Benefits paid	(15,875,363)
Actuarial gain	<u>2,231,783</u>
Net decrease	<u>(11,398,726)</u>
Actuarial present value of accumulated plan benefits, end of year	<u><u>\$ 10,173,002</u></u>

Significant assumptions underlying the actuarial computations are:

Assumed rate of return on investments	N/A
Discount rate	4.91% to 5.34%
Mortality basis	Society of Actuaries Pri-2012 Total Dataset Mortality Table (with projections scale MP - 2021 Scaling)

As of September 30, 2008, the Plan has frozen benefit accruals and future compensation increases are no longer assumed. Participants were notified that, effective September 30, 2008, retirement accruals under the Plan would cease to accrue. Therefore, any periods of employment after that date would not be considered in the calculation of the years of benefit service for retirement benefit accrual purposes. In addition, no compensation earned after that date would be considered in the determination of the accrued retirement benefit. Any participant not fully vested would become fully vested once the years of service requirement has been met.

Superior Printing Ink Co., Inc. Employees' Retirement Plan
Notes to Financial Statements (Liquidation Basis)
December 31, 2023 and 2022

The foregoing actuarial assumptions are based on the fact that the Plan is in liquidation since the Plan was amended to terminate as of December 31, 2022. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2023. Had the valuations been performed as of December 31, 2022, there would be no material differences.

Note 5. Plan Termination

As discussed above, the Plan Sponsor approved a resolution to terminate the Plan. The net assets of the Plan are allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination
- b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- c. Other vested benefits insured by PBGC (a U.S. government agency) up to the applicable limitations discussed below
- d. All other vested benefits (that is, vested benefits not insured by PBGC)
- e. All nonvested benefits

Certain benefits under the Plan are insured by PBGC. Generally, PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that PBGC guarantees.

Whether all participants receive their benefits upon the Plan's termination will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by PBGC.

Note 6. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan incurred administrative expenses of \$302,081 and \$107,798 for investment advisory and actuarial services during 2023 and 2022, respectively. These party-in-interest transactions are deemed "exempt" from prohibited transactions rules, as defined by Department of Labor regulations.

Superior Printing Ink Co., Inc. Employees' Retirement Plan
Notes to Financial Statements (Liquidation Basis)
December 31, 2023 and 2022

The Sponsor provides certain administrative services at no cost to the Plan.

Note 7. Plan Tax Status

The Plan obtained its latest determination letter on June 25, 2012, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8. Group Annuity Contract

The Plan's insurance contract with AXA Equitable Life Insurance Sponsor is an Immediate Participation Guarantee Contract. When an employee elects to receive their distribution from the Plan, pension payments are made directly from the account. The account is credited with distributions from the money market account based on the termination agreement. The balance of the account must be maintained at the amount required, according to a premium schedule in the contract, to provide for the remaining benefits for all current retirees.

Note 9. Risks and Uncertainties

The actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10. Subsequent Events

Subsequent events have been evaluated through September 16, 2024, which is the date the financial statements were available to be issued.
