Independent Auditors' Report

To the Plan Administrator, Trustees and Participants
of the Pearce Services, LLC 401(k) Profit Sharing Plan
Paso Robles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pearce Services, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report – Continued

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pearce Services, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pearce Services, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the

Independent Auditors' Report – Continued

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pearce Services, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pearce Services, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report – Continued

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Pearce Services, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Pearce Services, LLC (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information with regard to the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who are age 18 and have met the service requirement of one calendar month of employment. The Plan covers all employees of the Company, except members of a collective bargaining unit and non-resident aliens. Employees enter the Plan on the first day of every month that occurs after the employee has met the service requirement. The Plan is a cash or deferred profit-sharing plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

The Company contracts with Standard Insurance Company (The Standard) to act as the custodian for insurance contract options. The Standard also acts as the recordkeeper and third-party administrator to process and maintain records of participant data. The Company contracts with Charles Schwab Trust Bank (Charles Schwab) to act as the custodian and trustee of mutual funds and other investment options, if any.

Contributions:

Participants may elect to make pretax elective deferrals and Roth elective deferrals, which are withheld from the employee's pay through salary reductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover or transfers-in from merged plans). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions. For the year ended December 31, 2023, the Company made discretionary matching contributions every pay period, matching 100 percent of employee elective deferrals up to 3 percent of compensation. Participants direct the investment of the discretionary matching contributions.

Contributions are subject to certain IRS limitations.

Pearce Services, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Participant accounts:

Each participant's account is credited with the participant's contribution via salary reductions, the Company's discretionary matching contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their account balance, if any, is based on years of service as follows:

<i><u>Years of service</u></i>	
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at prime plus 1%, which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through payroll deductions, or through direct payments from the participants.

Benefit payments and withdrawals:

Upon termination of service for any reason, participants or their beneficiaries are entitled to a benefit equal to the vested and non-forfeitable interest in their account as a lump sum distribution. If the terminated participant's vested and non-forfeitable balance is less than \$5,000 (\$7,000 for distributions made after December 31, 2023), the participant's balance may be distributed in the form of a lump sum, as a cash distribution if the balance is under \$1,000, and as a direct rollover to a default IRA if the balance is under \$5,000 (\$7,000 for distributions made after December 31, 2023), without authorization from the participant.

A participant may withdraw the elective deferral account balance of their account for reasons of hardship.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures may be applied to reduce administrative

Pearce Services, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

expenses of the Plan, then any remaining forfeitures may be used to supplement employer contributions. At December 31, 2023 and 2022, the forfeiture plus the expense account balance was \$10,085 and \$227,687 respectively. The expense account is used to record compensation recapture amounts and pay investment advisor fees that are net with Plan earnings. During the year ended December 31, 2023, \$322,246 in forfeitures were used to offset employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian, trustee, and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2023 and 2022, excess contributions payable were \$2,734 and \$75,261, respectively. The 2023 excess contributions were refunded on April 1, 2024.

Pearce Services, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Accrued liabilities:

Accrued liabilities consist of a batch of small balance distributions that were not processed before the year ended December 31, 2023.

Payment of benefits:

Benefits are recorded when paid.

Administrative fees:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are netted out of the check paid to participants. Investment-related expenses are included in net appreciation or depreciation of fair value of investments. Other expenses related to the administration of the Plan are included in administrative fees.

Note 3. Certified Investments

For the year ended December 31, 2022, there was an overlap in the time period of certifications due to a change in service provider. The supplemental schedule for 2022 was obtained from data that has been prepared and certified to as complete and accurate by CB&T for January 1, 2022 through May 4, 2022 and Charles Schwab and Standard Insurance Company, for the period of February 2022 through December 31, 2022.

Note 4. Investments and Fair Value Measurements

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes to the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a collective trust. The NAV is used as a practical expedient to estimate fair value, which management has determined is not readily available. The NAV is based on the fair value of the underlying

Pearce Services, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. If the plan were to initiate a full redemption of the collective trust fund investment, the investment advisor reserves the right to temporarily delay withdrawal from the trust fund in order to ensure that securities liquidations will be carried out in an orderly business manner.

The collective trust fund held in the Plan had an objective to seek stability of principal and current income for qualified retirement plans. There are no unfunded commitments, the redemption frequency is daily, and the total redemption notice period is 12 months.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Mutual funds (and cash),

Total investments at fair value		<u><u>\$ 15,510,399</u></u>

Note 5. Guaranteed Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive investment contract with Standard Insurance Company totaling \$3,207,391 and \$2,955,032 as of December 31, 2023 and 2022, respectively. Standard Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Standard Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Pearce Services, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related Party and Party-in-Interest Transactions

The Standard Retirement Services and its affiliates, including Standard Insurance Company (The Standard) provides recordkeeping and third-party administrative services to the Plan, as well as certifies certain insurance investment options. Charles Schwab is the custodian and trustee of the Plan. StanCorp Investment Advisors is the investment advisor of the Plan. Fees incurred by the Plan for investment advisory services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from Plan participants and related interest income are also considered party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of the ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

Notes to Financial Statements

Note 8. Tax Status

The Company has adopted a non-standardized pre-approved profit sharing 401(k) plan. The Internal Revenue Service has opined and informed the pre-approved plan provider by a letter dated June 30, 2020, that the pre-approved plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2023, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.
