Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Horizon Food Group, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that audits conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Horizon Food Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan established in 2001 by Horizon Food Group, Inc. to provide benefits to eligible employees of Ne-Mo's Bakery, Inc. (collectively, the "Company"). The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

B. Administration and Expenses

Empower Trust Company, LLC ("Empower") is the trustee and custodian, respectively, of the Plan, and Empower Retirement Services is the record keeper. Fund operating expenses are incurred directly by the fund and are therefore factored into each fund's investment return. Other costs of administering the Plan may be paid by the Plan or the Company at the discretion of the plan administrator.

C. Eligibility

The Plan covers substantially all employees of the Company. Employees are eligible to participate in the Plan on the first day of the month after attaining age 21 and completing three months of service.

D. Contributions

Participants may elect to defer up to 100% of their eligible compensation in pre-tax and/or Roth after-tax contributions subject to applicable Code limits. Participants who elect to have the Company contribute a portion of their pre-tax compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants age 50 or older may make additional catch-up contributions of up to \$7,500 in 2023. Eligible employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are automatically enrolled in the Plan, at a deferral rate equal to 3% of eligible compensation. Auto-enrolled participants who do not make an alternative election will automatically have their pre-tax contribution percentage increased 1% annually on the first day of the year until reaching a deferral rate of 5%.

Participants are allowed to make rollover contributions of amounts received from other tax-qualified retirement plans subject to approval of the plan administrator. Such contributions are deposited in the appropriate investment funds in accordance with the participant directions.

The Company is allowed to make discretionary matching contributions, as defined in the Plan and as approved by the Company. The Company matched 25% of the first 5% of pay eligible compensation contributed by participants in 2023. The Company may also make an additional discretionary matching contribution. No discretionary matching contribution was made for the year ended December 31, 2023.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company contributions and an allocation of Plan earnings or losses and expenses. Plan assets are invested based on participant directions.

The accounts of participants who decline to make an investment election are invested in the Vanguard Target Retirement Fund appropriate for the individual's age and projected date of retirement.

F. Vesting

Participants are immediately 100% vested in their entire account.

G. Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. A loan is secured by a participant's account balance, bears a fixed rate of interest that is commensurate with prevailing interest rates charged by lending institutions at loan inception, and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence, in which case the loan term may be repaid to the plan within a fifteen year period. Principal and interest are paid ratably through payroll deductions. The plan administrator approves the specific terms and conditions of each loan. Notes receivable from participants at December 31, 2023 carry interest rates ranging from 4.25% to 9.50% with various maturities through January 2029. Notes receivable are measured at their unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

H. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability, retirement or attainment of age 59½, a participant may maintain his or her account in the Plan or receive benefits in a lump sum or installments equal to the value of the participant's vested account balance. Hardship withdrawals are available under certain limited circumstances as permitted under terms of the Plan if approved by the Plan administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan maintains its accounting records on the accrual basis of accounting.

B. Investment Valuation and Income Recognition

Investments are stated at fair value, except for the investment in the Key Guaranteed Portfolio Fund which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Risks and Uncertainties

Plan investments are exposed to various risks, such as interest rate, market and credit risks. Due to the risk associated with certain investments, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participant accounts and the amounts reported in the financial statements.

NOTE 3 - INCOME TAX STATUS

The Company has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service stating that the form of the Plan qualifies under applicable provisions of the Code. The plan administrator believes the Plan is designed and operated in compliance with applicable provisions of the Code and related state statutes and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - RELATED PARTY TRANSACTIONS

Empower provides the fully benefit-responsive insurance contract investment option offered under the Plan. Transactions in this investment fund and payment of administrative expenses to Plan service providers by the Plan are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of the participants affected by a partial or complete termination of the Plan are nonforfeitable and will be determined as of the termination date.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Empower Trust Company, LLC, the trustee and custodian.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. Mutual funds are valued at closing market prices for shares held by the Plan at year end.

Although the plan administrator believes this valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date. The following table summarizes the Plan's investments at December 31 based on the inputs used to value them:

	Level 1	
	2023	2022
Mutual Funds	<u>\$ 10,803,169</u>	<u>\$ 8,611,380</u>

NOTE 8 - KEY GUARANTEED PORTFOLIO FUND

Plan investments in the Key Guaranteed Portfolio Fund are maintained in a general account by Empower. Empower is contractually obligated to repay principal and a specified interest rate to the Plan. Because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to this fund. Participants may direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value.

Premature cancellation of the contract by the Plan is subject to restrictions and may result in market value adjustments and/or redemption charges. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring. The average yield of the fund was 1.23% and 0.93% for the plan years 2023 and 2022, respectively.

NOTE 9 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 2, 2024, the date on which the financial statements were available to be issued. There were no subsequent events that require recognition or additional disclosure in these financial statements.
