Status of our Audit

Status of Our Audit

We have completed our audit of the financial statements, including procedures applied to the supplemental schedule, of the Plan as of and for the year ended December 31, 2023. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America (GAAS). This audit of the financial statements does not relieve Plan management or those charged with governance of their responsibilities. The term “those charged with governance” encompasses the term Board of Directors or Audit Committee or other formally designated body that has financial oversight responsibilities.

Status of Our Audit

- ▶ The objective of our financial statement audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements.
- ▶ The scope of the work performed was substantially the same as that described to you in our earlier Audit Planning communications.
- ▶ As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we have conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and have obtained sufficient and appropriate audit evidence to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion. The audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) permitted by the DOL. Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- ▶ In accordance with professional standards, we have obtained a substantially complete Form 5500 and considered whether such information, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management's attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information. As we are performing only limited procedures on this other information, we cannot and do not offer an opinion or any other form of assurance on such information.

Results of our Audit

RESULTS OF OUR AUDIT

Accounting Practices, Policies, and Estimates

The following summarizes the more significant required communications related to our audit concerning the Plan's accounting practices, policies, and estimates:

The Plan's significant accounting practices and policies are those included in the notes to the financial statements. These accounting practices and policies are appropriate, comply with the applicable financial reporting framework and industry practice, were consistently applied, and are adequately described within the notes to the financial statements.

- ▶ A summary of recently issued accounting pronouncements is included in Note 2 to the Plan's financial statements.
- ▶ There were no changes in significant accounting policies and practices during 2023.

Significant estimates are those that require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Plan's significant accounting estimates, including a description of management's processes and significant assumptions used in development of the estimates, are disclosed in Note 2 to the financial statements.

- ▶ Plan management did not make any significant changes to the processes or significant assumptions used to develop the critical accounting estimates in 2023.

Reportable Findings and Internal Control Over Financial Reporting

Reportable Findings and Internal Control Over Financial Reporting

We are required to communicate, in writing and in a timely manner, to those charged with governance all reportable findings and all material weaknesses and significant deficiencies that have been identified in the Plan's internal control over financial reporting. The definitions of a reportable finding, control deficiency, significant deficiency and material weakness are as follows:

Category	Definition
Reportable Finding	Matters that are one or more of the following: a. An identified instance of noncompliance or suspected noncompliance with laws or regulations b. A finding arising from the audit that is, in the auditor's professional judgment, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process c. An indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention
Deficiency in Internal Control	A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.
Significant Deficiency	A deficiency or a combination of deficiencies in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency or a combination of deficiencies in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected on a timely basis.

A reportable finding may also be considered a deficiency in internal control, a significant deficiency or a material weakness.

We considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and/or all reportable findings.

In conjunction with our audit of the Plan financial statements, we noted no material weaknesses.

Reportable Findings and Internal Control Over Financial Reporting

- ▶ We have communicated to Plan management control deficiencies, which we also considered to be reportable findings, and provided suggestions for improvement of those deficiencies that were identified as a result of our audit that we did not consider to be material weaknesses or significant deficiencies.

Control Deficiency and Reportable Finding	Comments
Incorrect demographic information	Observation: During our audit, we noted that one participant who was deceased in 2019 was improperly included in the census data. Recommendation: We recommend that Plan management perform validity checks on the census data on a minimum of an annual basis to ensure all participant data is recorded accurately and that all participants properly included.

Significant findings and issues arising during the audit in connection with the Plan's related parties*	We have evaluated whether the identified related party relationships and transactions have been appropriately identified, accounted for, and disclosed and whether the effects of the related party relationships and transactions, based on the audit evidence obtained, prevent the financial statements from achieving fair presentation.
<i>* Under ERISA requirements, the plan audit must also consider relationships and transactions with "parties in interest." SECURE 2.0 Changes

Long Term, Part Time (LTPT) EMPLOYEES

- ▶ Secure Act 2.0 reduces the 3-year rule to 2 years
- ▶ The first group of part-time employees to satisfy the 3-year rule under the SECURE Act will come into effect for plan years beginning on January 1, 2024. The SECURE 2.0 changes are effective after December 31, 2024
- ▶ Plan amendments are not required until the last day of the 2026 plan year (2028 for union plans and 2029 for governmental plans). See IRS Notice 2024-2
- ▶ Section 125 also provides that pre-2021 service is disregarded for vesting purposes, just as such service is disregarded for eligibility purposes under current law
- ▶ Allows long-term, part-time workers to participate in the employers' 401(k) plans
 - 401(k) plan must have a dual eligibility requirement under which an employee must complete either 1 year of service (with the 1,000-hour rule) or 2 consecutive years of service (where the employee completes at least 500 hours of service)
- ▶ Key guidance includes
 - An employee is an LTPT employee only if the employee becomes eligible under a plan provision that matches the statutory LTPT service requirement. None of the special rules apply if plan lets everyone in earlier
 - Job class exclusions remain permissible, provided they do not act as proxies for impermissible age or service requirements
 - Confirmation that the 12-month periods that are counted for LTPTE service begin on the hire date and may shift to the plan year
 - A LTPT employee will earn vesting service for years in which the employee performs 500 hours of service even if the employee doesn't receive employer contributions before earning 1,000 hours of service
 - A LTPT employee who earns 1,000 hours of service (or is otherwise eligible for reasons other than as an LTPT employee) will continue to accrue vesting service using the 500-hour per year rule

REGULATORY MATTERS

2023 Form 5500 Changes

In February 2023, the Department of Labor (DOL) announced new final regulations on the Form 5500 requirements, which includes significant changes to the methodology for identifying small plans for reporting purposes. The final rule changes how a plan counts participants for determining whether it is eligible for the small plan simplified Form 5500 reporting. (If determined to be a large plan, the plan must obtain an audit in order to file the Form 5500 with an attached report from an independent qualified public accountant.)

The previous methodology counted all employees who were either eligible to participate in the plan or have an account balance whereas the final rule will count only the number of participants and beneficiaries with account balances at the beginning of the year. The so-called “80-120” rule (under which the participant count may rise as high as 120 before an audit is required) is still in effect, but only those participants with account balances will need to be considered under the new methodology.

This revision is expected to significantly reduce the number of plans that must file as large plans (the DOL estimates as many as 19,500 plans may be impacted). However, there is also the potential for the SECURE 2.0 Act to increase plan participation across all retirement plans over the next few years, which may ultimately result in more plans that meet the large plan threshold going forward.

The change is effective for plan years beginning on or after January 1, 2023. Audit requirements for the 2022 plan year reporting will still be determined based on the prior methodology.

Additionally, the revisions announced also include:

- ▶ A consolidated Form 5500 option for certain defined contribution plans.
- ▶ Improved reporting for pooled employer plans and multiple employer plans.
- ▶ Improvements in reporting by PBGC-covered defined benefit plans on Schedules R and SB.
- ▶ Addition of Internal Revenue Code compliance questions to improve tax compliance.
- ▶ Technical adjustments to address SECURE 2.0 Act of 2022.
- ▶ Additional break-out of Administrative Expenses on Schedule H for enhanced fee and expense transparency.

REGULATORY MATTERS

IRS Required Amendments for Recent Law Changes

SECURE 2.0

- SECURE 2.0 moved all SECURE 1.0 deadlines to the last day of the first plan year starting on or after January 1, 2025 (with exception of governmental and union plans, which moved to 2027)

LAST DAY OF 2025 PLAN YEAR

- For all plans except governmental and union plans for SECURE 1.0, CARES Act and SECURE 2.0 changes in the law

LAST DAY OF 2027 PLAN YEAR

- For governmental plans and union plans

REGULATORY MATTERS

Employee Plans Compliance Resolution System (EPCRS)

UPDATES TO EPCRS

The IRS made updates to the EPCRS system used for plan corrections that were effective July 16, 2021 (see [Rev. Proc. 2021-30](#)). The SECURE 2.0 Act also made additional updates to EPCRS.

REV PROC 2021-30 - KEY CHANGES

- ▶ Overpayment Corrections – Allows well-funded DB plans to fix overpayment failures (i.e., when participants receive more than what the plan permits) without having to ask participants to repay the overpayment amounts received and, in some cases, removes the need for the plan sponsor to reimburse the plan.
- ▶ Expanded Self Correction
 - For Significant Operational Failures – The correction period of significant operational failures was extended from two to three years.
 - For Retroactive Plan Amendments – IRS has removed requirement that all participants in the plan must benefit from the retroactive amendment, which will make it easier for sponsors to use retroactive plan amendments to correct operational failures.
- ▶ Increased Amount for De Minimis Corrections – The threshold for certain de minimis amounts for which a plan sponsor is not required to make corrections was raised to \$250.
- ▶ Anonymous Voluntary Correction Program (VCP) submissions – As of January 1, 2022, anonymous VCP submissions were no longer allowed, but anonymous written requests for pre-submission conferences to discuss a potential VCP submission at no cost to the plan sponsor are permitted. (Anonymity is lost if sponsor chooses to submit a VCP request following the pre-submission conference.)
- ▶ Extended Sunset for Automatic Enrollment Failures – The IRS is extending the sunset of the safe harbor correction method to correct missed elective deferrals for eligible employees subject to an automatic contribution feature in Section 401(k) or 403(b) plans. It is a three-year extension, from December 31, 2020, to December 31, 2023.

SECURE 2.0 – SELECTED KEY CHANGES TO EPCRS (WERE EFFECTIVE IMMEDIATELY)

- ▶ Self-Correction Program (SCP) can be used for most errors (no IRS filing needed), regardless of when they occurred, if fixed before IRS identifies the failure (even if the plan is under IRS exam), with no deadline for correcting “significant” failures. SCP now applies to SEPs and SIMPLE IRAs.
- ▶ Relief from having to recoup most overpayments made to plan participants
- ▶ Reduced excise taxes for failure to take required minimum distributions (RMDs)
- ▶ Easier corrections for participant plan loan failures, deemed distribution relief (no 1099-R needed)
- ▶ Allows corrections for auto-enrollment failures
