INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees
Sterling Bank & Trust 401(k) Plan
Southfield, Michigan

Opinion

We have audited the financial statements of Sterling Bank & Trust 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Sterling Bank & Trust 401(k) Plan as of December 31, 2023 and 2022, and the changes in net assets available for benefits for the year ended December 31, 2023 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sterling Bank & Trust 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sterling Bank & Trust 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sterling Bank & Trust 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sterling Bank & Trust 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STERLING BANK & TRUST 401(K) PLAN
Notes to the Financial Statements
For December 31, 2023

NOTE:

1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Sterling Bank & Trust 401(k) Plan are prepared under the accrual method of accounting.

Investments – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable – Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits – Benefits to participants are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least probable that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Subsequent Events – The Plan has evaluated events and transactions through the issuance date of the report for possible recognition or disclosure in the financial statements.

2. Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Sterling Bank and Trust, F.S.B., (the employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Eligible employees must have one month of service and have attained age 18 or older.

STERLING BANK & TRUST 401(K) PLAN

2. Plan Description (Continued)

Contributions – The Plan is primarily funded through employee elective wage deferrals under the deferred compensation provisions of the Internal Revenue Code Section 401(k). Employees participating in the Plan may contribute up to 100% of their total pay up to the limit in effect for the year (\$22,500 in 2023). Participants aged fifty or older may make an additional “catch-up” contribution (\$7,500 for 2023). The Plan includes an automatic enrollment feature whereby all newly eligible employees are automatically enrolled with a 6% contribution rate unless they affirmatively elect not to participate in the Plan.

The employer makes annual Safe Harbor matching contributions in an amount equal to 100% of participant deferrals up to 6% of Compensation. For the year ended December 31, 2023, the Company made matching contributions of \$1,243,306 in cash.

Investment Options – Participants’ accounts are self-directed within a limited number of investment options.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and an allocation of the (a) Employer’s contribution, (b) Plan earnings or loss, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All contributions are invested based on participant-directed investment programs.

Vesting – Effective January 1, 2021, under the amended and restated Plan, participant’s accounts are immediately vested.

Participants' Benefits – Participants or their beneficiaries may receive distributions of their vested account balances in a lump sum upon the earlier of reaching age 59-1/2, disability, death, or termination of service, as defined in the Plan. Further, the trustee may permit a participant who experiences a qualified financial hardship, as defined by the Plan, to receive a distribution of all or a portion of the participant's elective account balance. A distribution of contributions may also be required if the annual contributions exceed the maximum allowed under certain IRS regulations.

Participant Notes Receivable – Participants may borrow from their fund accounts in an amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years with the exception of loans obtained for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid through payroll deductions.

Administrative Charges – Administrative expenses in the amount of \$84,413 are shown on the Statement of Changes in Net Assets Available for Benefits. This amount represents administrative costs paid to third-party service providers for financial advisory, legal consultation, and recordkeeping services. The employer absorbs all other costs of the Plan.

3. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by Ascensus Trust Company, the trustee, and therefore, these transactions are considered to be party-in-interest transactions. Fees are paid to the asset custodian and the Plan uses the staff, resources, and facilities of the Plan Sponsor to perform certain administrative activities related to the Plan. These transactions qualify as party-in-interest transactions. Participant notes receivable are also classified as party-in-interest transactions.

At December 31, 2023 and December 31, 2022, the Plan held 304,280 and 134,748, respectively, shares of common stock of Sterling Bancorp, Inc., the parent company of the Employer. These transactions qualify as a related party.

4. Tax Status

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

5. Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable input (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical or similar assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value.

Sterling Bancorp, Inc.: Unitized fund consisting of 304,280 and 134,748 shares of Sterling Bancorp, Inc. common stock and cash at December 31, 2023 and 2022, respectively. The common stock is valued at the closing price reported on the active market on which the individual security is traded and the cash is valued at cost, which is fair market value for cash.

Notes to the Financial Statements
For December 31, 2023

6. Fair Value Measurements (continued)

Common Collective Trusts: Units are valued daily based on the valuation procedures established by the Trustee. Participant transactions (purchases and sales) are recorded daily. There are no unfunded commitments. For certain transactions there is a five day notice required if they exceed a specified dollar amount for one Trust.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the balances of the assets and liabilities measured at fair value on a recurring basis as of December 31, 2023 and 2022:
