Independent Auditors' Report

To the Plan Administrator of
STAX LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of STAX LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of STAX LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment and notes receivable from participants information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of STAX LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about STAX LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of STAX LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about STAX LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements referred to above, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

STAX LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the STAX LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Stax, LLC (the Plan Sponsor) who have completed three months of consecutive service and are age 21 or older. The Plan excludes union employees, nonresident aliens, interns, and co-operative employees. The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code or IRC) and the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established on January 1, 2019 and was most recently restated on January 1, 2022 with the most significant change being to remove automatic enrollment provisions. The Plan was also amended effective January 31, 2022, to increase safe harbor nonelective employer contributions from 3% to 4%. Additionally, hardship withdrawals were amended to allow withdrawal from a participant's qualified nonelective contributions (QNEC) and qualified matching contributions (QMAC) sources.

Contributions

Participants who have completed three months of consecutive service and are 21 or older may elect to defer and contribute pre-tax, Roth, and catch-up contributions to the Plan up to 100% of eligible compensation, as defined in the Plan. A participant's combined pre-tax, Roth, and catch-up contributions cannot exceed the limits set forth under the Code. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for safe harbor nonelective employer contributions for all eligible employees even if not contributing. The safe harbor nonelective employer contributions for the year ended December 31, 2023 were equal to 4% of each participant's eligible compensation and totaled \$1,011,906. There were no employer contributions receivable related to safe harbor nonelective employer contributions as of December 31, 2023 and 2022. Safe harbor nonelective employer matching contributions are subject to certain limitations under the Code.

The Plan also provides for profit-sharing contributions made at the discretion of plan management to participants who have completed one year (as defined) with 1,000 hours of service during a plan year, subject to new comparability plan rules and regulations. No such discretionary profit-sharing contributions were made for the year ended December 31, 2023.

Employees are permitted to participate in elective deferrals and safe harbor nonelective employer contributions on the first day of the month coinciding with or subsequent to attaining the respective eligibility requirements. Employees are permitted to participate in discretionary profit-sharing contributions on the first day of January or July of the plan year coinciding with or subsequent to attaining the respective eligibility requirements.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan...continued

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's safe harbor nonelective employer contributions, discretionary profit-sharing contributions, an allocation of the Plan's earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. The allocation of earnings or losses is based on each participant's respective account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances. A plan participant may borrow from his or her vested account a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding loan balance within the last twelve months or 50% of his or her vested account balance. With the exception of loans used to purchase a primary residence that are limited to a maximum of 30 years, loan terms are limited to a maximum of five years. Notes receivable from participants are secured by the vested balance in each participant's account and bear interest at the prime interest rate as published by the Wall Street Journal in the first month of the calendar quarter in which the loan is requested plus 1% (9.50% as of December 31, 2023). Principal and interest are paid ratably through regular payroll deductions for actively employed participants; however, participants may make loan prepayments by check. Upon termination of employment, any outstanding notes receivable from participants are due and payable unless directly rolled over to another employer's plan in accordance with the terms of the underlying provisions of the promissory note. Repayments may be suspended for 12 months for a bona fide leave of absence and for the entire time the borrower is on a qualified military leave. The Plan Administrator shall consider a loan in default if any scheduled payment remains unpaid as of the last business day of the calendar quarter in which a loan is initially considered past due. Any unpaid balances at the time of default shall incur a 10% penalty if the participant is under the age of 59½. Certain other restrictions may apply to notes receivable from participants as defined in the plan document. As of December 31, 2023 and 2022, the rates of interest on the outstanding notes receivable from participants ranged from 4.25% to 9.00% with various maturities through March 2028.

Vesting

Participants are immediately vested in their pre-tax, Roth, catch-up, rollover and safe harbor nonelective employer contributions plus actual earnings thereon. Participants vest in discretionary profit-sharing contributions based on plan years of service in which the employee worked at least 1,000 hours, beginning after two years and becoming fully vested after six years of credited service. Participants will become immediately vested in all discretionary profit-sharing contributions upon normal retirement age of 65 (if the participant is employed by the Plan Sponsor on or after that date), disability, or death.

Forfeitures

Forfeitures represent the nonvested portion of terminated participants' account balances plus related earnings, which can be used to reduce any future employer contributions, pay the Plan's expenses, or restore forfeited account balances of rehires who are eligible for a restoration of forfeitures. As of December 31, 2023 and 2022, forfeitures held by the Plan totaled \$148,696 and \$70,203, respectively.

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan...continued

Forfeitures...continued

During the year ended December 31, 2023, forfeited nonvested accounts of \$60,859 and \$13,852 were used to reduce safe harbor nonelective employer contributions related to the years ended December 31, 2023 and 2022, respectively. Subsequent to the year ended December 31, 2023, safe harbor nonelective employer contributions totaling \$1,585 related to the year ended December 31, 2023 are expected to be funded with forfeited nonvested accounts. This results in no receivable for such amount on the statements of net assets available for benefits as of December 31, 2023 and 2022.

During the year ended December 31, 2023, forfeited nonvested accounts of \$7,829 were used to pay for plan expenses.

Payment of Benefits

The participant's vested account may be distributed to the participant (or the participant's beneficiary in the event of the participant's death) at retirement, death, disability, or termination of employment in the form of cash as a single lump-sum payment. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Participants who are eligible for a hardship withdrawal or have attained age 59½ may elect to withdraw all or a portion of their vested accounts. If a participant terminates service and the vested amount does not exceed \$5,000, the vested benefit is to be paid to the participant in a single lump-sum as soon as practical without regard to the consent of the participant. Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 72 if the participant reaches 72 prior to January 1, 2023, or 73 if the participant reaches 72 after December 31, 2022. Certain other restrictions may apply to benefit payments as defined in the plan document.

Investment Elections

Each participant shall direct the investment of his or her account and shall select among various mutual funds and a fully benefit-responsive investment contract held with an insurance company. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies...continued

Investment Valuation and Income Recognition

Mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Fully benefit-responsive investment contracts held by a defined contribution plan are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contract. See Note 4 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued, but unpaid interest. Interest from notes receivable from participants is recorded on an accrual basis. As of December 31, 2023 and 2022, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from the participant to be a distribution, notes receivable from participants are reduced and a benefit payment is recorded within the statement of changes of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the applicable participant's account and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. For the year ended December 31, 2023, the Plan Sponsor paid certain other administrative expenses incurred by the Plan.

Notes to Financial Statements

December 31, 2023 and 2022

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,320,414	\$ -	\$ -	\$ 17,320,414

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,496,476	\$ -	\$ -	\$ 12,496,476

STAX LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

4. Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract (FBRIC) with TransAmerica Financial Life Insurance Company (TransAmerica). The Plan's investment balance is credited with guaranteed earnings, as defined in the contract, and charged for the Plan's withdrawals and administrative expenses. TransAmerica is contractually obligated to repay the principal and a guaranteed interest rate, which is established semiannually and applies for a six-month period. There is no minimum guaranteed interest rate under the contract.

As described in Note 2, because the FBRIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the FBRIC. Contract value, as reported to the Plan, represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise.

The contract does not specify any conditions under which distributions from the account would be payable at amounts below contract value.

Deposits to or withdrawals from the contract accounts will not be allowed after receipt of notice of total discontinuance. Any notice of discontinuance must be in writing and state the effective date of the discontinuance, which must be the first day of a month not earlier than 30 days after the receipt of notice of discontinuance.

5. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, Reliance Trust Company, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

6. Tax Status

The Plan has adopted a volume submitter plan, which the IRS has determined by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

STAX LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

8. Party-in-Interest Transactions

The FBRIC is managed by TransAmerica and qualifies as a party-in-interest transaction as that term is defined in Section 3(14) of ERISA. In addition, the Plan issues loans to participants, which are secured by the balances in the participants' vested accounts, which constitute party-in-interest transactions.

9. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through September 26, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to adjust the definition of eligible compensation to be taxable wages for all contribution types.
