REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Xaloy 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Xaloy 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of period) at December 31, 2023 and of delinquent participant contributions as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - PLAN DESCRIPTION

The following description of the Xaloy 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Xaloy, LLC (the “Company” or the “Plan Sponsor”). The Company was created on February 1, 2021 after its divestiture from Xaloy Superior Holdings, Inc. The Plan became effective on February 1, 2021 and its purpose is to enable eligible employees to save for retirement. In addition to retirement benefits, the Plan provides certain benefits in the event of death, disability, or other termination of employment. The Plan is for the exclusive benefit of eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan transitioned trustees from American United Life Insurance (“OneAmerica”) to Charles Schwab Trust Bank (“Charles Schwab”) on December 4, 2023.

Eligibility

Employees of the Company are eligible to participate on the date of hire and entry date is the 1st of the month following date of hire. Employees do not need to meet service or age conditions to participate in the plan.

Union employees, nonresident aliens, leased employees, employees who become employees as the result of a Code § 410(b)(6)(C) transaction (acquisition, merger, or similar transaction involving a change of employer) as defined in the Plan document, part-time employees whose regularly scheduled service is less than 1,000 hours, temporary employees, seasonal employees are not eligible to participate.

Contributions

Unless a participant makes an affirmative election to not participate in the Plan, participants are automatically enrolled. The default deferral percentage is 6% and will be increased by 1% every January 1st until the default percentage is 10%.

Each active plan participant may make contributions up to the maximum amount allowed by law. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan provides for annual employer matching contributions of 3% of each participant's deferral, plus 50% of the participant's elective deferral that exceeds 3% of the participant's compensation for the Plan year but does not exceed 6% of such compensation. The Company may elect to make a discretionary profit-sharing contribution to the Plan. The profit-sharing contribution is allocated among eligible participants based on the participant's share of the total compensation of all eligible participants in the Plan. No profit-sharing contributions were made in 2023.

A separate account is established for each participant. The account is credited with the participant's salary deferral contributions, the Company's contributions, and the participant's share of plan earnings or losses and charged with an allocation of administrative expenses. Participants direct the investment of their account into the various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined.

Xaloy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Vesting

All contributions made by participants are immediately vested. Vesting in the Company's employer match contributions is based on years of continuous service and is as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years or more	100%

Forfeitures

An employee may forfeit the nonvested portion of their account if employment ceases, and the employee is less than 100% vested in the Company's employer match contributions made to their account. Forfeited balances of terminated participants' nonvested accounts are allocated to individual accounts of qualifying participants. There were no forfeitures allocated during 2023 and 2022. The balance of forfeited nonvested accounts was \$2,449 and \$357 as of December 31, 2023 and 2022, respectively.

Payment of Benefits

Upon retirement, disability, death, termination of service, or attainment of 59 ½ a participant may receive a lump sum, or installments equal to the value of the vested portion of his or her account. Distributions are subject to the applicable provisions of the Plan document. The Plan allows in-service withdrawals, such as hardship withdrawals, under certain conditions based on participant eligibility and approval by the Plan administrator.

Notes Receivable from Participants

Participants may borrow from their vested account balance. No more than two loans may be outstanding at a time for a participant. The loans are secured by the balance in the participant's account, must bear interest at a reasonable rate of interest and bear interest at a fixed rate, as determined by the Plan Administrator. Interest rates on loans outstanding ranged from 4.25% to 6.50% at December 31, 2023 and 2022, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The

Xaloy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded at December 31, 2023 and 2022.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Xaloy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2023 and 2022.

Mutual funds - Valued based on quoted prices of the fund in active markets.

Collective trust funds – Valued at Net Asset Value (“NAV”), which is calculated by the fund based on net assets. The NAV is used as a practical expedient to estimate fair value.

The following table set forth the Plan's assets at fair value as of December 31, 2023:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,580,509	\$ -	\$ -	\$ 17,580,509
Total assets in the fair value hierarchy	\$ 17,580,509	\$ -	\$ -	
Collective trust funds				1,059,528
Investments, at fair value				\$ 18,640,037

The following table set forth the Plan's assets at fair value as of December 31, 2022:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,165,252	\$ -	\$ -	\$ 14,165,252
Total assets in the fair value hierarchy	\$ 14,165,252	\$ -	\$ -	
Investments, at fair value				\$ 14,165,252

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with industry practices, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Xaloy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

The table below presents additional information for the Collective Trust Funds whose fair value is estimated using NAV per share, as the practical expedient to fair value, as of December 31, 2023 and 2022:

	Fair Value at December 31,		Unfunded	Redemption	Other	Redemption
	2023	2022	Commitments	Frequency	Restrictions	Notice
						Period
Intellicents Aggressive CIF	\$ 134,461	\$ -	\$ -	Daily	None	None
Intellicents Conservative CIF	580,897	-	-	Daily	None	None
Intellicents Moderately Aggressive CIF	15,313	-	-	Daily	None	None
Intellicents Moderately Conservative CIF	305,527	-	-	Daily	None	None
Stable Value Fund Class R1	23,330	-	-	Daily	None	None

NOTE D - COLLECTIVE TRUST FUNDS

The Plan holds investments in a series of Collective trust funds (the "Funds"). The Intellicents Aggressive CIF ("Aggressive Fund"), Intellicents Conservative CIF ("Conservative Fund"), Intellicents Moderately Aggressive CIF ("Moderately Aggressive Fund"), Intellicents Moderately Conservative CIF ("Moderately Conservative Fund"), Intellicents Moderate CIF ("Moderate Fund"), and the Stable Value Fund ("Stable Value Fund") are valued based on NAV, which is calculated by the fund based on net assets of the underlying investments at fair value, which, for the Aggressive Fund, Conservative Fund, Moderately Aggressive Fund, Moderately Conservative Fund, and Moderate Fund primarily represent common stock and fixed income funds. For the Stable Value Fund the primary underlying investment is the Putnam stable value fund. Were the Plan to initiate a redemption of any of these funds, the Plan must provide advance notice in accordance with the Declaration of each Trust.

NOTE E - INVESTMENT AT CONTRACT VALUE

The Plan had a fully benefit-responsive investment contract with OneAmerica. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The objective of the contract was to provide a low risk, stable investment offering competitive yields, allowing investors to accumulate current income while preserving principal. The contract was included in the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with OneAmerica. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Xaloy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE F - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certification received from the Trustee meets the requirements of ERISA Section 103(a)(3)(c). Accordingly, Charles Schwab Trust Bank, trustee of the Plan from December 4, 2023 to December 31, 2023; and American United Life Insurance Company, the Plan's trustee as of December 31, 2022 and for the period of January 1, 2023 through December 03, 2023, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value, investments at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Charles Schwab and OneAmerica by letters dated September 21, 2020 and August 19, 2020, that the Plan and related trust are designed in accordance with the applicable sections of The Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Xaloy 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE I - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2024, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
