Independent Auditor's Report

Plan Administrator
NCH Healthcare System, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NCH Healthcare System, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefit for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of NCH Healthcare System, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution established on April 1, 2000 (inception) and has subsequently been amended. The Plan reflects the merger of the Naples Day Surgery Savings and Retirement Plan and Diagnostic Services, Inc. Savings and Retirement Plan. The Plan covers employees of NCH Healthcare System, Inc. (the Company) and its controlled affiliates (Diagnostic Services, Inc.; Gulf Coast Linen; Naples Community Hospital, Inc.; Community Home Services, Inc.; Marco Island Urgent Care Center; Community Home Care, Inc.; NCH, MD, Inc.; Counseling and Employee Assistance Program and Collier Health Care, Inc.) who elect to participate. On August 1, 2007, Diagnostic Services, Inc. was sold to a third-party; however, all employees of Diagnostic Services, Inc. participating in the Plan as of the sale date were allowed to continue participation. In January 2017, the majority of the assets of Naples Diagnostic Imaging Center, Inc. were acquired by the Company. As a result, net assets of the Naples Radiologist, LLC 401(k) Profit Sharing Plan were transferred to the Plan in June 2017.

Participation in the Plan commences on the participant's hire date. The board of directors oversees the employee benefit programs of the Company, and they review and approve any Plan amendment changes. The executive vice presidents and vice presidents of the Company monitor investment performance. Fidelity Management Trust Company (Fidelity) serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Auto-enrollment: The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation invested in a designated balance fund until changed by the participant.

Contributions: Participants may contribute 1% to 75% of pre-tax annual compensation up to the dollar limit for that year set by the Internal Revenue Service (IRS), as defined in the Plan document. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make matching contributions, at its discretion, of a percentage of each participant's salary reduction contributions after the participant has completed 12 months of employment. In the event the Company chooses to make a matching contribution, the matching amount shall equal 100% of the first 2% of eligible compensation contributed by the participant as salary reduction contributions plus 50% of the next 4% of eligible compensation contributed by the participant as salary reduction contributions up to a maximum of 4% of eligible compensation. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contribution as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of a participant's account plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of service and 100% vested after three years of service or upon death, disability or reaching age 65.

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service due to death, reaching retirement age, disability or retirement, a participant may elect, if his or her vested accrued balance is more than \$5,000, to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments in equal monthly, quarterly, semi-annual or annual installments over a period not exceeding the joint life expectancy of the participant and a designated beneficiary. A mandatory distribution occurs if a participant's account balance is at or below \$5,000 upon termination. In-service withdrawals are also permitted for certain financial hardships or when a participant reaches age 59½.

Forfeitures: Forfeitures of non-vested portions of participant accounts occurring in a plan year are used to reduce the Company's matching contributions for the plan year in which forfeitures occur or in succeeding plan years. As of December 31, 2023 and 2022, the forfeited non-vested account totaled \$4,046 and \$13,220, respectively. During 2023, \$290,447 was used to reduce Company matching contributions and no forfeitures were used to pay administrative expenses.

Notes from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Note terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan administrator at the time of the note. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. These rates range from 4.25% to 9.50% on notes outstanding at December 31, 2023, and the loans mature through 2043. Principal and interest are paid ratably through bi-weekly payroll deductions.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions in 1% increments in any of the mutual fund options or a guaranteed investment contract. The Plan also offers a self-directed individual brokerage account through Fidelity, which allows the individual participant to invest in common stocks, mutual funds and money market accounts. Once enrolled a participant may change his or her investment options in 1% increments at any time to include any of the available investment options.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits: Benefits are recorded when paid.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Administrative expenses: The administrative expenses of the Plan primarily consist of fees to Fidelity, the trustee, fees for the administration of participants' accounts by a third-party and audit fees. Administrative expenses are paid by the Plan, except to the extent they are paid by the Company. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2023) through October 2, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the Trustee of the Plan. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets as of December 31:

	2023	2022
Investments at fair value:		
Registered investment companies (mutual funds)	\$ 340,047,819	\$ 292,468,791
Self-directed brokerage accounts	20,468,911	17,365,797
Common collective trust stable value fund	11,444,441	14,694,237
	<u>\$ 371,961,171</u>	<u>\$ 324,528,825</u>
Notes receivable from participants	<u>\$ 8,659,968</u>	<u>\$ 8,304,183</u>

The Trustee also certified to the completeness and accuracy of \$49,281,311 of net appreciation in fair value of investments, \$8,178,175 of interest and dividends and \$472,748 of interest related to notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2023.

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under that framework are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Registered investment companies (mutual funds): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, money market accounts and common stocks that are valued on the basis of readily determinable market prices. Accounts also include U.S. government securities that are valued on the basis of quoted prices for similar assets and liabilities or inputs other than the quoted prices that are observable either directly or indirectly. Participants are also able to invest in a common collective trust composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust.

Common collective trust stable value fund: A stable value fund is a fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 340,047,819	\$ -	\$ -	\$ 340,047,819
Self-directed brokerage accounts	19,939,828	513,728	-	20,453,556
	<u>\$ 359,987,647</u>	<u>\$ 513,728</u>	<u>\$ -</u>	<u>360,501,375</u>
Investments measured at NAV (a)				11,459,796
Investments at fair value				<u>\$ 371,961,171</u>

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 292,468,791	\$ -	\$ -	\$ 292,468,791
Self-directed brokerage accounts	17,345,954	-	-	17,345,954
	<u>\$ 309,814,745</u>	<u>\$ -</u>	<u>\$ -</u>	<u>309,814,745</u>
Investments measured at NAV (a)				14,714,080
Investments at fair value				<u>\$ 324,528,825</u>

(a) In accordance with Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2023 and 2022:

Investment	Fair Value December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common collective trust stable value fund:					
Mellon Stable Value (a)	<u>\$ 11,444,441</u>	<u>\$ 14,694,237</u>	None	Daily	None
Common collective trust stable value fund:					
Self-Directed Brokerage account—					
Fidelity Brokerage Link (a)	<u>\$ 15,355</u>	<u>\$ 19,843</u>	None	Daily	None

(a) Seeks to achieve high current income and stability of principal.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related-Party and Parties-in-Interest Transactions

Fidelity is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee were de minimis for the year ended December 31, 2023. The Company also paid certain administrative expenses of the Plan, which are excluded from these financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has received a determination letter from the IRS dated November 23, 2016, stating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (the Code), and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

Independent Auditor's Report

Plan Administrator
NCH Healthcare System, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NCH Healthcare System, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefit for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of NCH Healthcare System, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution established on April 1, 2000 (inception) and has subsequently been amended. The Plan reflects the merger of the Naples Day Surgery Savings and Retirement Plan and Diagnostic Services, Inc. Savings and Retirement Plan. The Plan covers employees of NCH Healthcare System, Inc. (the Company) and its controlled affiliates (Diagnostic Services, Inc.; Gulf Coast Linen; Naples Community Hospital, Inc.; Community Home Services, Inc.; Marco Island Urgent Care Center; Community Home Care, Inc.; NCH, MD, Inc.; Counseling and Employee Assistance Program and Collier Health Care, Inc.) who elect to participate. On August 1, 2007, Diagnostic Services, Inc. was sold to a third-party; however, all employees of Diagnostic Services, Inc. participating in the Plan as of the sale date were allowed to continue participation. In January 2017, the majority of the assets of Naples Diagnostic Imaging Center, Inc. were acquired by the Company. As a result, net assets of the Naples Radiologist, LLC 401(k) Profit Sharing Plan were transferred to the Plan in June 2017.

Participation in the Plan commences on the participant's hire date. The board of directors oversees the employee benefit programs of the Company, and they review and approve any Plan amendment changes. The executive vice presidents and vice presidents of the Company monitor investment performance. Fidelity Management Trust Company (Fidelity) serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Auto-enrollment: The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect to not participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation invested in a designated balance fund until changed by the participant.

Contributions: Participants may contribute 1% to 75% of pre-tax annual compensation up to the dollar limit for that year set by the Internal Revenue Service (IRS), as defined in the Plan document. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make matching contributions, at its discretion, of a percentage of each participant's salary reduction contributions after the participant has completed 12 months of employment. In the event the Company chooses to make a matching contribution, the matching amount shall equal 100% of the first 2% of eligible compensation contributed by the participant as salary reduction contributions plus 50% of the next 4% of eligible compensation contributed by the participant as salary reduction contributions up to a maximum of 4% of eligible compensation. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contribution as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of a participant's account plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of service and 100% vested after three years of service or upon death, disability or reaching age 65.

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service due to death, reaching retirement age, disability or retirement, a participant may elect, if his or her vested accrued balance is more than \$5,000, to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or payments in equal monthly, quarterly, semi-annual or annual installments over a period not exceeding the joint life expectancy of the participant and a designated beneficiary. A mandatory distribution occurs if a participant's account balance is at or below \$5,000 upon termination. In-service withdrawals are also permitted for certain financial hardships or when a participant reaches age 59½.

Forfeitures: Forfeitures of non-vested portions of participant accounts occurring in a plan year are used to reduce the Company's matching contributions for the plan year in which forfeitures occur or in succeeding plan years. As of December 31, 2023 and 2022, the forfeited non-vested account totaled \$4,046 and \$13,220, respectively. During 2023, \$290,447 was used to reduce Company matching contributions and no forfeitures were used to pay administrative expenses.

Notes from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Note terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan administrator at the time of the note. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. These rates range from 4.25% to 9.50% on notes outstanding at December 31, 2023, and the loans mature through 2043. Principal and interest are paid ratably through bi-weekly payroll deductions.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions in 1% increments in any of the mutual fund options or a guaranteed investment contract. The Plan also offers a self-directed individual brokerage account through Fidelity, which allows the individual participant to invest in common stocks, mutual funds and money market accounts. Once enrolled a participant may change his or her investment options in 1% increments at any time to include any of the available investment options.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of benefits: Benefits are recorded when paid.

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Administrative expenses: The administrative expenses of the Plan primarily consist of fees to Fidelity, the trustee, fees for the administration of participants' accounts by a third-party and audit fees. Administrative expenses are paid by the Plan, except to the extent they are paid by the Company. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2023) through October 2, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the Trustee of the Plan. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets as of December 31:

	2023	2022
Investments at fair value:		
Registered investment companies (mutual funds)	\$ 340,047,819	\$ 292,468,791
Self-directed brokerage accounts	20,468,911	17,365,797
Common collective trust stable value fund	11,444,441	14,694,237
	<u>\$ 371,961,171</u>	<u>\$ 324,528,825</u>
Notes receivable from participants	<u>\$ 8,659,968</u>	<u>\$ 8,304,183</u>

The Trustee also certified to the completeness and accuracy of \$49,281,311 of net appreciation in fair value of investments, \$8,178,175 of interest and dividends and \$472,748 of interest related to notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2023.

NCH Healthcare System, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under that framework are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Registered investment companies (mutual funds): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, money market accounts and common stocks that are valued on the basis of readily determinable market prices. Accounts also include U.S. government securities that are valued on the basis of quoted prices for similar assets and liabilities or inputs other than the quoted prices that are observable either directly or indirectly. Participants are also able to invest in a common collective trust composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust.

Common collective trust stable value fund: A stable value fund is a fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 340,047,819	\$ -	\$ -	\$ 340,047,819
Self-directed brokerage accounts	19,939,828	513,728	-	20,453,556
	<u>\$ 359,987,647</u>	<u>\$ 513,728</u>	<u>\$ -</u>	<u>360,501,375</u>
Investments measured at NAV (a)				11,459,796
Investments at fair value				<u>\$ 371,961,171</u>

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	\$ 292,468,791	\$ -	\$ -	\$ 292,468,791
Self-directed brokerage accounts	17,345,954	-	-	17,345,954
	<u>\$ 309,814,745</u>	<u>\$ -</u>	<u>\$ -</u>	<u>309,814,745</u>
Investments measured at NAV (a)				14,714,080
Investments at fair value				<u>\$ 324,528,825</u>

- (a) In accordance with Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2023 and 2022:

Investment	Fair Value December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common collective trust stable value fund:					
Mellon Stable Value (a)	<u>\$ 11,444,441</u>	<u>\$ 14,694,237</u>	None	Daily	None
Common collective trust stable value fund:					
Self-Directed Brokerage account—					
Fidelity Brokerage Link (a)	<u>\$ 15,355</u>	<u>\$ 19,843</u>	None	Daily	None

- (a) Seeks to achieve high current income and stability of principal.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Notes to Financial Statements

Note 5. Related-Party and Parties-in-Interest Transactions

Fidelity is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. Fees paid by the Plan to the trustee were de minimis for the year ended December 31, 2023. The Company also paid certain administrative expenses of the Plan, which are excluded from these financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has received a determination letter from the IRS dated November 23, 2016, stating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (the Code), and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:
