Independent Auditor's Report

To the Participants and Board of Directors of
The Na Hoku, Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Na Hoku, Inc. 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Na Hoku, Inc. 401(k) Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of The Na Hoku, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

Na Hoku, Inc. (the Company and Plan Sponsor) established the Plan on January 1, 1992. The Plan is a defined contribution plan and provides for retirement, death, disability, and hardship benefits. The Plan includes assets merged from the Company's employee stock ownership plan on February 11, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company (Fidelity or Trustee) is the Plan's trustee, custodian and recordkeeper.

b. Eligibility

The Plan allows employees to participate in the Plan on the first day of each month following the completion of six consecutive months of service and attainment of age 18.

c. Contributions

Participant tax-deferred contributions may range from 1 to 60 percent of each participant's annual eligible compensation, as defined, not to exceed amounts allowable under the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants have the option of designating a portion or all deferred contributions as Roth contributions, as defined.

The Plan also provides for safe harbor matching, discretionary matching and discretionary profit-sharing contributions to be determined each year by the Company. In 2023, the Plan Sponsor made a safe harbor contribution of 100% of the first 4% of eligible compensation contributed by the participant. Profit-sharing contributions are allocated to eligible participants in the same proportion that each such participant's compensation for the Plan year bears to the total compensation of all eligible Plan participants. There were no discretionary matching or discretionary profit-sharing contributions made during 2023.

The Na Hoku, Inc. 401(k) Savings Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan (continued)

d. Participant Accounts

Earnings and losses from the Plan's investments are allocated to participants' accounts in proportion to the balances of such accounts on a daily basis.

e. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary employer matching and profit sharing contributions, plus actual earnings thereon, is based on years of service. A participant is 100 percent vested after six years of credited service, as defined. Funds rolled over from predecessor plans are fully vested upon deposit. A participant becomes fully vested upon death, permanent disability or attainment of normal retirement age, as defined.

f. Forfeitures

Distributions outstanding greater than 90 days and the portion of a terminating participant's account that is not vested is considered a forfeiture and is used to reduce employer contributions. There were no significant unallocated forfeiture account balances as of December 31, 2023 and 2022.

g. Notes Receivable from Participants

Participants may borrow from their accounts in amounts not less than \$1,000 and limited to the lesser of one-half of their vested interest, or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. Loans are secured by the balance in the participant's account, bear interest at prevailing market rates and are repaid over a maximum of five years, or more if used to acquire a primary residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

1. Description of the Plan (continued)

h. Payment of Benefits

Upon termination of service or withdrawal upon achieving age 59 1/2, participants with vested account balances less than or equal to \$5,000 will be paid a lump sum distribution. When vested account balances exceed \$1,000 and services terminate due to death, the participant's designated beneficiaries will be paid a lump sum distribution. When vested account balances exceed \$1,000 and services terminate for any other reason or withdrawal is requested after achieving age 59 1/2, the vested interest in the participant's account may be paid through one of the following methods:

1. Lump sum payment, or
2. Installment payments over a period not to exceed the life expectancy of the participant, or the joint and last survivor life expectancy of the participant and designated beneficiary.

i. Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor, as provided in the agreements with the service providers or Plan document.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

As permitted by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan maintains its records on a modified cash basis of accounting. The accounts of the Plan are prepared on a cash basis of accounting modified to carry investments at fair value and notes receivable from participants at their unpaid balance, whereby revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

b. Management's Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. At December 31, 2023 and 2022, notes receivable from participants outstanding were \$547,353 and \$376,665, respectively. These notes bear interest based on the prevailing interest rates, as determined by the Plan Administrator on January 1 of each plan year, ranging from 5.25 to 10.5 percent at December 31, 2023 and maturing on various dates through December 2033.

e. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

f. Payment of Benefits

Benefits paid to participants are recorded upon distribution.

g. Subsequent Events

The Plan Administrator evaluated subsequent events through September 30, 2024, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by Fidelity

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2023	2022
Investments, at fair value --		
Mutual Funds and Money Market Fund	\$ 28,208,115	\$ 23,929,088
Notes Receivable From Participants	547,353	376,665
Net assets available for benefits	<u>\$ 28,755,468</u>	<u>\$ 24,305,753</u>

Fidelity also certified to the completeness and accuracy of the Plan's net investment income of \$5,041,953 and interest income on notes receivable from participants of \$30,585 on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.

4. Fair Value Measurements

The modified cash basis of accounting utilizes a framework established by U.S. GAAP for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued based on quoted market prices of each fund, which represents the net asset value of shares held by the Plan at year end.

Money market fund: Valued at the net asset price of the underlying assets held by the fund at year end.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

At December 31, 2023 and 2022, the Plan classifies mutual funds carried at fair value in the amount of \$25,345,404 and \$21,210,520, respectively, as level 1 investments. At December 31, 2023 and 2022, the Plan classifies the money market fund carried at fair value in the amount of \$2,862,711 and \$2,718,568, respectively, as a level 1 investment.

5. Tax Status

The Plan adopted a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by Fidelity (Pre-Approved Plan). The Pre-Approved Plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the Pre-Approved Plan's qualified status. The Plan has been amended since receiving the opinion letter. The Pre-Approved Plan's opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC and that the Plan continues to be tax-exempt. Hawaii income tax law conforms to the IRC. Therefore, no provision for federal and state income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature are handled by the Plan Administrator in accordance with applicable IRS correction policies.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Plan years from December 31, 2020 are open for examination for federal tax purposes.

6. Termination of Plan

While the Company has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. In the event of termination, each participant automatically becomes vested to the extent of the balance credited in the participant's account.

7. Exempt Party-In-Interest Transactions

The Trustee and Fidelity Management & Research Company, an affiliate of Fidelity, are the investment managers of the Plan's investments. All purchases and sales of investments maintained by Fidelity and managed by Fidelity Management & Research Company are considered exempt party-in-interest transactions. There were no other party-in-interest transactions during the year.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022 to the Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 28,755,468	\$ 24,305,753
Notes receivable deemed distributed in the Form 5500	-	(4,671)
Net assets available for benefits per Form 5500	<u>\$ 28,755,468</u>	<u>\$ 24,301,082</u>

The following is a reconciliation of benefits paid to participants per the financial statements at December 31, 2023 to the Form 5500:

Total benefits paid to participants per the financial statements	\$ 3,110,195
Less: Participant loans - deemed distribution in prior year	(4,671)
Add: Participant loans - deemed distribution in current year	-
Total benefits paid to participants per the Form 5500	<u>\$ 3,105,524</u>

The Form 5500 considers defaulted loans deemed distributions, and the financial statements continue to classify them as loans until a distributable event occurs such as termination of employment, death or disability.

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).
