To the Plan Administrator

Gold Cross Services, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gold Cross Services, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Gold Cross Services, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, adoption agreement and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Gold Cross Services, Inc. and affiliates (the Employer or the Plan Sponsor) who have reached a minimum of 18 years of age. The Plan, established effective January 1, 1987 and amended and restated effective January 1, 2022, is intended to be a qualified retirement plan under the Internal Revenue Code (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to 100% of their pretax compensation as defined in the Plan, subject to the maximum amount allowable under the IRC of \$22,500 for the year ended December 31, 2023. Participants who have reached 50 years of age or older before the end of the Plan year were eligible to make additional catch-up contributions of \$7,500 for 2023. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions, and the related matching contributions made by the Plan Sponsor, into various investment options offered by the Plan.

Eligible employees automatically become participants and are enrolled into the Plan with a 5% deferral rate, unless they elect otherwise. These contributions are credited a designated target fund investment option, based on the participant's current age and normal retirement date. Participants can transfer money from the default investment at any time by electing an alternative investment.

The Plan allows for a discretionary matching contribution to each participant based on his or her elective deferrals in a percentage set by the Employer that is not in excess of 100% of each participant's contributions. During the year ended December 31, 2023, the Employer matched participant contributions 20% of eligible contributions.

Participants Accounts

Each participant's account is credited with the participant's contribution, the Employer's matching contribution, and an allocation of earnings, and is charged with withdrawals and an allocation of losses and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are always fully vested in their voluntary contributions. Employer matching contributions on elective deferrals and the actual earnings thereon become fully vested after 3 years of service.

Notes Receivable from Participants

A participant may borrow up to the lesser of \$50,000 or 50% of his or her vested account balance, with a minimum loan amount of \$1,000. Loans are repayable over a period not to exceed five years, unless for the purchase of a principal residence, through principal and interest payroll deductions. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed.

Payment of Benefits

Upon a participant's death, retirement, or termination of employment, a participant or his or her beneficiaries may receive a distribution equal to the vested balance in his or her account in a single, lump-sum cash payment, subject to the Plan's provisions. Upon termination of employment participant account balances less than \$5,000 may be automatically distributed without participant consent. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events.

Administrative Expenses

Plan administrative expenses may be paid by the Plan Sponsor or charged to the Plan and deducted from participants' individual accounts. During the year ended December 31, 2023, the Plan paid \$58,855 in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeitures

Forfeitures occur as of the earlier of (1) the last day of the Plan year in which the Plan Administrator distributes the participant's entire vested interest, or (2) the last day of the Plan year of the fifth consecutive break in service, as defined by the Plan. Forfeitures of terminated participant's non-vested accounts are used to pay administrative expenses and to reduce the Employer's contributions.

As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$32,723 and \$39,961, respectively. For the year ended December 31, 2023, forfeiture losses were \$7,666 and the forfeiture account had net investment gain of \$428. A total of \$0 Plan expenses were paid from forfeitures in 2023.

Recent Pronouncements

On December 29, 2023, the Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act 2.0") was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants in the future include increasing the age for Required Minimum Distributions (RMDs). Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are valued at the daily closing price. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fully benefit responsive fixed annuity (guaranteed investment contract) is recorded at contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, minus early withdrawal charges, which charges are contractually defined.

Net appreciation in the fair value of investments includes realized and unrealized gains on investments, and is currently recognized in income. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested as earned.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest, and are secured by the participants' vested account balances. Interest income is recognized over the terms of the notes at the rate specified in the loan documents.

Fees related to notes receivable from participants are recorded as administrative expenses when they are incurred. If a participant defaults, the carrying amount of the note receivable from the participant is eliminated and a benefit payment is recorded at the time the participant has a distributable event. As of December 31, 2023, notes receivable from participants have maturities ranging from March 2024 through July 2048 and bear interest at rates ranging from 4.25% to 9.50%.

Risks and Uncertainties

In general, investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of assets available for benefits.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

The Plan Administrator has evaluated events occurring subsequent to year end through October 2, 2024, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Investments are reported in accordance with established authoritative guidance, which requires a three-level valuation hierarchy for disclosure of fair value measurements.

The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table summarizes the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

2023					
Description	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 11,695,001	\$ -	\$ -	\$	11,695,001
Total investments	\$ 11,695,001	\$ -	\$ -	\$	11,695,001

2022					
Description	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 8,804,940	\$ -	\$ -	\$	8,804,940
Total investments	\$ 8,804,940	\$ -	\$ -	\$	8,804,940

4. Fully Benefit Responsive Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Empower Annuity Insurance Company. Empower Annuity Insurance maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Accordingly, the GIC is considered a traditional investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Since the GIC is fully benefit-responsive, it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. Management has concluded that no events are probable of occurring that would limit the ability of the Plan to transact at contract value with the contract issuer.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Party-In-Interest Transactions

The notes receivable from participants are exempt party-in-interest transactions permitted by ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Federal Income Tax Status

The Plan has adopted a non-standardized prototype plan which has obtained a favorable tax opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the non-standardized prototype plan is qualified under the appropriate sections of the Internal Revenue Code.

Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified. Accordingly, no provision for income taxes is included in the accompanying financial statements.

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has concluded that as of December 31, 2023, there are no uncertain tax positions that require either recognition or disclosure in the financial statements. The Plan is subject to audits by taxing authorities for tax years for which the applicable statutes of limitations have not expired. There are currently no audits for any tax periods in progress.

8. Information Certified by The Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (formerly known as Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, respectively), the trustees of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of Plan investment transactions and related income and loss
