Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Toyota Industries North America Group Associates' 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Effective October 1, 2023, for eligible participants of Northern Lift Trucks, Inc., this participating employer makes matching contributions of 60% of employees' salary deferral amounts up to 6% of employee's compensation.

The Plan allows participants to designate a portion or all of the salary deferral contributions as Roth 401(k) contributions. In addition, the Plan allows participants to make in-plan Roth conversions of employee deferral and employer match account balances.

The Plan includes an automatic deferral feature whereby a new participant is treated as electing to defer 6% of eligible compensation unless the participant makes an affirmative election otherwise. The Plan also provides for an annual increase of 1% in the percentage deferred, unless the participant makes an affirmative election otherwise, and is ultimately capped at 75%. The annual increase takes effect on July 1 of each year.

The Companies may also make a discretionary profit-sharing contribution as determined by the Company's Board of Directors. There was a total of \$3,391,841 and \$4,940,019 in discretionary profit-sharing contributions made by certain participating employers during 2023 and 2022, respectively. Employer profit-sharing contributions to the Plan, if any, are allocated to each participant based on compensation.

Contributions are subject to certain limitations. Forfeitures may be used to reduce the Companies' contributions or pay expenses of the Plan, at the Company's discretion.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of continuous service. Generally, a participant is fully vested after two years of continuous service, however, different vesting provisions apply to certain account balances merged into the Plan from other retirement benefit plans, as detailed in the Plan Document. The nonvested balance is forfeited upon termination of service.

At December 31, 2023 and 2022, there were \$1,206,865 and \$1,095,787, respectively, of nonvested forfeitures available for use. During 2023 and 2022, \$120,432 and \$110,376 of forfeitures were used to pay Plan expenses, respectively. During 2023 and 2022, \$1,474,939 and \$811,929, respectively, of forfeitures were used to reduce employer contributions.

In October 2023, \$1,144,905 of forfeitures were used to fund the gross true-up contribution for 2022 of \$2,304,283, resulting in remaining employers contribution receivable of \$1,159,377 to be recorded as of December 31, 2022.

In addition, in June 2024, \$1,310,222 of forfeitures were used to fund the gross true-up contribution for 2023 of \$3,239,050, resulting in remaining employers contribution receivable of \$1,928,828 to be recorded as of December 31, 2023.

Payment of Benefits

Upon termination of service, an employee can elect to receive a lump-sum amount equal to the value of his account.

Hardship withdrawals are permitted from a participant's salary deferral or rollover account balances for financial necessity as defined by the Plan.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are collateralized by the participants' vested account balance and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The common collective trust is valued at NAV as reported by the fund daily. The NAV is based on the value of underlying assets owned by the trust, minus its liabilities. The money market fund is valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter defined-contribution plan document sponsored by FMR, LLC. The volume submitter plan has been filed with the appropriate agency. The Plan obtained its latest determination letter on January 20, 2017, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Companies or the Plan, at the Companies' discretion.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2023 and 2022
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

**Toyota Industries North America Group

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

		Fair Value Measurements Using

	<u>\$ 883,986,173</u>	<u>\$ 852,032,064</u>	<u>\$ 31,954,109</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no Level 3 investments.

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$977,942 and \$892,842 of administrative and loan fees to Fidelity during 2023 and 2022, respectively. The Plan paid \$230,827 and \$217,090 of investment advisory fees to Strategic Advisors, Inc. during 2023 and 2022, respectively. The Plan paid \$75,000 of consulting fees to Capital Strategies Investment Group during 2023 and 2022, respectively. The Company provides certain administrative services at no cost to the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, which is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Note 6. Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include recording \$280,635 and \$249,177 of deemed distributed loans as of December 31, 2023 and 2022, respectively, on the accompanying statements of net assets available for benefits while the Form 5500 excludes these loans. These differences were not considered material by Plan management.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. The Company failed to remit employee contributions in the amount of \$2,948 and loan repayments in the amount of \$404 in accordance with the Department of Labor's remittance policy for the year ended December 31, 2023. The Company remitted these employee contributions and loan repayments during December 2023.

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Additionally, during the course of an audit by the Department of Labor (DOL), it was determined that for the period of 2018 through 2022, the Company did not remit on a timely basis \$3,738 of participant contributions and \$5,617 of loan repayments to the Plan. The Company remitted these employee contributions and loan repayments during December 2023.

It was also determined certain unallowable expenses were improperly paid from the Plan, thus constituting a nonexempt transaction between the Plan and the Company. The nonexempt transaction of unallowable expenses was \$10,565 from 2018. The Plan was reimbursed plus interest of \$7,526 for these expenses during December 2023.

Note 9. Subsequent Events

Effective April 1, 2024, Toyota Material Handling Northwest, Inc. (d/b/a Toyota Lift Northwest) was added to the Plan as a participating employer.

Effective May 1, 2024, Toyota Advanced Logistics North America, Inc. changed its name to Toyota Automated Logistics North America, Inc.

Effective June 1, 2024, RH Brown, LLC was added to the Plan as a participating employer.

Effective August 30, 2024, ToyotaLift Northeast, LLC was added to the Plan as a participating employer.

Effective October 1, 2024, Abel Womack, Inc. was added to the Plan as a participating employer.

Subsequent events have been evaluated through September 27, 2024, which is the date the financial statements were available to be issued.

Independent Auditor's Report

Plan Administrator
Toyota Industries, North America Group
Associates' 401(k) Retirement Plan
Columbus, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Toyota Industries North America Group Associates' 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees covered by a collective bargaining agreement are not eligible to participate in the Plan. The only leased employees who are eligible to participate in the Plan are Japanese Nationals working at one of the participating employers. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 75% of eligible compensation. Employee rollover and catch-up contributions are also permitted.

Except as noted below, all companies make matching contributions of 100% of employees' salary deferral amounts up to 4% of employees' compensation if the participant has worked less than five years and 6% of employees' compensation if the participant has worked five or more years.

For eligible participants of Toyota Industries Compressor Parts America Co. and TD Automotive Compressor Georgia, LLC, these participating employers make matching contributions of 100% of employees' salary deferral amounts up to 3% of employees' compensation and 50% of employees' salary deferral amount on the next 6% of employees' compensation.

**Toyota Industries North America Group

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

For eligible participants of Raymond Transportation Corporation; Raymond Accounts Management, Inc.; The Raymond Sales Corporation; Raymond-Muscatine, Inc. and The Raymond Corporation, these participating employers make matching contributions of 50% of employees' salary deferral amounts up to 6% of employee's compensation effective April 1, 2023. Prior to April 1, 2023, these participating employers made matching contributions of 25% of employees' salary deferral amounts up to 5% of employees' compensation.

For eligible participants of Pengate Handling System of New York, Inc. and Pengate Handling Systems, Inc., these participating employers make matching contributions of 75% of employees' salary deferral amounts up to 6% of employees' compensation effective April 1, 2023. Prior to April 1, 2023, these participating employers made matching contributions of 75% of employees' salary deferral amounts up to 5% of employees' compensation.

For eligible participants of N.J. Malin & Associates, LLC, this participating employer makes matching contributions of 30% of employees' salary deferral amounts up to 5% of employee's compensation.

For eligible participants of Welch Equipment Company, Inc., this participating employer makes matching contributions of 100% of employees' salary deferral amounts up to 6% of employee's compensation.

For eligible participants of Toyota Material Handling PennWest, Inc., this participating employer contributes \$1.90 for each hour worked for service technicians. For all eligible participants, this participating employer makes matching contributions of 25% of employees' salary deferral amounts up to 6% of employees' compensation.

Effective October 1, 2023, for eligible participants of Northern Lift Trucks, Inc., this participating employer makes matching contributions of 60% of employees' salary deferral amounts up to 6% of employee's compensation.

The Plan allows participants to designate a portion or all of the salary deferral contributions as Roth 401(k) contributions. In addition, the Plan allows participants to make in-plan Roth conversions of employee deferral and employer match account balances.

The Plan includes an automatic deferral feature whereby a new participant is treated as electing to defer 6% of eligible compensation unless the participant makes an affirmative election otherwise. The Plan also provides for an annual increase of 1% in the percentage deferred, unless the participant makes an affirmative election otherwise, and is ultimately capped at 75%. The annual increase takes effect on July 1 of each year.

The Companies may also make a discretionary profit-sharing contribution as determined by the Company's Board of Directors. There was a total of \$3,391,841 and \$4,940,019 in discretionary profit-sharing contributions made by certain participating employers during 2023 and 2022, respectively. Employer profit-sharing contributions to the Plan, if any, are allocated to each participant based on compensation.

Contributions are subject to certain limitations. Forfeitures may be used to reduce the Companies' contributions or pay expenses of the Plan, at the Company's discretion.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of continuous service. Generally, a participant is fully vested after two years of continuous service, however, different vesting provisions apply to certain account balances merged into the Plan from other retirement benefit plans, as detailed in the Plan Document. The nonvested balance is forfeited upon termination of service.

At December 31, 2023 and 2022, there were \$1,206,865 and \$1,095,787, respectively, of nonvested forfeitures available for use. During 2023 and 2022, \$120,432 and \$110,376 of forfeitures were used to pay Plan expenses, respectively. During 2023 and 2022, \$1,474,939 and \$811,929, respectively, of forfeitures were used to reduce employer contributions.

In October 2023, \$1,144,905 of forfeitures were used to fund the gross true-up contribution for 2022 of \$2,304,283, resulting in remaining employers contribution receivable of \$1,159,377 to be recorded as of December 31, 2022.

In addition, in June 2024, \$1,310,222 of forfeitures were used to fund the gross true-up contribution for 2023 of \$3,239,050, resulting in remaining employers contribution receivable of \$1,928,828 to be recorded as of December 31, 2023.

Payment of Benefits

Upon termination of service, an employee can elect to receive a lump-sum amount equal to the value of his account.

Hardship withdrawals are permitted from a participant's salary deferral or rollover account balances for financial necessity as defined by the Plan.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are collateralized by the participants' vested account balance and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The common collective trust is valued at NAV as reported by the fund daily. The NAV is based on the value of underlying assets owned by the trust, minus its liabilities. The money market fund is valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter defined-contribution plan document sponsored by FMR, LLC. The volume submitter plan has been filed with the appropriate agency. The Plan obtained its latest determination letter on January 20, 2017, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Companies or the Plan, at the Companies' discretion.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2023 and 2022
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Mutual funds	\$ 850,943,654	\$ 850,943,654	\$ -	\$ -
Common collective trusts	31,954,109	-	31,954,109	-
Money market fund	1,088,410	1,088,410	-	-
	<u>\$ 883,986,173</u>	<u>\$ 852,032,064</u>	<u>\$ 31,954,109</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no Level 3 investments.

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$977,942 and \$892,842 of administrative and loan fees to Fidelity during 2023 and 2022, respectively. The Plan paid \$230,827 and \$217,090 of investment advisory fees to Strategic Advisors, Inc. during 2023 and 2022, respectively. The Plan paid \$75,000 of consulting fees to Capital Strategies Investment Group during 2023 and 2022, respectively. The Company provides certain administrative services at no cost to the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, which is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Note 6. Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include recording \$280,635 and \$249,177 of deemed distributed loans as of December 31, 2023 and 2022, respectively, on the accompanying statements of net assets available for benefits while the Form 5500 excludes these loans. These differences were not considered material by Plan management.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. The Company failed to remit employee contributions in the amount of \$2,948 and loan repayments in the amount of \$404 in accordance with the Department of Labor's remittance policy for the year ended December 31, 2023. The Company remitted these employee contributions and loan repayments during December 2023.

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Additionally, during the course of an audit by the Department of Labor (DOL), it was determined that for the period of 2018 through 2022, the Company did not remit on a timely basis \$3,738 of participant contributions and \$5,617 of loan repayments to the Plan. The Company remitted these employee contributions and loan repayments during December 2023.

It was also determined certain unallowable expenses were improperly paid from the Plan, thus constituting a nonexempt transaction between the Plan and the Company. The nonexempt transaction of unallowable expenses was \$10,565 from 2018. The Plan was reimbursed plus interest of \$7,526 for these expenses during December 2023.

Note 9. Subsequent Events

Effective April 1, 2024, Toyota Material Handling Northwest, Inc. (d/b/a Toyota Lift Northwest) was added to the Plan as a participating employer.

Effective May 1, 2024, Toyota Advanced Logistics North America, Inc. changed its name to Toyota Automated Logistics North America, Inc.

Effective June 1, 2024, RH Brown, LLC was added to the Plan as a participating employer.

Effective August 30, 2024, ToyotaLift Northeast, LLC was added to the Plan as a participating employer.

Effective October 1, 2024, Abel Womack, Inc. was added to the Plan as a participating employer.

Subsequent events have been evaluated through September 27, 2024, which is the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Toyota Industries North America Group Associates' 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Employees covered by a collective bargaining agreement are not eligible to participate in the Plan. The only leased employees who are eligible to participate in the Plan are Japanese Nationals working at one of the participating employers. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 75% of eligible compensation. Employee rollover and catch-up contributions are also permitted.

Except as noted below, all companies make matching contributions of 100% of employees' salary deferral amounts up to 4% of employees' compensation if the participant has worked less than five years and 6% of employees' compensation if the participant has worked five or more years.

For eligible participants of Toyota Industries Compressor Parts America Co. and TD Automotive Compressor Georgia, LLC, these participating employers make matching contributions of 100% of employees' salary deferral amounts up to 3% of employees' compensation and 50% of employees' salary deferral amount on the next 6% of employees' compensation.

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

For eligible participants of Raymond Transportation Corporation; Raymond Accounts Management, Inc.; The Raymond Sales Corporation; Raymond-Muscatine, Inc. and The Raymond Corporation, these participating employers make matching contributions of 50% of employees' salary deferral amounts up to 6% of employee's compensation effective April 1, 2023. Prior to April 1, 2023, these participating employers made matching contributions of 25% of employees' salary deferral amounts up to 5% of employees' compensation.

For eligible participants of Pengate Handling System of New York, Inc. and Pengate Handling Systems, Inc., these participating employers make matching contributions of 75% of employees' salary deferral amounts up to 6% of employees' compensation effective April 1, 2023. Prior to April 1, 2023, these participating employers made matching contributions of 75% of employees' salary deferral amounts up to 5% of employees' compensation.

For eligible participants of N.J. Malin & Associates, LLC, this participating employer makes matching contributions of 30% of employees' salary deferral amounts up to 5% of employee's compensation.

For eligible participants of Welch Equipment Company, Inc., this participating employer makes matching contributions of 100% of employees' salary deferral amounts up to 6% of employee's compensation.

For eligible participants of Toyota Material Handling PennWest, Inc., this participating employer contributes \$1.90 for each hour worked for service technicians. For all eligible participants, this participating employer makes matching contributions of 25% of employees' salary deferral amounts up to 6% of employees' compensation.

Effective October 1, 2023, for eligible participants of Northern Lift Trucks, Inc., this participating employer makes matching contributions of 60% of employees' salary deferral amounts up to 6% of employee's compensation.

The Plan allows participants to designate a portion or all of the salary deferral contributions as Roth 401(k) contributions. In addition, the Plan allows participants to make in-plan Roth conversions of employee deferral and employer match account balances.

The Plan includes an automatic deferral feature whereby a new participant is treated as electing to defer 6% of eligible compensation unless the participant makes an affirmative election otherwise. The Plan also provides for an annual increase of 1% in the percentage deferred, unless the participant makes an affirmative election otherwise, and is ultimately capped at 75%. The annual increase takes effect on July 1 of each year.

The Companies may also make a discretionary profit-sharing contribution as determined by the Company's Board of Directors. There was a total of \$3,391,841 and \$4,940,019 in discretionary profit-sharing contributions made by certain participating employers during 2023 and 2022, respectively. Employer profit-sharing contributions to the Plan, if any, are allocated to each participant based on compensation.

Contributions are subject to certain limitations. Forfeitures may be used to reduce the Companies' contributions or pay expenses of the Plan, at the Company's discretion.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

**Toyota Industries North America Group
Associates' 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022**

Participant Accounts

Each participant's account is credited with the participant's contribution, the Companies' contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Companies' contribution portion of their accounts plus earnings thereon is based on years of continuous service. Generally, a participant is fully vested after two years of continuous service, however, different vesting provisions apply to certain account balances merged into the Plan from other retirement benefit plans, as detailed in the Plan Document. The nonvested balance is forfeited upon termination of service.

At December 31, 2023 and 2022, there were \$1,206,865 and \$1,095,787, respectively, of nonvested forfeitures available for use. During 2023 and 2022, \$120,432 and \$110,376 of forfeitures were used to pay Plan expenses, respectively. During 2023 and 2022, \$1,474,939 and \$811,929, respectively, of forfeitures were used to reduce employer contributions.

In October 2023, \$1,144,905 of forfeitures were used to fund the gross true-up contribution for 2022 of \$2,304,283, resulting in remaining employers contribution receivable of \$1,159,377 to be recorded as of December 31, 2022.

In addition, in June 2024, \$1,310,222 of forfeitures were used to fund the gross true-up contribution for 2023 of \$3,239,050, resulting in remaining employers contribution receivable of \$1,928,828 to be recorded as of December 31, 2023.

Payment of Benefits

Upon termination of service, an employee can elect to receive a lump-sum amount equal to the value of his account.

Hardship withdrawals are permitted from a participant's salary deferral or rollover account balances for financial necessity as defined by the Plan.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are collateralized by the participants' vested account balance and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based upon the terms of the Plan Document.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The common collective trust is valued at NAV as reported by the fund daily. The NAV is based on the value of underlying assets owned by the trust, minus its liabilities. The money market fund is valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter defined-contribution plan document sponsored by FMR, LLC. The volume submitter plan has been filed with the appropriate agency. The Plan obtained its latest determination letter on January 20, 2017, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Companies or the Plan, at the Companies' discretion.

Note 3. Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2023 and 2022
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2023

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 4. Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no Level 3 investments.

Note 5. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan paid \$977,942 and \$892,842 of administrative and loan fees to Fidelity during 2023 and 2022, respectively. The Plan paid \$230,827 and \$217,090 of investment advisory fees to Strategic Advisors, Inc. during 2023 and 2022, respectively. The Plan paid \$75,000 of consulting fees to Capital Strategies Investment Group during 2023 and 2022, respectively. The Company provides certain administrative services at no cost to the Plan.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, which is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Note 6. Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include recording \$280,635 and \$249,177 of deemed distributed loans as of December 31, 2023 and 2022, respectively, on the accompanying statements of net assets available for benefits while the Form 5500 excludes these loans. These differences were not considered material by Plan management.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Nonexempt Transactions

Defined-contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. The Company failed to remit employee contributions in the amount of \$2,948 and loan repayments in the amount of \$404 in accordance with the Department of Labor's remittance policy for the year ended December 31, 2023. The Company remitted these employee contributions and loan repayments during December 2023.

Additionally, during the course of an audit by the Department of Labor (DOL), it was determined that for the period of 2018 through 2022, the Company did not remit on a timely basis \$3,738 of participant contributions and \$5,617 of loan repayments to the Plan. The Company remitted these employee contributions and loan repayments during December 2023.

It was also determined certain unallowable expenses were improperly paid from the Plan, thus constituting a nonexempt transaction between the Plan and the Company. The nonexempt transaction of unallowable expenses was \$10,565 from 2018. The Plan was reimbursed plus interest of \$7,526 for these expenses during December 2023.

Note 9. Subsequent Events

Effective April 1, 2024, Toyota Material Handling Northwest, Inc. (d/b/a Toyota Lift Northwest) was added to the Plan as a participating employer.

Effective May 1, 2024, Toyota Advanced Logistics North America, Inc. changed its name to Toyota Automated Logistics North America, Inc.

Effective June 1, 2024, RH Brown, LLC was added to the Plan as a participating employer.

Effective August 30, 2024, ToyotaLift Northeast, LLC was added to the Plan as a participating employer.

Effective October 1, 2024, Abel Womack, Inc. was added to the Plan as a participating employer.

Subsequent events have been evaluated through September 27, 2024, which is the date the financial statements were available to be issued.
