Independent Auditor's Report

To the Plan Administrator of the
IDT CORPORATION 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of IDT Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IDT Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IDT Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IDT Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IDT Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IDT Corporations 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H assets held at end of year as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**IDT CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

1. Description of Plan

The following description of the IDT Corporation ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General:

The Plan is a defined contribution plan covering most employees of the Company who are twenty-one or older and have three months of service, except collectively bargained employees, leased employees or employees of a controlled group or affiliated service group that do not adopt the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The Plan is contributory, and participants may contribute up to 92% of their pre-tax or after-tax (as a Roth deferral) annual compensation, up to the limit in effect for the year (\$22,500 and \$20,500 in 2023 and 2022 respectively) as defined by the Internal Revenue Code ("IRC"). Participants aged 50 or older may make an additional "catch-up" contribution (up to \$7,500 and \$6,500 in 2023 and 2022 respectively). Participants may also contribute amounts representing distributions (as a rollover) from other qualified plans. For the year ended December 31, 2023, the rollover contributions amount to \$40,407.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at a specific percentage of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The initial automatic deferral percentage is 4% and increases by 1 percent per year with a maximum deferral of 10%.

The Company may make a discretionary matching contribution which may be determined as a uniform percentage of compensation or as a uniform dollar amount. In addition to the discretionary contribution, the Company may elect to make a qualified non-elective contribution (QNEC). Any QNEC contributed to the Plan will be divided equally among all eligible participants as an equal percentage of Plan compensation. For the year ended December 31, 2023, the Company made an elective matching contribution of \$1,126,463.

Participant accounts:

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of Company discretionary contributions and Plan earnings and charged with withdrawals and allocation of Plan losses. Allocations are based on participant compensation or account balances, as defined.

**IDT CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

1. Description of Plan (continued)

Participant accounts (continued):

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options:

Participants direct the investment of their contributions into money market funds, mutual funds, common collective trust funds and employee stock funds offered by the Plan. Company contributions are invested in each participant's account according to participant's selected allocation. Participants may change or transfer their investment options at any time via telephone to a call center or through a designated on-line system.

Vesting:

Participants are immediately vested in their voluntary contributions, rollover contributions and qualified non-elective contributions and any special contributions that are made by the Plan on the participants' behalf plus actual earnings thereon. Vesting in the Company's matching discretionary contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. The vesting schedule is as follows:

Upon termination of service, a participant receives a lump-sum amount equal to the vested value of his or her account, or various annuity options.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' account and bear interest ranging from 4.25% to 9.5%. Principal and interest is paid ratably through payroll deductions. Loan terms range from 1 to 5 years. Participants may have two loans outstanding at any time. As of December 31, 2023 and 2022, the Plan had loans receivable from participants with principal balances totaling \$2,052,538 and \$1,940,748, respectively.

1. Description of Plan (continued)

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participants' vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.

Forfeited accounts:

Forfeited amounts are used to offset the Company's contributions to the Plan and to pay certain Plan expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$12,141 and \$4,431, respectively. For the year ended December 31, 2023 there were \$37,577 in additional forfeitures. During the year \$29,867 was used from the forfeiture account to pay plan expenses.

2. Summary of Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**IDT CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

2. Summary of Significant Accounting Policies (continued)

Notes receivable from participants:

Notes receivable from participants are measured at the unpaid principal balance. Interest income is recorded as received. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Participant loans become delinquent if payment is not made by the end of the calendar quarter following the calendar quarter in which the payment was due. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefits:

Benefits to participants are recorded when paid.

Administrative expenses

The Company absorbs most of the costs of the plan (legal fees, audit fees, third party administration fees), however, the remaining costs are not deemed material to the financial statements presented. Investment fees and charges are paid by the participant.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 2, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan administrator measures certain financial assets and liabilities at fair value in accordance with Accounting Standards Codification 820, Fair Value Measurement, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date. The Plan administrator employs the market approach to measure fair value. The market approach uses prices or relevant information generated by market transactions involving identical or comparable assets or liabilities. In measuring fair value, the Plan administrator maximizes the use of quoted prices and observable inputs. A description of the fair value hierarchy is as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar

**IDT CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

3. Fair Value Measurements (continued)

assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable inputs based upon management's best estimates of inputs market participants could use in pricing the asset or liability at the measurement date, including the assumption of risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open ended mutual funds registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Employer securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed brokerage investments: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts: Valued at the net asset value of units of a collective trust. The net asset value, as provided by the fund manager, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value.

The following tables set forth by level, within the hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2023 and 2022:

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for plan benefits.

4. Investment Contracts with Insurance Companies

The Plan invests in a traditional fully benefit-responsive investment contract with Transamerica Life Insurance Company (TLIC). As part of the contract, TLIC maintains Company money in a nonpooled insurance separate account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TLIC. The contract issued by TLIC contains a minimum guaranteed interest rate applicable to funds under the contract of 0.0%. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

**IDT CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

4. Investment Contracts with Insurance Companies (continued)

The TLIC contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya and TLIC, represent contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

5. Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it has the rights under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100 percent vested in their accounts.

**IDT CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

6. Federal Income Tax Status

The Plan files as part of a prototype plan that received its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require that plan management evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administration believes it is no longer subject to income tax examinations for years prior to 2020.

7. Risk and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Trustee, Transamerica Life Insurance Company, and its affiliate, State Street Bank and Trust Company, have certified to the completeness and accuracy of:

- Investments excluding notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments excluding interest income from participant receivables reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments reflected on the schedule of assets (held at end of year) excluding participant receivables.

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree information to the trust statements certified by the Plan's trustee and provided to them by the Plan administrator.

NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2023 AND 2022**

9. Party-in-Interest Transactions

Certain of the Plan's investments are managed by the trustee or an affiliate of the trustee and in the common stock of the Company; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivables to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Additionally, the plan has a number of service providers, which qualify as parties-in-interest. Fees paid by the plan to parties-in-interest amounted to \$377,772 and \$402,283 for the years ended December 31, 2023 and 2022, respectively.

The company is also a party-in-interest to the Plan under the definition provided in Section 3(14) of ERISA. Therefore, the Company's common stock transactions qualify as party-in-interest transactions. At December 31, 2023 and 2022, the fair value of the IDT Corporation and related companies stock fund was \$11,302,754 and \$10,153,866, respectively, and the Plan recorded no dividend income from IDT Corporation and related companies stock funds in 2023.

10. Reconciliation of Financial Statements to Schedule H Form 5500

There are no adjustments to reconcile the investment balances and the related investment income and losses per the financial statements to Form 5500 as of and for the year ended December 31, 2023.
