INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ever Fresh Fruit Company, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December, 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVER FRESH FRUIT COMPANY, INC. 401(K) PLAN
INDEPENDENT AUDITOR'S REPORT (CONTINUED)
Years Ended December 31, 2023 and 2022

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

EVER FRESH FRUIT COMPANY, INC. 401(K) PLAN
INDEPENDENT AUDITOR'S REPORT (CONTINUED)
Years Ended December 31, 2023 and 2022

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVER FRESH FRUIT COMPANY, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2023 and 2022

NOTE 1. DESCRIPTION OF PLAN

The following description of the Ever Fresh Fruit Company, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General – The Plan was first established effective January 1, 2003. The Plan is a defined contribution plan, which is qualified as a cash or deferred arrangement under Section 401(a) and 401(k) of the Internal Revenue Code (the “Code”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers all employees of Ever Fresh Fruit Company, Inc. who have completed two consecutive months of service, or one year of service, and are age 21 or older. Ever Fresh Fruit Company, Inc. is the sponsoring employer and will be referred to hereafter as the Plan Sponsor. Union employees governed by a collective bargaining agreement that includes retirement benefits cannot participate in the Plan. Eligible employees can enter the Plan as a participant on the first day of the month following the date employees satisfy eligibility requirements.

Contributions – Participants may also elect to contribute a portion of their compensation as a pretax or post tax (Roth) contribution, as defined in the Plan document, not to exceed statutory limits. Participants may also contribute amounts representing distributions from other qualified plans. Notwithstanding the catch-up provisions, the statutory limit on each participant’s contributions for calendar year 2023 was \$22,500.

The Plan provides a Safe Harbor non-elective contribution equal to 100% of participant salary deferrals up to 4% of eligible compensation. The Plan Sponsor may also contribute a discretionary non-Safe Harbor, non-elective contribution that is determined annually by its Board of Directors. For the Plan years ended December 31, 2023 and 2022, the Board did not approve any discretionary contributions.

Investment Elections – The Plan currently offers various registered investment companies which participants can select from. Participants may choose any combination of investments offered by the Plan. Participants can change investment combinations as often as permitted under the particular investment vehicle.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Plan Sponsor’s contributions, (b) Plan earnings (losses), (c) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

EVER FRESH FRUIT COMPANY, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
Years Ended December 31, 2023 and 2022

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% vested in the Plan Sponsor’s matching and non-safe harbor, non-elective contributions after completing one plan year of service or if employed on or after normal retirement age of 65, or upon death.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, rollover their account balance to another qualified plan or individual retirement account, or receive an annuity, as specified by Plan provisions. Qualifying hardship distributions may only be requested through the Plan Sponsor, are subject to administrative approval, and must comply with applicable IRS regulations.

The Plan Sponsor may force-out accounts of terminated participants with balances of \$5,000 or less. These will be treated as a lump sum or rollover distributions as designated by the participant. If the participant makes no designation, the distribution will be made in a lump sum.

Forfeited Accounts – Forfeitures may be used to reduce employer contributions or pay administrative expenses of the Plan. As of December 31, 2023 and 2022, forfeited non-vested accounts were \$874 and \$1,187, respectively, used to reduce employer contributions during the years then ended.

Notes Receivable from Participants – Participants may borrow from their accounts \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as participant-directed investments. The loans are secured by the remaining balance in the participant’s account and bear interest at the prime lending rate as posted in the Wall Street Journal. Principal and interest are paid ratably through payroll deductions for a period generally not to exceed five years and are subject to a processing fee to initiate the loan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation – Mutual funds are valued at fair value based on published market rates. The Plan’s custodian certifies the fair market value of the investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions once a scheduled payment remains unpaid as of the end of the last day of the calendar quarter following the calendar quarter in which the required payment was due.

Payment of Benefits – Benefits are recorded when paid. As of December 31, 2023, there were no distributions requested by participants, but not yet processed, that would require disclosure in these financial statements.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these statements while others are paid using forfeitures or directly from participant accounts and are included in Plan expenses. Expenses include professional fees for audit services, administrative expenses which include fees paid for recordkeeping and third-party administrator services, and investment advisory fees which includes advising and management of the Plan's investments. Other investment related expenses are included in net appreciation/depreciation in fair value of investments.

Date of Management's Review – Subsequent events were evaluated through September 17, 2024, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Registered Investment Companies (Mutual Funds) – Investments in mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2023 and 2022:

As of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 6,400,363	\$ -	\$ -	\$ 6,400,363

As of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,510,430	\$ -	\$ -	\$ 5,510,430

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. INFORMATION CERTIFIED BY THE CUSTODIAN

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Capital Bank and Trust Company, the custodian of the Plan, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and the supplemental schedule H, line 4i-Schedule of Assets (Held at end of Year) as of December 31, 2023; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 5. PARTIES-IN-INTEREST

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. Fees paid during the year to third party administrators or the trustees for services rendered by parties in interest were based on customary and reasonable rates for such services. These transactions qualify as exempt parties in interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE 7. TAX STATUS

Effective January 1, 2015, the Plan adopted a pre-approved volume submitter plan document, which has an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the Plan is acceptable under the Internal Revenue Code (IRC). The Plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified, and the related trust was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. SIGNIFICANT PLAN AMENDMENTS

Executed July 14, 2022, the Plan was amended to comply with CARES/SECURE Acts passed in 2020 and 2021, and amendment to document the Plan's compliance with various laws passed with the CARES/SECURE Acts and other guidance issued by the Internal Revenue Service. The Plan was amended primarily ensure compliance with current law and do not materially change Plan provisions.
