REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Plan Administrator of
The George Washington University Supplemental Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of The George Washington University Supplemental Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of opinion
We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion
The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Emphasis of matter – Basis of accounting
We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our responsibility is to conduct an audit of the Plan's financial statements in accordance with the modified cash basis of accounting as described in Note 2 and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The George Washington University Supplemental Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The George Washington University ("University") established the Plan effective January 1, 1989. The purpose of the Plan is to provide supplemental retirement benefits for participating employees as an integral part of the University's overall retirement program. The Plan is a defined contribution plan governed by Section 403(b) of the Internal Revenue Code ("IRC") and is designed to comply with the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). The Plan allows each participating employee to build retirement income by making contributions to Plan accounts established in the employee's name. It provides the employee with the opportunity to defer part of their earnings, on a tax-favored basis, and to direct the investment of their contributions in annuity contracts and custodial accounts offered by certain investment providers.

Benefits are funded by annuities issued by the Teachers Insurance Annuity Association ("TIAA"), the TIAA Real Estate Account, the various variable annuities offered by the College Retirement Equities Fund ("CREF") (collectively "TIAA and CREF"), the TIAA and CREF Mutual Funds, the annuities offered by AXA Equitable Life Insurance Company ("Equitable") and mutual funds offered by Fidelity Management Trust Company ("Fidelity"). Vanguard Mutual Funds are offered through Fidelity. In 2009, Equitable was eliminated as an investment provider option (existing dollars remained with Equitable, however, no new contributions were allowed). TIAA Trust, N.A., ("Trust Company") serves as custodian for the Plan's investments in the TIAA and CREF Mutual Funds as well as American Century Fund and MFS Mutual Funds. TIAA FSB served as the custodian for the Plan's investment in the TIAA and CREF Mutual Funds as well as American Century Fund and MFS Mutual Funds for the year ended December 31, 2022.

The University Plan Administration Committee serves as the Plan Administrator.

Participation and Vesting

In general, an employee will be eligible for participation if the employee is a regular full-time employee, regular part-time employee or non-student temporary/wage employee of the University. Employees can enroll in the 403(b) plan and select the deferral percentage or make changes to current elections via the internet or by calling Fidelity. Fidelity Investments serves as the primary administrative service provider. The Plan maintains Qualified Default Investment Alternatives if an employee fails to select investment funds for their contributions: TIAA maintains the TIAA-CREF Lifecycle Funds and Fidelity maintains the Fidelity Freedom Funds. In the event that an employee designates TIAA as an investment provider for their contributions, but fails to designate specific investment funds, the contributions will be invested in the TIAA-CREF Lifecycle Funds. In all other cases where an employee fails to provide investment direction (i.e., failing to designate an investment provider or designating Fidelity as an investment provider but failing to designate specific investment funds offered by Fidelity), contributions will be invested in the Fidelity Freedom Funds until the employee provides Fidelity with other investment direction. All plan contributions and benefits derived therefrom are immediately fully vested and nonforfeitable.

Contributions

Employees may choose to make pre-tax or post-tax Roth contributions to the Plan in a percentage of salary through an online salary reduction agreement. An employee's salary will be reduced by the amount of the percentage the employee selects on the salary reduction agreement, subject to limitations imposed by the IRC. Employees may change the amount of their election at any time during the year, subject to the

limitations imposed by the Internal Revenue Service ("IRS"). Contributions were limited to $22,500 for 2023 subject to IRC 402(g). If an employee reaches the limitation imposed by the IRC for pre-tax or post-tax Roth contributions, and the employee will turn age 50 during a particular plan year, the employee may make additional pre-tax or post-tax Roth contributions known as Catch-Up contributions each year, beginning in that Plan year. The employee's salary will be reduced by the amount to be contributed as Catch-Up contributions, which was limited to $7,500 for 2023. Under IRC section 415(c), the annual limit for combined employer and employee contributions shall not exceed the lesser of $66,000 or 100% of the employee compensation. Employees can also make rollover contributions. Subject to the rules of the funding vehicles, a participant may have deposited to the participant's rollover contribution account an eligible rollover distribution. Post-tax Roth contributions or rollovers containing post-tax Roth contributions from a qualified retirement plan are allowed.

Each participant's account is credited with the participant's contribution and plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

In general, participants may begin receiving a distribution of their plan accounts upon the earliest of their termination of employment; their disability (as defined in the applicable individual agreement with a custodian); or their attainment of age 59½. Participants may elect to receive benefit payments under any of the lifetime income benefits available through the TIAA annuities or may maintain their investments in the investment vehicles kept on TIAA and Fidelity platforms. The annuities are based upon the value of the investment results and the mortality and expense associated with the specific annuities available through TIAA, which are selected by the participant. The terms of the Plan may require distributions to be made in the form of a lump-sum payment, without the consent of the participant or beneficiary, if it is permitted by the related investment and annuity accounts, but no such payment may be made without the consent of the participant or beneficiary unless the individual account balance does not exceed $5,000.

The annuities are used to purchase a guaranteed amount of future benefits. TIAA provides annuities to participants, which are considered unallocated contracts. A participant can only withdraw from the TIAA Traditional Annuities according to the predetermined installment plan.

Upon retirement, participants who invest in the TIAA Real Estate Account, TIAA Traditional Annuities or the CREF Variable Annuities may continue to invest in these accounts or may transfer their assets among these three types of accounts. Participants who have invested in Equitable Registered Investment Companies ("RICs") may transfer their assets among the above three types of accounts and the Equitable RICs.

Equitable continues to provide services for making benefit payments to participants from the Equitable RICs.

The minimum distribution rule requires retired or terminated former employees to begin withdrawing minimum amounts from their retirement account starting the year they reach 72 years of age (73 if you reach age 72 after December 31, 2022).

Participants may request a loan and/or hardship withdrawal against their plan account invested with TIAA and/or Fidelity.

For accounts invested with TIAA, participants may be eligible to apply for a loan against amounts invested in the TIAA Traditional Annuities (see Note 4), or to apply for a financial hardship withdrawal from their plan

account, as allowed by the participant's individual agreement with TIAA that is applicable to the participant's investments.

A hardship withdrawal from a participant's 403(b) plan may be permitted, while a participant is still actively employed, if the participant has a financial hardship for which funds are not reasonably available from other resources of the participant. For the purpose of the Plan, financial hardship may include expenses for: (1) certain medical expenses, (2) costs relating to the purchase of a principal residence, (3) tuition and related educational fees and expenses, (4) payments necessary to prevent eviction from, or foreclosure on, a principal residence, (5) burial or funeral expenses, and (6) certain expenses for the repair of damage to the employee's principal residence.

Administrative Expenses

All investment-related administrative fees are included in the expense ratios for the various investment options kept on TIAA, Fidelity, and Equitable, except for fees associated with certain participant directed transactions. Where the Plan maintains a balance in and makes active contributions to certain investment vehicles kept on TIAA and Fidelity platforms, TIAA and Fidelity fund Revenue Credit Accounts in the Plan based upon income generated by the Plan. The amount determined to be in excess of TIAA and Fidelity's revenue requirements is deposited into the Revenue Credit Accounts of the Plan. The Revenue Credit Accounts may only be used either to pay direct, reasonable and necessary expenses of the Plan with authorization or to provide benefits for plan participants and beneficiaries in the form of revenue credits.

All other administrative expenses of the Plan are paid by the University.

Termination

The University intends to continue the Plan indefinitely but reserves the right to amend, modify, terminate, or discontinue further contributions or payments under the Plan at any time. In the event of a complete or partial termination of the Plan or discontinuance of contributions, all individual accounts will remain nonforfeitable.

Plan Records

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009 were not maintained. Moreover, the third-party custodians were unable to provide those records to management necessary to substantiate the historical balances. Consequently, the financial statements and supplemental schedule of assets (held at end of year) have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements and supplemental schedule cannot be determined.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The Plan's accounting records are maintained on the modified cash basis of accounting. Investments are reflected at fair or contract value. Participant contributions are recorded when received by the Plan insurance company, custodians and trustee.

Use of Estimates

The preparation of the modified cash basis financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets and liabilities. Significant items subject to such estimates and assumptions include the valuation of investments. Actual results may differ materially from management's estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments.

Investment Valuation and Income Recognition

Investments are reflected at fair value, except for fully benefit-responsive investment contracts, which are reflected at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Notes 3 and 8 for discussion of contract value and fair value measurement, respectively. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets the net appreciation in fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation of those investments.

Risk and Uncertainties

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - PLAN ASSETS

Participants in the Plan may elect to allocate their contributions among the TIAA Traditional Annuities, TIAA Real Estate Account, CREF Variable Annuities, TIAA-CREF, Fidelity, Vanguard, MFS, and American Century Mutual Funds, or any combination thereof. The allocations may be in any whole number proportion, including full allocation to any annuity or account. The allocation of contributions may be changed by the participant at any time by notifying Fidelity and TIAA.

TIAA Traditional Investments are offered through the Retirement Annuity ("RA") and Group Supplemental Retirement Annuity ("GSRA") contracts. Contributions to the TIAA Traditional Annuities are used to purchase a guaranteed amount of future retirement benefits. TIAA provides annuities to participants, which are considered unallocated contracts. The TIAA Traditional Annuities are guaranteed annuities, which guarantee principal and pay a guaranteed minimum interest of 3% for December 31, 2023 and 2022.

Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees on a year-by-year basis. When declared, the additional amounts remain in effect for the declaration year that begins each March 1, and are not guaranteed for future years. Together the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase. TIAA groups premium dollars received over defined periods into vintages for the purposes of determining the crediting rate for the applicable declaration year during the accumulation period.

The TIAA Traditional Annuity holdings within the RA contracts have liquidity restrictions and are non-benefit responsive and, therefore, are reported at fair value. Distributions, withdrawals, and transfers out of these contracts can only be made in 10 annual installments through Transfer Payout Annuities. The TIAA Traditional Annuity holdings within the GSRA contracts contain no liquidity restrictions and are fully benefit responsive and, therefore, are reported at contract value. Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Contributions to the TIAA Real Estate Account are placed in an insurance company pooled separate account, which invests in various real estate interests. Contributions to the CREF, TIAA and CREF, Vanguard or Fidelity Mutual Funds are used to purchase shares in various types of Mutual Funds, including stock, bond, and money market funds. Upon retirement, participants may elect to transfer the accumulations in their TIAA Real Estate, Equitable and CREF Variable Annuity accounts to TIAA Traditional Annuities. TIAA and CREF Mutual Funds and Fidelity and Vanguard Mutual Funds are not eligible to be annuitized by TIAA.

NOTE 4 - LOANS

Notes Receivable from Participants

Loans offered from Fidelity and TIAA held funds are issued from participant's accounts. The minimum loan is $1,000 and the maximum is $50,000 or 50% of the participant's account balance, whichever is less. The maximum loan term is five years, or 10 years if the loan is for the purchase of a primary residence. Fidelity participants are charged a $75 one-time loan setup fee, and a maintenance fee of $6.25 per quarter on each loan. Loan fees are deducted from the participant's account balance on a quarterly basis. The interest rate for Fidelity loans is the Reuters Prime Rate plus 1%, updated quarterly. TIAA participants are charged a one-time loan setup fee of $75 for general purpose loans, or $125 for primary residence loans. A maintenance fee of $25 per year is also charged on each loan. Loan fees are deducted from the participant's account balance annually. The interest rate for TIAA loans is the Wall Street Journal Prime Rate plus 1%, updated quarterly. As of December 31, 2023 and 2022, participants had $2,892,409 and $2,340,860 of outstanding loan balances, respectively, that carried interest rates of 4.25% to 9.50% for 2023 and 4.25% to 8.00% in 2022. Effective January 1, 2022, participants are permitted no more than three loans outstanding at a time.

Plan Loans

Loans offered from TIAA prior to February 17, 2021 are plan loans and are issued directly from funds owned by TIAA and not directly from a participant's account. The minimum loan is $1,000 and the maximum is $50,000 (or 45% of a participant's account balance whatever is less). Maximum term of loan is five years (10 years in connection with purchase of a primary residence). To secure a plan loan, a participant must transfer 110% of the requested loan into the TIAA Traditional Annuities to be held as collateral. TIAA sets the interest rate quarterly, which generally approximates the prevailing prime rate. Interest rates for the Plan loans ranged from 4.00% to 6.84% on December 31, 2023 and 4.00% to 7.38% on December 31, 2022. For all plan loans, interest is paid directly to TIAA. TIAA does not charge any loan fees. As of December 31, 2023 and 2022, participants had $1,633,353 and $2,858,165, respectively, of plan loans with TIAA with $1,796,688 and $3,143,981, respectively, of plan assets designated as collateral for these loans. Were a plan loan to go into default, the collateral associated with the loan would not be distributed to TIAA unless the participant was otherwise eligible for a distribution.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN AND INSURANCE COMPANIES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, as custodian, AXA Equitable and TIAA and CREF are insurance carriers regulated, supervised and subject to periodic examinations, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate. The TIAA and CREF certification also extends to those investments, if any, which TIAA Trust, N.A. and TIAA, FSB, both national trust banks, held as a directed trustee or custodian that were record kept by TIAA for the years ending December 31, 2023 and December 31, 2022, respectively:

- Investments, at fair value and contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment income and interest income on notes receivable from participants and plan servicing credit, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent certified accountants did not perform any auditing procedures with respect to information certified by the trustees, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

NOTE 6 - CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Plan to concentrations of credit risk consist primarily of investments. The Plan has offered plan participants the ability to direct investments to various investment accounts. Certain funds invest in debt instruments. The issuer's abilities to meet these obligations may be affected by economic developments in their respective industries.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain plan investments are shares of Registered Investment Companies, Mutual Funds, Variable Annuities, Traditional Annuities or the Pooled Separate Account managed by TIAA and CREF, Equitable and Fidelity (as applicable), the insurance companies and custodian, respectively, as defined by the Plan

and, therefore, these transactions qualify as party-in-interest and related party transactions. The transactions in Revenue Credit Accounts in the Plan, managed by TIAA and CREF and Fidelity, are also party-in-interest and related party transactions.

NOTE 8 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. There were no changes in the methodologies used as of December 31, 2023 or 2022.

Mutual Funds: Valued at the daily net asset value ("NAV") of shares held by the Plan. Because these funds are traded on an active exchange and are valued primarily on the basis of market quotations, official closing prices, or on the basis of information furnished by a pricing service, they are classified as Level 1.

Variable Annuities: The fair values of accumulation units held by the Plan in the CREF accounts (registered investment companies held as variable annuity accounts) are based on each account's daily NAV, which is considered by plan management to be the best approximation of fair value. CREF accounts are not exchange-traded. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website (Level 1) and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing

sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Insurance Company Pooled Separate Account: Valued at NAV of accumulation units held by the Plan at year end. NAV, calculated daily, is applied to daily purchase and sale transactions in addition to being used to value ending market values. Transfers out of this account are limited to once per quarter. These assets are classified as Level 2 because, while the funds have a quoted NAV, they are not publicly traded and have certain restrictions impacting participants' ability to transact.

TIAA Traditional Annuities: Valued at the amount that would be received at the reporting date if amounts were withdrawn or funds transferred within the Plan prior to maturity. A participant can only withdraw from the non-fully benefit responsive TIAA Traditional Annuities according to the predetermined installment plan. These assets are classified as Level 3 due to lack of observable transaction or similar investment instruments.

The following table sets forth by pricing observability level, the Plan's assets at fair value as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
Investments	Level 1	Level 2	Level 3	Total
TIAA Traditional annuity	$ -	$ -	$ 228,822,615	$ 228,822,615

The following table sets forth by pricing observability level, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
Investments	Level 1	Level 2	Level 3	Total
TIAA Traditional annuity	$ -	$ -	$ 234,212,696	$ 234,212,696

Purchases of Level 3 investments were $17,042,654 for the Plan year ended December 31, 2023. There were no transfers into or out of Level 3 during 2023 and 2022.

The following table presents information about the valuation techniques used by management utilizing information provided by TIAA to measure fair value, significant unobservable inputs, and the ranges of values for these inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2023 and 2022:

Type	2023 Fair value	2022 Fair value	Valuation Technique	Significant Unobservable Inputs	Range
TIAA Traditional Annuity-RA	$ 228,822,615	$ 234,212,696	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	2023: 4.00% - 6.75% 2022: 3.70% - 6.25%

TIAA Traditional Annuity non-fully benefit responsive account balances are reported at contract value, which approximates fair value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate applied to contributions received during a reporting period, which may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

NOTE 9 - TAX STATUS

It is the intention of the University that the Plan, as amended and restated, meets the requirements of ERISA and qualifies under Section 403(b) of the IRC, thereby exempting the Plan from federal income taxes. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator follows the authoritative guidance on accounting for and disclosure of uncertainty in tax positions. The Plan Administrator has determined that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2023 and 2022. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 15, 2024, which is the date the financial statements were available to be issued. Management is not aware of any subsequent event which would require recognition or disclosure in the financial statements.
