REPORT OF INDEPENDENT AUDITORS

To the Investment Committee of the
Caris Science, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Caris Science, Inc. 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or was derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARIS SCIENCE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

A. Description of Plan

General

The following description of the Caris Science, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan is a defined contribution plan for the benefit of the employees of Caris Science, Inc., Caris MPI, Inc., Caris Molecular Pathology, and Caris Pharmatech, Inc. (collectively, the “Company”). The Plan qualifies as a profit-sharing plan under the Internal Revenue Code (the “Code”) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

Effective October 21, 2023, Empower Retirement, LLC (“Empower”) became the sole custodian of the Plan, as Empower acquired the retirement business of Prudential Bank & Trust, F.S.B (“Prudential”) (collectively, the “Custodians”). As a result of this transition, the trustees of the Plan changed from Prudential and Prudential Retirement Insurance and Annuity Company (“PRIAC”) to Empower Trust Company, LLC (“ETC”) and Empower Annuity Insurance Company of America (“EAIC”) (collectively, the “Trustees”). The Plan covers substantially all eligible employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2022, the Plan was amended to allow employees to enter the Plan immediately upon their date of hire.

Employee Contributions

Participants are permitted to contribute a percentage of their annual compensation, as defined in the Plan document, to the Plan through either tax-deferred contributions or Roth contributions. These salary withholdings cannot exceed a maximum dollar amount determined by the Code each year.

Transfers from qualified plans are allowed under the provisions of the Plan. After-tax contributions other than Roth contributions are not allowed.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

Employer Contributions

The Company makes a “safe harbor” contribution, which is 100% of a participant’s elective deferral that does not exceed 3% of a participant’s eligible compensation, plus 50% of the next 2% of a participant’s eligible compensation.

In addition to the “safe harbor” contribution, the Company may make a discretionary contribution. The matching rate for the discretionary contribution would be the same as the rate for the “safe harbor” contribution. No discretionary contributions were made for the years ended December 31, 2023 and 2022.

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor contribution, any employer discretionary contribution, and Plan investment earnings or losses, which are allocated proportionately among all participants based on their investment in each fund. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Vesting

Participants are fully vested in all contributions made to the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her salary deferrals and any employer contributions into a variety of investment options, which vary in degree of risk. Participants should refer to the Plan document for a more complete description of the investment options available.

Each participant has the right to convert all or any portion of his/her account from one investment fund to any other investment fund at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum allowed by the current Code regulations, which is generally the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are generally secured by the balance in the participant's account and bear interest that is considered reasonable based upon prevailing interest rates. As of December 31, 2023 and 2022, interest rates ranged from 4.25% to 9.50% and 4.25% to 7.25%, respectively. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, certain plan expenses incidental to the administration of the Plan, may be paid by the Plan. Plan expenses not paid by the Plan are paid by the Company and are not reflected in the accompanying financial statements.

Payment of Benefits

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers or lump-sum payments.

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of Plan – continued

Payment of Benefits – continued

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his/her vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, his/her spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his/her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payments for burial or funeral expenses for the participant's parent, spouse, children, or dependents; (6) expenses for the repair of damage to the participant's principal residence that would qualify for the casualty deduction under Code §165; or (7) expenses or losses (including loss of income) incurred on account of disaster declared by the Federal Emergency Management Agency.

Forfeitures

Forfeited balances are used to offset employer matching contributions for the year. During the years ended December 31, 2023 and 2022, approximately \$4,000 and \$160,000 of forfeitures were allocated to reduce matching contributions, respectively. Unallocated forfeitures outstanding as of December 31, 2023 and 2022, were approximately \$2,000.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since employee and employer contributions are recorded when received rather than when earned.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. See Note C for information related to the Plan's valuation methodologies.

The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the fair value of investments held at year-end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is recorded when received. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the participants and the Company are recognized in the period in which they are received by the Custodian.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

C. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements - continued

Management has described its methodologies below used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.
- Self-directed brokerage accounts primarily consist of mutual funds, money market funds, exchange-traded funds, and common stocks that are valued on the basis of readily determinable market prices and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2023 and 2022. Excluding the fully benefit-responsive investment contract (see Note D), all of the Plan's investments are comprised of mutual funds and self-directed brokerage accounts, which are classified as Level 1 investments. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2023 and 2022.

		2023	
		Level 1	Total
Mutual funds		\$97,359,510	\$97,359,510
Self-directed brokerage accounts		73,829	73,829
Total investments at fair value		<u>\$97,433,339</u>	<u>\$97,433,339</u>
		2022	
		Level 1	Total
Mutual funds		\$67,750,871	\$67,750,871
Self-directed brokerage accounts		36,110	36,110
Total investments at fair value		<u>\$67,786,981</u>	<u>\$67,786,981</u>

D. Fully Benefit-Responsive Investment Contract

The Plan holds a benefit-responsive investment contract with the Custodians and Trustees. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

D. Fully Benefit-Responsive Investment Contract – continued

The traditional investment contract held by the Plan is a guaranteed investment contract. The Custodians and Trustees are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.50%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net realized and unrealized gains (losses) on investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians and Trustees.

F. Tax Status

Effective January 1, 2022, the Plan adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which has an advisory letter from the Internal Revenue Service (“IRS”) dated September 16, 2022, in which the IRS stated that the Plan, as designed, was in compliance with the applicable requirements of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The modified cash basis of accounting requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

G. Plan Termination

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

H. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in a fully benefit-responsive investment contract managed by Empower. Empower acts as the Custodian of the Plan and, therefore, transactions in such an investment, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA, which are exempt from the prohibited transaction rules.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2023, per the accompanying financial statements to the Form 5500:

Net assets available for benefits per the financial statements	\$109,760,285
Deemed distributions of participant loans as reflected in the Form 5500 for the current year	<u>(21,334)</u>
Net assets available for benefits per the Form 5500	<u><u>\$109,738,951</u></u>

CARIS SCIENCE, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

J. Reconciliation of Financial Statements to Form 5500 – continued

The following is a reconciliation of the net change in net assets available for benefits for the years ended December 31, 2023, per the accompanying financial statements to the Form 5500:

Net change in net assets available for benefits per the financial statements	\$ 32,673,483
Deemed distributions of participant loans as reflected in the Form 5500 for the current year	<u>(21,334)</u>
Net change in net assets available for benefits per the Form 5500	<u>\$ 32,652,149</u>

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. There were no reconciling items as of and for the year ended December 31, 2022.

K. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through September 30, 2024, the date the financial statements were available for issuance.
