Report of Independent Auditors

To the Administrator of AstraZeneca Savings and Security Plan

Opinion

We have audited the accompanying financial statements of AstraZeneca Savings and Security Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ASTRAZENECA SAVINGS AND SECURITY PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan:

General:

The following description of the AstraZeneca Savings and Security Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Plan, formerly known as the Zeneca Deferred Compensation Plan, was established on April 1, 1958, and was designed to provide a systematic means of saving and investing for the future.

Effective July 1, 2000, the Zeneca Deferred Compensation Plan was amended and restated as the Plan sponsorship transferred from Zeneca Inc. to AstraZeneca Pharmaceuticals LP (the “Company”). Regular full-time and part-time employees of the Company are immediately eligible to participate in the Plan. The Company is an indirect wholly owned subsidiary of AstraZeneca PLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is intended as a plan described in Section 404(c) of ERISA and Section 2550.404c-1 of Title 29 of the Code of Federal Regulations. Because the Plan allowed participants to invest both before-tax and after-tax contributions in AstraZeneca PLC American Depositary Receipts (“ADRs”), the Plan and the stock offered thereunder are registered under the Securities Act of 1933 (the “Act”). Participants have not been able to make new investments in, or transfer funds to the ADRs on or after December 15, 2015.

The AstraZeneca Investment Committee is the Plan’s named fiduciary for investment and certain administrative duties, and the AstraZeneca Administration Committee is the Plan’s named fiduciary for claims administration and certain other duties. Both committees are appointed by and subject to review by the AstraZeneca North America HR Sub-Committee.

Administrative Expenses:

Some costs and expenses incident to the administration of the Plan and the management of the trust, including the compensation of the trustee, are paid by the Company. Brokerage charges and fees incurred in connection with the purchase and sale of securities are included as an element of the cost of securities purchased or as a reduction in the proceeds of securities sold. Investment advisory fees are paid by the Company. Administrative expenses included in the statement of changes in net assets available for benefits relate to participant distribution mailings and short-term trading fees applicable to certain investment options. These amounts are paid by the Plan, as a reduction from the participants’ account.

Contributions:

Participants can make before-tax or after-tax (including ROTH) contributions of up to 50% of annual eligible compensation. The maximum amount of the Company match is one dollar for each dollar of the first 6% of eligible compensation that a participant contributes to the Plan. Participants age 50 and over are eligible to contribute additional before-tax and ROTH contributions (“catch-up contributions”) above the annual Internal Revenue Service (“IRS”) limitations up to \$7,500 in 2023. The contribution limit for participants is \$22,500 and the limitation on benefits and contributions under Section 415(c)(1)(A) of the Internal Revenue Code is \$66,000 in 2023.

ASTRAZENECA SAVINGS AND SECURITY PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan, continued:

Certain employees of the Company are eligible to receive “AZ Retirement Company Contributions.” A participant’s employer contribution is equal to a specified percentage of a participant’s eligible compensation for the Plan year, based on a participant’s points. Participant’s points are calculated as the aggregate age and service credits allocated to a participant for a plan year determined as of December 31 of the prior plan year. A participant shall receive one point for each year of attained age and one point for each completed year of points service. A participant shall also receive one point for full months of attained age and completed service that aggregate 12. During 2023, the specific employer contribution percentage was determined by the basis of the participant’s points for the Plan year as set forth in the following chart:

<u>Basic contributions</u>	<u>Participant’s points</u>
5%	Less than 40 points
6%	40 to 59 points
7%	60 to 79 points
8%	80 or more points

The amount of contributions is subject to the limitations imposed by the Internal Revenue Code (“IRC”). Both employee and Company contributions are allocated to each participant account. Participants direct the investment of their employee and Company contributions into the various investment options offered by the Plan.

Participant Accounts:

Each participant’s account is adjusted periodically to reflect his or her allocated portion of participant and Company contributions and investment earnings or losses. Investment earnings or losses allocated to each participant’s account are based on the portion of income and expenses and gains and losses of each investment in which the assets represented by the participant’s account are invested.

Vesting:

Participants are immediately vested in their contributions and all Company matching contributions, plus actual earnings thereon. A participant who is credited with at least one hour of service on or after January 1, 2007 becomes fully vested in his or her AZ Retirement Company Contributions after the completion of three years of service. If a participant is involuntarily terminated as a result of a Company restructuring, layoff or job elimination, their account will become fully (100%) vested if they would have otherwise become fully vested under the terms of the Plan no later than the six month anniversary of the date of their involuntary termination.

ASTRAZENECA SAVINGS AND SECURITY PLAN

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan, continued:

Participant Loans:

The Plan allows plan loans pursuant to Section 408(b)(1) of ERISA and the regulations thereunder. The maximum loan amount is the lesser of 50% of a participant's account balance or \$50,000, excluding any amounts in the AZ Retirement Company Contributions and reduced by the participant's highest outstanding plan loan balance over the previous 12 months. The minimum loan amount is \$1,000 and the maximum is two loans outstanding at any time for any eligible borrower. Loans must generally be repaid over a period of up to five years, except for loans to purchase a principal residence which may be repaid over a period of up to 10 years. Interest rates are based on the "prime rate" published in the Wall Street Journal on the first calendar day of the month in which the loan is taken and remains fixed over the life of the loan. The principal amount and interest on a loan shall be repaid by level payroll deductions during each payroll period in which the loan is outstanding. As of December 31, 2023, the interest rates on the participant loans range from 3.25% to 9.5%. The AZ Retirement Company Contributions are not available for loans.

Payment of Benefits:

In the case of death, disability, termination, or retirement, a participant or, if applicable, the participant's beneficiary, may receive a distribution of the vested portion of his or her accounts in a lump-sum amount or in installments. In addition, a participant may elect to withdraw all or part of his or her account in special circumstances, as defined by the Plan.

Forfeited Accounts:

If participants terminate employment prior to becoming fully vested in their AZ Retirement Company Contributions, then those contributions will be forfeited and used to reduce future employer company contributions to the Plan for the remaining participants. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$2,649 and \$878 respectively. Forfeitures used to reduce employer company contributions were \$1,705,124 for the year ended December 31, 2023.

2. Significant Accounting Policies:

The significant accounting policies employed in the preparation of the accompanying financial statements are as follows:

Basis of Accounting:

The financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See note 4 for discussion of fair value measurements.

ASTRAZENECA SAVINGS AND SECURITY PLAN

Notes to Financial Statements

December 31, 2023 and 2022

2. Significant Accounting Policies, continued:

Investment Valuation and Income Recognition, continued:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants (loans) are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as benefits paid based upon the terms of the Plan document.

Payment of Benefits:

Benefit payments are recorded when paid.

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Fully Benefit-Responsive Investment Contracts:

The Plan invests in a portfolio of fully benefit-responsive guaranteed investment contracts ("GICs") issued by insurance companies that is required to be reported at contract value. PFM Asset Management LLC served as the investment manager for the portfolio through December 15, 2022 and was replaced by Invesco Advisers, Inc., with oversight from the AstraZeneca Investment Committee. The portfolio is credited with interest on the GICs and debited for participant withdrawals.

Participants may direct the withdrawal or transfer of all or a portion of their investment. Participants cannot transfer their balance to a competing investment option without the amount of such transfer first being directed to one of the Plan's other investment options and held thereunder for at least 90 days.

The Plan holds two types of investment contracts: traditional GICs and synthetic wraps. A traditional GIC is an investment contract issued by an insurance company or bank that provides for the payment of a specified rate of interest to the Plan and for the repayment of principal when the contract matures. A synthetic wrap unbundles the investment and insurance components of a traditional GIC. The Plan invests in and retains ownership of a pool of fixed income securities (e.g., government securities, pooled separate accounts, private and public mortgage-backed securities, other asset-backed securities and investment grade corporate obligations, etc.).

These securities are "wrapped" by a synthetic investment contract issued by a bank or insurance company that insures that participant-initiated withdrawals from the synthetic investment contract will be paid at contract value. The gain or loss on the underlying investments is recognized over time by adjusting the interest rate credited to the Plan under the synthetic wrap.

3. Fully Benefit-Responsive Investment Contracts, continued:

The following table lists the investment contract values as of December 31, 2023 and 2022:

Type of Contract	Contract Value	
	2023	2022
Traditional	156,309,898	\$ 194,515,415
Synthetic	139,254,508	158,076,118
Total	\$ 295,564,406	\$ 352,591,533

Fully benefit-responsive investment contracts guarantee that (1) the crediting rate provided under the contract will not fall below zero and (2) participant-initiated withdrawals from the fund (i.e., withdrawals as a result of death, disability, retirement, termination of employment, hardship withdrawal, loan, and transfers to a non-competing fund) will be covered at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. In certain circumstances, the amount withdrawn from the contract would be payable at fair value rather than at contract value. These events may include, but are not limited to, the redemption of all or a portion of the interests in the Fund at the direction of the Plan Sponsor (including partial termination of the Plan), withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary or unit, the bankruptcy or insolvency of the Plan Sponsor, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the contract issuer's underwriting criteria for issuance of a clone contract. The events described above that could result in the payment of benefits at fair value rather than at contract value are not currently probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the Plan's loss of its qualified status, material breaches of contractual obligations that are not cured, delivery of any communication to plan participants to influence a participant not to invest in the Stable Value option, the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA, a material and adverse change to the provisions of the Plan, or termination of the Plan. If one of these events were to occur, the contract issuer could terminate the contract at the market value of the underlying investments (or in the case of a traditional GIC, at the hypothetical market value based upon a contractual formula).

4. Fair Value Measurements:

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements

December 31, 2023 and 2022

4. Fair Value Measurements, continued:

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Common stock: Funds are invested in the common stock of AstraZeneca PLC ("AZ Common Stock"). The fair value is a quoted price in an active market.

Mutual funds: Valued at fair value of shares held by the Plan at year end. The fair value is a quoted price in an active market. The net asset value ("NAV") is based upon the assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Commingled funds and Collective trusts: Valued at the NAV of shares held by the Plan at year end. The NAVs, provided by external investment managers as a practical expedient, are based on quoted prices for the fund's underlying securities (some of which are marketable), estimates, appraisals, assumptions, and methods that are reviewed by management. This investment category has no unfunded commitments and there are no redemption restrictions.

Money market funds: Valued at fair value of shares held by the Plan at year end. The fair value is a quoted price in an active market.

Private equity funds: Valued at the NAV of shares held by the Plan at year end. The NAVs, provided by private equity fund managers as a practical expedient, are based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares or units outstanding or multiplied by the Plan's pro rata interest, in the case of non-unitized investments. The private equity fund managers provide financial statements on a quarterly basis, which are used to value the securities based on the Plan's ownership percentage.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Subtopic 820-10, collective trusts, private equity funds, and commingled funds that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

For the years ended December 31, 2023 and 2022, there were no transfers in or out of level 3 as there were no level 3 investments noted.

Notes to Financial Statements

December 31, 2023 and 2022

5. Internal Revenue Service Status:

The IRS has determined and informed the Company by a letter dated February 8, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and restated, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Plan Termination:

Although it has not expressed any intent to do so, the AstraZeneca North America HR Sub-Committee has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA and other applicable laws. In the event of Plan termination, participants would be 100 percent vested in their employer contributions.

7. Party-in-Interest Transactions:

Certain Plan investments are shares of mutual funds managed by affiliates of Fidelity Investment Management Company. Fidelity Investment Management Company is the trustee as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan also invests in shares of AZ Common Stock, which qualifies as a party-in-interest transaction. As of December 31, 2023 and December 31, 2022, the fair value of investments in AZ Common Stock was \$158,431,850 and \$167,148,357, respectively. During the year ended December 31, 2023, the Plan had no purchases and had sales of \$11,351,696 of AZ Common Stock. The total dividend income received during 2023 was \$3,500,171. The total realized and unrealized gain/(loss) during 2023 was (\$894,437).

8. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

All accounts under the Alexion 401(k) Plan were fully vested as of December 29, 2023 and those accounts and any attributable earnings, shall be fully vested under the Plan following the merger.

11. Plan Assets Transferred:

As a result of business acquisitions by the Company, the following transfer into the Plan was completed in 2023: the net assets of Alexion 401(k) Plan in the amount of \$583,216,167 were transferred into the Plan on December 29, 2023. This transfer is reflected in the statement of changes in net assets available for benefits.

As a result of the termination of the AstraZeneca Defined Benefit Pension Plan, Plan Amendment No. 2 permitted the AstraZeneca Defined Benefit Pension Plan's transfer of \$2,133,296 in excess assets to the Plan to be held in a suspense account under the Plan. A portion of these transferred assets must be used each year to comply with the IRS qualified replacement plan requirements.

12. Subsequent Event:

The Plan has evaluated subsequent events through June 24, 2024, the date the financial statements were available to be issued, and noted the following:

For the plan year ended December 31, 2023, an employer match true-up contribution receivable of \$6,560,877 for the Alexion 401(k) Plan was recorded and subsequently paid to the Plan in February 2024.
