(1) Name: **BONADIO & CO.,LLP**

(2) EIN: **16-1131146**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒

INDEPENDENT AUDITOR'S REPORT

September 11, 2024

To the Trustees of
Capital District Physicians' Health Plan, Inc.
401(k) Profit Sharing Plan:

Opinion

We have audited the accompanying financial statements of Capital District Physicians' Health Plan, Inc. (CDPHP) 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of Capital District Physicians' Health Plan, Inc. 401(k) Profit Sharing Plan as of December 31, 2023 and 2022, and the changes in its assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Capital District Physicians' Health Plan, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) at December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CAPITAL DISTRICT PHYSICIANS' HEALTH PLAN, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. THE PLAN

The following description of the Capital District Physicians' Health Plan, Inc. (Company, CDPHP) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees and part-time employees of the Company. Plan participants may contribute earnings through traditional 401(k) elections (pre-tax), Roth 401(k) elections (after tax), or a combination of both on the first day of the month following the date of hire and attaining the age of 21. These employees are eligible to receive a proportionate employer match, as defined. The Plan also includes a discretionary employer contribution to employees who have at least six months of service, 1,000 hours and are employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of September 2023, the Plan switched plan recordkeepers from Transamerica Retirement Solutions to Empower Retirement, LLC. At that time, the custodian of the assets transferred from State Street Bank and Trust Company and Transamerica Financial Life Insurance Company prior to the recordkeeping change to Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York.

Contributions and Contributions Receivable

Participants may contribute up to 75% of their annual compensation subject to certain limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 4% of eligible compensation, with annual automatic escalations of 1% until reaching a maximum of 15% of eligible compensation. Contributions are automatically invested in a Default Alternative fund until changed by the participant. The Company makes a qualified matching contribution to the Plan on behalf of the participants as a percentage of the employee's contribution. The matching contribution is 100% of the participant's contributions up to 2% of annual compensation, plus 25% of the participant's contributions from 2% to 8% of annual compensation.

At its discretion, the Company may make employer profit sharing contributions to the Plan for each employee that meets the eligibility requirements. The employer did not make a profit sharing contribution to the Plan for the years ended December 31, 2023 and 2022.

There was no employer contribution receivable at December 31, 2023 and 2022 related to the aforementioned discretionary profit sharing contribution. For the years ended December 31, 2023 and 2022 the employer match receivable was \$152,977 and \$139,239, respectively.

1. THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the participant's share of the Company's contributions, (b) Plan earnings (losses), and (c) charged with an allocation of any administrative expenses paid by the Plan. Administrative expenses charged to participants, if any, are allocated in a manner deemed reasonable by the Plan administrator and that complies with applicable law. The entitled benefit is the participant's account balance subject to vesting.

Forfeitures

Forfeitures may first be used to restore participant's accounts, then to pay administration expenses of the Plan, and finally to reduce the employer profit sharing contribution. During 2023, net forfeitures and revenue sharing approximated \$270,000 and earnings from unallocated accounts amounted to approximately \$65,700. During 2022, net forfeitures and revenue sharing approximated \$174,000 and earnings from unallocated accounts amounted to approximately \$2,000. For the years ended December 31, 2023 and 2022, unallocated accounts used to pay administration expenses and reduce employer contributions amounted to approximately \$56,700 and \$343,000, respectively. As of December 31, 2023 and 2022, the balances of forfeited and other unallocated accounts available to restore participant accounts, pay administration expenses, or reduce future employer contributions were approximately \$398,000 and \$120,000, respectively.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings/losses thereon. Vesting in Company's match and discretionary profit-sharing contributions, plus earnings/losses thereon, is based on years of continuous service. A participant does not become vested until completing 3 years of service, at which point participants become 100% vested in employer contributions.

Investment Options

The Plan currently offers various mutual funds and collective trust funds, and one stable value guaranteed interest fund. Participants may change their investment options daily. Upon enrollment in the Plan, a participant may direct contributions in 5% increments in any of the investment options. For fund investment objectives, risks, charges and expenses, participants should contact the fund manager for a prospectus. All investments are participant directed.

Payment of Benefits

Upon termination, a participant is entitled to receive an amount equal to the value of the participant's vested interest in their account in a lump sum amount, monthly installment payments, or partial cash payments when requested. Benefits to terminated participants are recorded when paid.

Terminated participants under the age of 65 with account balances will, unless directed otherwise, have the vested balance automatically rolled over to a traditional IRA.

While employed, a participant may also withdraw his or her vested account balance on account of financial hardship, as defined in the Plan Document. All hardship withdrawals must comply with the rules relating to hardships which are uniformly applicable to all participants and be used to pay qualifying expenses of certain immediate and heavy financial need.

1. THE PLAN (Continued)

Administrative Expenses

Forfeitures may be used to pay the expenses for administering the Plan. Generally, any administrative expenses in excess of forfeitures are paid by the Company.

Notes Receivable from Participants

Participants may borrow from their account up to a maximum amount that is equal to the lesser of \$50,000 or 50 percent of their account balance. Generally, loan terms range from 1-5 years. If the loan is used to purchase a primary residence, the loan may be repaid over a reasonable period of time that may be longer than 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate of interest plus 1% (9.50% at December 31, 2023). Principal and interest is paid ratably through payroll deductions, which cannot be less frequently than quarterly.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of additions and deductions during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023, and 2022, no allowance for credit losses has been recorded. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments Measured at Fair Value

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds - Value based on quoted price in active markets.

Stable value fund - Value based on the fair value using the net asset value (NAV) practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund.

Collective trust funds – Valued based on the fair value using the NAV practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Instruments Measured at Fair Value (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used in the prior year.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023 and 2022, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3. A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3.

Payment of Benefits

Payment of benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

3. FAIR VALUE MEASUREMENTS

At December 31, 2023, the Plan's investments are measured at fair value on a recurring basis and are valued within the fair value hierarchy as follows:

	Fair Value Measurements at the End of the Reporting Period Using:			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Fair Value
Mutual funds	<u>\$ 45,823,861</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 45,823,861
Stable value fund measured at NAV as a practical expedient				15,063,700
Collective trust funds measured at NAV as a practical expedient				<u>175,240,677</u>
Total investments at fair value				<u>\$ 236,128,238</u>

3. FAIR VALUE MEASUREMENTS (Continued)

At December 31, 2022, the Plan's investments are measured at fair value on a recurring basis and are valued within the fair value hierarchy as follows:

	Fair Value Measurements at the End of the Reporting Period Using:			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Fair Value
Mutual funds	<u>\$ 183,181,521</u>	<u>\$ -</u>	<u>\$ -</u>	\$183,181,521
Stable value fund measured at NAV as a practical expedient				17,068,076
Collective trust funds measured at NAV as a practical expedient				<u>3,883,823</u>
Total investments at fair value				<u>\$204,133,420</u>

In accordance with ASC 820, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Assets Available for Benefits.

Investments Measured using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Eligible)</u>	<u>Redemption Notice Period</u>

Stable Value Fund

Effective June 23, 2016, the Plan provided the New York Life Guaranteed Interest Account ("GIA"), a stable value fund managed by New York Life Trust Company ("NYLTC"), as an investment option to participants of the Plan. The GIA is a group annuity contract which consists of a broadly diversified fixed income portfolio within New York Life Insurance Company's ("NYLIC") general account and is intended to provide a stable crediting rate consistent with preservation of principal. Interest is accrued daily and credited monthly to the GIA and reflects the crediting rate declared in advance and guaranteed by NYLIC.

The key factors that impact the crediting rate under the group annuity contract are the timing and magnitude of the cash flows in and out of the general account as well as prevailing market rates on fixed income assets available for investment by the general account. The interest crediting rate may not be reset more frequently than semi-annually after the first contract year. The crediting rate is subject to a minimum rate provision as provided in the group annuity contract, but may never fall below 1% after deduction for any expenses. Participant-initiated transactions are permitted on a daily basis.

The group annuity contract provides that, subject to certain limitations, withdrawals for benefit payments at death, retirement, disability, termination of employment, and for loans, hardship withdrawals or in-service withdrawals as permitted by the Plan are completed at contract value. Certain distributions, including but not limited to distributions resulting from employer-initiated events such as Plan termination, merger, spin-off, and early retirement incentives may be completed subject to a market value adjustment, however the Plan administrator deems these employer initiated events as not probable to occur.

The group annuity contract may be terminated by the contract holder at any time, provided written notice of terminations is received by NYLTC at least 30 days but not more than 60 days prior to the intended termination date.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive investment contract with Transamerica Financial Life Insurance Company. The Transamerica Stable Value Option investment choice is backed by the general account of Transamerica Financial Life Insurance Company (TFLIC). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica Financial Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Although plan participants generally may withdraw assets from the fund without restrictions, TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise. This contract was terminated effective September 1, 2023 upon the change in recordkeeper and custodian.

The contract value of the investment contract at December 31, 2023 and 2022, was \$0 and \$119,673, respectively.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. PARTY-IN-INTEREST TRANSACTIONS

Transactions between Transamerica Retirement Solutions, State Street Bank and Trust Company, Transamerica Financial Life Insurance Company, Empower Retirement, LLC, Empower Trust Company, LLC and Empower Life & Annuity Insurance Company of New York and the Plan qualify as party-in-interest transactions since these organizations provided custodial and recordkeeping services to the Plan during the reporting period.

The fully benefit-responsive investment contract was managed by Transamerica Financial Life Insurance Company, who is a related party of Transamerica Retirement Solutions, LLC, the recordkeeper of the Plan from January 1, 2022 through September 1, 2023. Therefore, transactions amongst this account qualified as party-in-interest transactions, which are exempt from prohibited transaction rules.

The Plan also allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have notes receivable to the Plan qualify as party-in-interest transactions.

7. RECONCILIATION TO FORM 5500

Form 5500 is prepared on the modified accrual basis and the financial statements are prepared in accordance with generally accepted accounting principles (on the full accrual basis of accounting). Below is a reconciliation between the modified accrual and full accrual methods for the Plan:

	<u>2023</u>	<u>2022</u>

8. TAX STATUS

The Plan is tax-exempt under Section 401(a) of the Internal Revenue Code. A prototype document was used by the Plan to obtain its latest determination letter on November 14, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN TRANSFER

In 2023, transfer to affiliated plans represent fund transfers made between the Plan and the Practice Support Services, LLC 401(k) Profit Sharing Plan due to an employment transfer. Transfers from the Plan to the Practice Support Services, LLC 401(k) Profit Sharing Plan totaled \$191,225 for the year ended December 31, 2023. There were no Plan transfers during the year ended December 31, 2022.

All participant elections effective immediately prior to the transfer under the Plan continued to apply in the Practice Support Services, LLC 401(k) Profit Sharing Plan until changed by the participant. Also, as a transfer (which differs from a rollover), all accounts under the Plan carried over into the Practice Support Services, LLC 401(k) Profit Sharing Plan retained their same character and treatment.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 11, 2024, which is the date the financial statements were available to be issued.

Effective January 1, 2024, the employer matching contribution was changed to 50% of a participants elected contribution up to 8% of compensation.
