REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Participants and Plan Administrator
Promega Salary Deferral Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Promega Salary Deferral Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Promega Salary Deferral Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - PLAN DESCRIPTION

The following description of the Promega Salary Deferral Profit Sharing Plan (the Plan) is provided only for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is intended to meet the requirements of the Internal Revenue Code (IRC) and qualify as a defined contribution plan. It is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended. It was established to provide retirement benefits to eligible employees of Promega Corporation and its U.S. - based subsidiaries (Employer). Employees meeting the eligibility requirements below become eligible to contribute to the Plan and to receive an Employer matching contribution on the first day of the month following the date on which they meet the eligibility requirements. The eligibility requirements are as follows:

- U.S. resident, excluding territories of the U.S;
- Non-temporary employee (project employee or intern);
- Non-independent contractor; and
- Employees at least 18 years of age.

Overall, responsibility for administering the Plan rests with the Plan's 401(k) Committee. Fidelity Management Trust Company (Trustee) serves as trustee and asset custodian of the Plan. The Employer is the sponsor of the Plan.

Contributions

Participants

Participants may contribute up to 75% of their eligible compensation in any calendar year to the Plan on a pre-tax or after-tax basis by means of a salary reduction agreement, subject to the maximum contribution limits allowed by the Internal Revenue Service (IRS). The Plan allows for catch-up contributions for participants who reach the age of 50 before the end of the Plan year, subject to the maximum contribution limits allowed by the IRS.

All newly eligible employees and all active participants without a deferral election are automatically enrolled in the Plan, unless otherwise elected by the participant. Prior to July 1, 2022, elective contributions are established at a pre-tax rate of 6% of eligible compensation and are directed to the Plan's default investment option. Beginning July 1, 2022, elective contributions are established at a pre-tax rate of 8% of eligible compensation and are directed into the Plan's default investment option. Prior to February 1, 2023, the elective deferral rate will increase annually by 1% until the participant reaches a rate of 10%. Beginning February 1, 2023, the elective deferral rate will increase annually by 1% until the participant reaches a rate of 12%. Participants may subsequently change these deferral and investment elections at any time.

Employer

The Employer makes matching contributions to each participant's account equal to 50% of the participant's contribution, up to 8% of the participant's eligible compensation. Each plan year, the Employer may also make a discretionary profit sharing contribution to eligible employees (those who completed 1,000 hours

Promega Salary Deferral Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

and are employed on the last day of the Plan year). There was no discretionary profit sharing contribution in 2023.

Participant Accounts

Individual accounts are maintained by the Trustee for each plan participant. Each participant's account is credited with the participant's elective deferral contribution, the Employer matching contribution, allocations of revenue credits, allocations of discretionary profit sharing contributions, and plan earnings, and is charged with withdrawals and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of all participant and Employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a stable value collective trust fund and Fidelity BrokerageLink self-directed brokerage accounts (which include common stocks, mutual funds and cash) as investment options for participants.

Vesting

Participants are immediately vested in participant elective deferral contributions, plus earnings thereon. If a participant's employment with the Employer ends for any reason other than retirement, permanent disability, or death, vesting in the Employer matching contributions and Employer discretionary profit sharing contributions portion of their account plus the earnings thereon is based on years of continuous service. A participant vests in Employer matching and discretionary contributions according to the following:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	20%
1	40
2	60
3	80
4	100

Forfeitures

The Plan provides that, upon a participant's termination and distribution of his or her vested interest, the participant's non-vested interest in his or her account is forfeited. Forfeitures may be used to pay expenses under the Plan. Forfeitures not used to pay expenses shall be used to reduce the Employer matching contribution. In 2023, approximately \$2,000 of forfeitures were used to pay expenses for the Plan or offset Employer matching contributions. At December 31, 2023 and 2022, the outstanding balance of forfeited non-vested accounts totaled approximately \$318,000 and \$244,000, respectively.

Distributions

Upon termination of service due to retirement, death, disability or termination of employment, participants may elect to receive the value of their account balance (if over \$5,000) in a lump sum or in installments over a period not to exceed their life expectancy or the joint life expectancies of the participant and his or her spouse. If the participant's account balance is \$5,000 or less, the benefit will be paid in a lump sum.

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates on outstanding loans range from 4.25% to 9.5% and 4.25% to 7.25% as of December 31, 2023 and 2022, respectively. Principal and interest are paid ratably through payroll deductions. Participants are limited to one outstanding loan at a time. The loans must be repaid within five years, unless the loan is used to purchase a principal residence, for which the repayment period may not exceed ten years.

Other Withdrawals

Participant hardship withdrawals for medical expenses, tuition and related educational expenses, home purchase or eviction prevention, major repair of damage to principal residence, and burial or funeral expenses are provided for in the Plan.

Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, all participants' accounts shall become fully vested.

Revenue Credit Program

The Plan participates in a revenue credit program with the Trustee whereby the Trustee shares certain revenue generated by the Plan in excess of their fees. The Plan receives the revenue credits on a quarterly basis which may be used to pay for plan expenses or may be reallocated to participants on a pro-rata basis based on participant account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Promega Salary Deferral Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable and those in default from participants are recorded as benefit payments based upon the terms of the Plan.

Payment of Benefits

Benefits paid to participants are recognized when the funds are disbursed.

Administrative Expenses

The Plan provides that all reasonable expenses related to plan administration are to be paid by the Plan unless otherwise paid by the Employer at the Employer's discretion. For the year ended December 31, 2023, certain administrative expenses of the Plan were paid by the Employer.

NOTE C - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan records investments at fair value using a fair value hierarchy that distinguishes between assumptions based on market data (observable inputs) and the Plan's assumptions (unobservable inputs). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

Promega Salary Deferral Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Cash equivalents - Valued at the quoted market value as of the last business day of the year.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fidelity BrokerageLink self-directed brokerage accounts - The underlying investments, which consist primarily of individual corporate common stocks, cash equivalents and Fidelity unit funds, are valued at the closing price reported on the open market and are classified within Level 1 of the valuation hierarchy.

Collective trust fund - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

NOTE E - FINANCIAL DATA CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Total investment income, interest income on notes receivables from participants and revenue credits, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

NOTE F - PARTY-IN INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds managed by Fidelity Management and Research (FMR Corp). Fidelity Investments Institutional Operations Company serves as the contractual recordkeeping agent for the retirement plan administrative products marketed and sold by the Trustee and is a wholly owned subsidiary of FMR Corp. FMR Corp. provides management, investment advisory and shareholder services for the Fidelity mutual funds and, therefore, transactions with FMR Corp. qualify as party-in-interest transactions. Fees paid by the Plan for the investment management totaled approximately \$201,000 for the year ended December 31, 2023. Revenue credits received from the Trustee qualify as party-in-interest transactions. Credits received by the Plan totaled approximately \$183,000 for the year ended December 31, 2023. Credits reallocated to participants totaled approximately \$160,000 for the year ended December 31, 2023.

In addition, the Plan issues notes receivable from participants, which are considered party-in-interest transactions.

NOTE G - TAX STATUS

The IRS has determined, by a letter dated June 30, 2020, that the prototype document on which the Plan is based is designed in accordance with applicable sections of the IRC. The letter stated that the prototype document is qualified under Section 401(a) of the IRC and is, therefore, not subject to taxation under present income tax laws. The Plan has not received an opinion letter specific to the Plan itself. The Plan has been amended since June 30, 2020; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires management of the Plan to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Form 5500 continues to record the Fidelity MIP value at the adjusted fair value based on the trust's audited financial statements, whereas the accompanying financial statements record this fund at the constant \$1 NAV. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

NOTE I - SUBSEQUENT EVENTS

The Plan administrator evaluated the Plan's December 31, 2023 financial statements for subsequent events through October 4, 2024, the date that the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events which would require recognition or disclosure in the Plan's financial statements.
