INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
DeVry University 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DeVry University 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEVRY UNIVERSITY 401(k) SAVINGS PLAN
Notes to Financial Statements and Schedule
December 31, 2023 and 2022

NOTE 1 – PLAN DESCRIPTION

The following description of DeVry University 401(k) Savings Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan which was established on July 30, 2018 and most recently amended on December 31, 2020. The Plan is sponsored by DeVry University, Inc. (the Company). Substantially all employees of the Company are eligible to participate in the Plan; temporary employees must complete 1,000 hours of service to participate in the Plan. Most employees may enter the Plan on the first day of the month coinciding with or next following the date on which service requirements are satisfied. Temporary employees may enter the Plan on either the first day of the Plan year or the seventh month of the Plan year following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan is administered by the Company. Among other duties, it is the responsibility of the administrator to interpret the Plan, decide on questions of eligibility, determine the amount and manner of benefit payments and maintain administrative records of the Plan. The Plan's custodian for all assets as of December 31, 2023 and 2022 was Fidelity Management Trust Company (Fidelity).

Trustee

The trustee of the Plan is Fidelity. The primary duties of the trustee are to authorize investments and monitor payment of contributions and benefits as directed by the Plan administrator.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution, when applicable, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Such borrowings are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of borrowing, as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Contributions

Participants – The Plan permits each participant, at the participant's option, to elect to contribute up to 80 percent of pre-tax compensation as a basic contribution to the Plan, not to exceed the Internal Revenue Service (IRS) limitations. For the year ended December 31, 2023, the maximum pretax salary deferral was limited to \$22,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants are also permitted to make Roth contributions to the Plan, not to exceed IRS limitations, and contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. During the years ended December 31, 2023 and 2022, the Plan offered various mutual funds, an interest-bearing cash account, a common/collective trust, and a group annuity contract as investment options for participants. The Plan provides for an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of pretax compensation and their contribution invested in a designated balanced fund until redirected by the participant. Participants are fully vested immediately in their contributions plus actual earnings thereon.

Employer – The Company may make safe harbor matching contributions. During the year ended December 31, 2023, fully-vested safe harbor matching contributions were equal to 100 percent of participant contributions up to 6 percent of the participant's eligible compensation.

Qualified Non-Elective – The Company may make a qualified non-elective contribution based on each participant's eligible compensation. During the year ended December 31, 2023, there were no qualified non-elective contributions made by the Company.

Total contributions for each participant are subject to certain IRS limitations. All contributions made by the Company are fully-vested immediately.

Payment of Benefits

Participants may receive distributions from their accounts upon attainment of age 59½, retirement as a result of disability, incurrence of a financial hardship (as defined), termination of their employment with the Company, death, or termination of the Plan. The participant may elect to receive either a lump-sum amount equal to the vested value of the participant's account balance, or installments over a period not to exceed the participant's assumed life expectancy.

Forfeitures

Forfeitures are created when a participant terminates employment before becoming entitled to 100 percent of the amounts derived from the employer's contributions. The Plan provides for 100 percent vesting at all times and therefore no forfeitures will arise under the Plan.

Plan Termination

Although the Company has not expressed any intent to discontinue the Plan, the Company may do so at any time subject to provisions of ERISA. In the event of termination, participants would become fully vested in their Company contributions, and assets of the Plan would be allocated to all participants and distributed in lump sum payments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the cash basis of accounting. Contributions by the employees (participants) and the employer are recognized when received by the trustee and withdrawals from the Plan are recognized when paid to the participants. Therefore, these financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's group annuity contract (Prudential Guaranteed Long Term Fund) is a fully benefit-responsive group investment contract.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by Fidelity, except for its group annuity contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Plan investments are subject to certain investment fees based on a percentage of invested assets. Such fees are included within the net change in fair value of underlying investments in the accompanying statement of changes in net assets available for benefits. The Plan also pays fees to Fidelity for recordkeeping services and to third parties for advisory and audit services; such fees are either allocated to participant accounts on a pro-rata basis, and are included within administrative expenses on the accompanying statements of changes in net assets available for benefits.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events through the date of the auditors' report, October 2, 2024, which is the date the accompanying financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Financial Accounting Standards Board's *Accounting Standards Codification (ASC) 820* are described as follows:

- a) Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- b) Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- c) Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2023 and 2022. There were no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash: Interest-bearing bank account valued at the daily cash balance.

Common/collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

<i>Investments at Fair Value as of December 31, 2023</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 172,167,501	\$ -	\$ -	\$ 172,167,501
Interest-bearing cash	11,908,569	-	-	11,908,569
Total assets in the fair value hierarchy	184,076,070	-	-	184,076,070
Common/collective trust (a)	-	-	-	2,118,589
Total investments at fair value	<u>\$ 184,076,070</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 186,194,659</u>

<i>Investments at Fair Value as of December 31, 2022</i>				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 143,340,630	\$ -	\$ -	\$ 143,340,630
Interest-bearing cash	10,476,511	-	-	10,476,511
Total assets in the fair value hierarchy	153,817,141	-	-	153,817,141
Common/collective trust (a)	-	-	-	1,834,185
Total investments at fair value	<u>\$ 153,817,141</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 155,651,326</u>

- (a) In accordance with *ASC 820*, investments utilizing net asset value per share (or its equivalent) as a practical expedient are not classified within the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2023 and 2022:

	2023 Fair Value	2022 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 2,118,589	\$ 1,834,185	n/a	Daily	1 Day

NOTE 4 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, net increase in fair values of investments, dividends from investments, and interest income from investments and notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity.

NOTE 5 – GROUP ANNUITY CONTRACT WITH PRUDENTIAL

The Plan has entered into a fully benefit-responsive group annuity contract with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate.

As discussed in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The effective annual rate of interest is established for the corresponding six-month period prior to January 1st and July 1st. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Participant loans qualify as party-in-interest transactions. In addition, certain Plan investments are managed by Fidelity and are subject to transactions which also qualify as party-in-interest transactions.

During the year ended December 31, 2023, the Plan paid fees of \$73,689 to Fidelity for services. Such fees are included within administrative expenses on the accompanying statement of changes in net assets available for benefits.

NOTE 7 – TAX STATUS

The IRS has determined and informed the Company, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The delinquent participant loans of active participants as of December 31, 2023 and 2022 are included in the notes receivable from participants on the accompanying statements of net assets available for benefits. These delinquent participant loans are shown as deemed distributions of participant loans on the Form 5500.

Net assets available for benefits as presented in the financial statements and Form 5500, reconcile as follows at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 193,853,400	\$ 163,371,876
Deemed distributions of participant loans	<u>(6,016)</u>	<u>(2,833)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 193,847,384</u></u>	<u><u>\$ 163,369,043</u></u>

Benefits paid to participants as presented in the Plan's financial statements and Form 5500 reconcile as follows for the year ended December 31, 2023:

Benefits paid to participants per the financial statements	\$ 12,961,003
2022 deemed distributions recognized as payment of benefits in the current year	<u>(2,833)</u>
Benefits paid to participants per Form 5500	<u><u>\$ 12,958,170</u></u>
