INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Tori Richard, Ltd 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of Tori Richard, Ltd 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit), which comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tori Richard, Ltd 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tori Richard, Ltd 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Plan Description

The following description of Tori Richard, Ltd 401(k) Retirement Savings Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the document governing the Plan (plan agreement).

General. Tori Richard, Ltd. is a Hawaii corporation principally engaged in the design and manufacture of men’s and women’s apparel, primarily resort wear. Tori Richard, Ltd. (the “Plan Sponsor”) is the sponsor and plan administrator for the Plan. Participation in the Plan is voluntary. The Plan is a defined contribution savings plan covering all eligible employees of Tori Richard, Ltd., who are not covered under a collective bargaining agreement or a non-resident alien. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective January 1, 2024, the Plan was amended to have no age or service requirement to be eligible to participate.

Contributions. Participants may contribute the percentage or dollar amount of their pay to be deducted as a pre-tax salary deferral, as defined in the Plan. Participants who have completed at least one year of service consisting of 1,000 hours are eligible to contribute. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may elect to make discretionary matching contributions to the Plan. For the years ended December 31, 2023 and 2022, the Company matched 25% of the first 8% of an eligible employee’s contributions. The combined annual contribution to each participant account may not exceed the maximum deductible under the Internal Revenue Code (the “Code”).

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The maximum amount of any loan is the lesser of 50% of the participant’s vested interest minus any existing loan balance, or \$50,000 reduced by the participant’s highest outstanding loan balance in the previous twelve months even if all or a portion of this amount has been repaid.

To calculate the maximum loan amount, the participant’s vested interest in all plans established or maintained by the employer or a related employer of the employer will be considered. Notwithstanding, the Plan limits the minimum amount of any loan to \$1,000. The loans are secured by the balance in the participant’s account and bear interest rate at a rate commensurate with local prevailing rates as determined by the plan administrator, ranging from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Vesting. Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the employer matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants reach 20% vesting after 2 years of service and vest 20% each year until year 6 when they are fully vested.

Tori Richard, Ltd 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

1. Plan Description (Continued)

Payment of benefits. Amounts contributed through salary or wage reductions may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59½. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Forfeitures. Generally, when a participant terminates participation in the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the Plan Sponsor matching contributions and Plan expenses for the plan year. During the years ended December 31, 2023 and 2022, forfeitures of \$10,810 and \$4,125, respectively, were used to reduce Plan expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$20,025 and \$28,047, respectively. These accounts are kept in a separate cash fund and can be used to redistribute to active participants.

Termination of the plan. Although it has not expressed any intent to do so, the Plan Sponsor may terminate, amend, modify, or suspend the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event of the plan termination, all participants would fully vest in the employer contribution portion of their account balance and remain vested in their employee contribution portion of their account. Upon termination of service for any reason, a participant generally may elect to receive a lump-sum amount equal to the value for the participant's vested account balance. Alternatively, the participant may elect a direct rollover to another qualified plan or, if the vested account balance exceeds \$5,000, the account may be continued until the participant reaches age 70½, when another election must be made.

2. Summary of Significant Accounting Policies

Basis of accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Participant accounts. Each participant account is credited with the participant's contributions, rollover contributions, and Plan Sponsor matching contributions and an allocation of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers mutual funds as investment options for participants.

Excess contributions payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants prior to March 15, 2024.

Risks and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the assets. The Plan utilizes a fair value hierarchy for valuation inputs that the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future values. Although the Plan's management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes by level, within the fair value hierarchy, the financial assets of the Plan at fair value, as of December 31, 2023 and 2022:

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520. 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Net change in net assets per the Form 5500	<u>\$ 1,314,567</u>	<u>\$ (720,220)</u>

6. Related Party and Party in Interest Transactions

Investments in certain mutual funds are managed by Capital Bank and Trust Company, the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid to Capital Bank and Trust Company for administrative services were \$22,385 and \$18,543 for 2023 and 2022, respectively. Notes receivable from participants also qualify as party-in-interest transactions.

7. Income Tax Status

The Plan adopted a Hicks Pension Group pre-approved plan document. The pre-approved plan received an opinion letter dated December 17, 2021, in which the IRS stated that the Plan, as designed, was in compliance with applicable sections of the Internal Revenue Code (IRS). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and tax-exempt.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Subsequent Events

In January 24, 2024, the Plan appointed Empower as the Plan trustee. During this time, all Plan assets were transferred from Capital Bank and Trust Company to Empower. The period of January 1, 2024 to January 24, 2024, was a blackout period where participants were unable to make changes to their accounts as Empower prepared to convert Plan assets.
