A Hawaii Limited Liability Partnership

Independent Auditor's Report

To the Retirement Committee of
HawaiiUSA FCU Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of HawaiiUSA FCU Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HawaiiUSA FCU Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan

The following description of the HawaiiUSA FCU Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

Effective September 1982, HawaiiUSA Federal Credit Union (the Company, Plan Administrator or Plan Sponsor) established the Plan as a defined contribution plan covering eligible employees of the Company. The Plan provides for retirement, death and disability benefits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. T. Rowe Price Trust Company (TRP) is the Plan's trustee, recordkeeper and custodian.

The Plan was amended and restated, effective January 1, 2022.

b. Eligibility

Employees are eligible to participate in the Plan upon hire, with a 30-day grace period for processing. Employees must complete one hour of service during the Plan year to be eligible to receive safe harbor employer contributions. Employees must complete one hour of service during the Plan year, be an employee on the last day of the Plan year and attain their eligibility date, which is defined as the first day of the month following the later of the employee's 21st birthday or the day on which the employee is credited with one year of service, on or before the last day of the Plan year to be eligible for discretionary non-elective contributions.

c. Contributions

Participants may defer up to 100 percent of pretax annual compensation, as defined by the Plan, not to exceed amounts allowable under the Internal Revenue Code (IRC). Additionally, participants have the option of designating a portion or all of their compensation deferrals as Roth contributions.

The Company makes non-elective contributions to the Plan for eligible participants. The first 3 percent of non-elective contributions are referred to as Safe-Harbor Non-Elective Contributions (Safe Harbor). Contributions in excess of 3 percent are referred to as Discretionary Non-Elective Contributions (Non-Elective).

1. Description of the Plan (continued)

c. Contributions (continued)

The Company did not authorize any Non-Elective contributions for the year ended December 31, 2023.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their account balances into various investment options offered by the Plan.

d. Participant Accounts

Each participant account is credited with the participant's contributions and an allocation of (a) Company contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on eligible participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participant deferrals, funds rolled over from other qualified plans, plus earnings thereon are fully vested upon deposit. The Company's contributions, plus earnings thereon, are fully vested after six years of service, as defined.

f. Forfeitures

Participants' nonvested account balances are considered forfeitures upon termination and are used to reduce employer contributions pursuant to the Plan's provisions. During 2023 participants forfeited approximately \$1,065 and no forfeitures were used to reduce employer contributions.

g. Payment of Benefits

Upon termination of service due to death, disability, retirement, or other termination of employment, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments until the participant's account is depleted, or purchase an annuity contract in an amount equal to the value of the participant's vested interest.

1. Description of the Plan (continued)

h. Notes Receivable from Participants

Promissory notes receivable from Plan participants are carried at their unpaid principal balances. Participants may borrow from their accounts up to a maximum of the lesser of: (a) \$50,000 reduced by the excess of the highest outstanding balance of the notes from the Plan to the participant during the one-year period ending on the day before the date on which such note is issued, over the outstanding balance of notes from the Plan to the participant on the date on which such note was issued, or (b) 50 percent of the present value of the non-forfeitable accrued benefit of the employee under the Plan. The notes are secured by the balance in the respective participant's account, bear interest at rates from 4.25 to 9.50 percent at December 31, 2023 and mature on various dates through January 2036. Principal and interest are paid ratably through bi-weekly payroll deductions.

i. Expenses of the Plan

Administrative expenses of the Plan are recorded when incurred and paid by the Plan to the extent permitted under ERISA. To the extent any expenses of the Plan are not paid from Plan assets, the Plan Sponsor pays such expenses. Investment-related expenses are included in net depreciation of fair value of investments.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America U.S. GAAP.

b. Management's Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

d. Payment of Benefits

Benefits paid to participants are recorded upon distribution.

e. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of participants' account balances and investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

f. Subsequent Events

The Plan has evaluated subsequent events through October 2, 2024, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2023</u>	<u>2022</u>
Investments:		
Mutual funds	\$ 54,207,464	\$ 46,257,081
Common collective trust	796,399	818,658
Notes Receivable From Participants	<u>605,403</u>	<u>548,139</u>
	<u>\$ 55,609,266</u>	<u>\$ 47,623,878</u>

TRP also certified to the completeness and accuracy of the Plan's net investment income and interest on notes receivable from participants of \$8,910,181 and \$35,616, respectively, related to the aforementioned assets for the year ended December 31, 2023.

4. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued based on quoted market prices of each fund, which represent the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust fund: The common collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV.

HawaiiUSA FCU Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022, respectively:

	December 31, 2023		
	Level 1	Level 2	Total
Mutual Funds	\$ 54,207,464	\$ -	\$ 54,207,464
Total assets in the fair value hierarchy	<u>\$ 54,207,464</u>	<u>\$ -</u>	54,207,464
Common Collective Trust Fund -- Measured at Net Asset Value (a)			<u>796,399</u>
Total investments at fair value			<u>\$ 55,003,863</u>

	December 31, 2022		
	Level 1	Level 2	Total
Mutual Funds	\$ 46,257,081	\$ -	\$ 46,257,081
Total assets in the fair value hierarchy	<u>\$ 46,257,081</u>	<u>\$ -</u>	46,257,081
Common Collective Trust Fund -- Measured at Net Asset Value (a)			<u>818,658</u>
Total investments at fair value			<u>\$ 47,075,739</u>

- (a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022, and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value	December 31, 2023		
		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Fund	\$ 796,399	n/a	Daily	12 months

Investment	Fair Value	December 31, 2022		
		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust Fund	\$ 818,658	n/a	Daily	12 months

5. Exempt Party-in-Interest Transactions

All purchases and sales of investments managed by TRP are considered exempt party-in-interest transactions. There were no other exempt party-in-interest transactions during 2023.

6. Termination of Plan

Although it has not expressed any intentions to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, all participant accounts become fully vested.

7. Tax Status

The Plan adopted a Non-Standardized Pre-Approved Defined Contribution Plan sponsored by T. Rowe Price Retirement Plan Services, Inc (Pre-Approved Plan). The Pre-Approved Plan has received an opinion letter dated December 31, 2018 from the Internal Revenue Service (IRS) as to the Pre-Approved Plan's qualified status. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC). Hawaii income tax law conforms to the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

HawaiiUSA FCU Retirement Plan

Notes to Financial Statements
December 31, 2023 and 2022

7. Tax Status (continued)

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Plan years from December 31, 2020 are open for examination for federal tax purposes.
