Independent Auditors' Report

To the Plan Administrator of
 GNS Healthcare, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GNS Healthcare, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GNS Healthcare, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment and notes receivable from participants information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GNS Healthcare, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GNS Healthcare, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GNS Healthcare, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GNS Healthcare, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GNS Healthcare, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the GNS Healthcare, Inc. 401(k) Plan (the Plan) provides general information only. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by GNS Healthcare, Inc. (the Plan Sponsor) and covers substantially all employees excluding part-time, temporary, and seasonal employees who have not completed one year of service (defined as 12 consecutive months during which an employee has completed at least 1,000 hours initially measured from the date of hire and then shifting to the plan year in subsequent years), union employees, non-resident aliens, interns, and co-operative employees. The Plan was originally established on July 1, 2007 and was most recently amended and restated effective July 31, 2022. The most significant change as a result of the restatement was to exclude co-operative employees from participating in the Plan. The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pre-tax and Roth contributions up to 90% percent of their eligible compensation, as defined. Participants are immediately eligible to participate in the Plan and enter the Plan on the first day of the month following their date of hire. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for employer safe harbor nonelective contributions to the Plan equal to 3% of eligible employee compensation for all eligible employees even if not contributing, excluding highly compensated employees. Employer safe harbor nonelective contributions totaled \$87,339 for the year ended December 31, 2023. Such amounts are generally funded subsequent to year-end and therefore are typically included as employer contributions receivable on the accompanying statements of net assets available for benefits. As of December 31, 2023 and 2022, employer contributions receivable consisted of employer safe harbor nonelective contributions, which totaled \$86,530 and \$117,777, respectively. As of December 31, 2022, corrective contributions receivable totaled \$66,379, which were funded during the year ended December 31, 2023.

The Plan also provides for discretionary employer matching contributions and discretionary nonelective (profit-sharing) contributions for eligible participants who have completed three months of service. No such contributions were declared for the year ended December 31, 2023.

Employees are permitted to participate in all such contributions on the first day of the month coinciding with or subsequent to attaining the respective eligibility requirements.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan...continued

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe harbor nonelective contributions, discretionary employer matching and profit-sharing contributions, an allocation of the Plan's earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. The allocations of earnings or losses are based on each participant's respective account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances. A plan participant may borrow from his or her vested account a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 reduced by the highest outstanding loan balance within the last twelve months or 50% of his or her vested account balance. With the exception of loans used to purchase a primary residence that are limited to a maximum of 30 years, loan terms are limited to a maximum of five years. Notes receivable from participants are secured by the vested balance in each participant's account and shall bear interest at the Wall Street Journal prime rate published on the 14th day of the month plus 1%. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. A participant may prepay the entire outstanding balance of a loan, plus accrued interest, without penalty; however, any such prepayment must be prepayment in full. Extra payments or partial prepayments will not be permitted. Upon termination of employment, any remaining payments are immediately due unless directly rolled over to another employer's plan. Repayments may be suspended for 12 months for a bona fide leave of absence and for the entire time the borrower is on qualified military leave. The Plan Administrator shall consider a loan in default if any scheduled payment remains unpaid as of the last business day of the calendar quarter in which a loan is initially considered past due. Any unpaid balances at the time of default shall incur a 10% penalty if the participant is under the age of 59 ½. Certain other restrictions may apply to notes receivable from participants as defined in the plan document. As of December 31, 2023, the interest rate on the outstanding note receivable from a participant was 9.25%, which had a maturity date in June 2024.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and employer safe harbor nonelective contributions plus actual earnings thereon. Participants become vested in discretionary employer matching and profit-sharing contributions starting after each respective participant's first year of credited service (plan years with hours worked in at least six months) and become fully vested after four years of credited service. Each participant who continues employment as an employee until normal retirement age or terminates due to death or disability shall become immediately vested in all contribution types.

Forfeitures

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,545 and \$5,079 respectively. These amounts can be used to reduce future employer contributions or pay plan expenses. During the year ended December 31, 2023, \$4,989 of forfeited nonvested accounts were used to reduce employer contributions for the year ended December 31, 2022. Subsequent to December 31, 2023, \$7,501 of forfeited nonvested accounts were used to reduce employer contributions for the year ended December 31, 2023.

1. Description of Plan...continued

Payment of Benefits

The participant's vested account may be distributed to the participant (or the participant's beneficiary in the event of the participant's death) at retirement, death, disability, or termination of employment in the form of cash, insurance contracts, or annuity contracts as lump-sum, partial withdrawals, or substantially equal payments. If a participant terminates service, the entire vested amount in his or her account may be distributed or rolled over into another qualified plan, as directed by the participant. Participants who are eligible for a hardship withdrawal or have attained age 59½ may elect to withdraw all or a portion of their accounts with a minimum of \$500. Distributions shall be made to an eligible participant as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 72 prior to January 1, 2023, or age 73 if the participant reaches age 72 after December 31, 2022. Distributions may be made from a participant's rollover account at any time. The Plan Administrator can elect to distribute funds out of the Plan when a participant terminates employment and has a vested balance in the Plan of less than \$1,000. Certain other restrictions may apply to benefit payments as defined in the plan document.

Investment Elections

Each participant shall direct the investment of his or her account and shall select among various mutual funds and common collective trust funds. Each participant has the ability to change his or her investment allocations at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan's financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

GNS Healthcare, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies...continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest from notes receivable from participants is recorded on an accrual basis. As of December 31, 2023 and 2022, accrued, but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable from the participant to be a distribution, the notes receivable from participants balance is reduced and a benefit payment is recorded within the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments. For the year ended December 31, 2023, the Plan Sponsor paid certain other administrative expenses incurred by the Plan.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other mean; or
 - If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

GNS Healthcare, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

3. Fair Value Measurements...continued

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds - The common collective trust funds are valued at the NAV of units of the applicable common collective trust fund. The NAV, as provided by Reliance Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions on the funds. There are no unfunded commitments as of December 31, 2023 and 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 4,813,866</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,813,866</u>

4. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan, Reliance Trust Company, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, and the related investment and notes receivable from participants activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023.

GNS Healthcare, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

5. Tax Status

The Plan uses a prototype non-standardized plan document, sponsored by the Trustee. The IRS has determined by a letter dated October 6, 2020 (effective July 2022, previously June 30, 2020), that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

7. Party-in-Interest Transactions

The Plan issues loans to participants, which are secured by the balances in participant accounts, which constitute party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

8. Risk and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through September 27, 2024, the date the financial statements were available to be issued.
