The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institutions), provided that the investment information is prepared and certified by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEDIGO 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Pedigo 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1998 and is a defined contribution plan covering all employees of Pedigo Products, Inc. (the Company) who are age 21 or older and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

Plan Amendment - Effective April 1, 2022, the Plan was amended and restated in order to adopt required regulatory updates through adoption of a Non-Standardized Pre-Approved Defined Contribution Plan document sponsored by ADP, LLC. The new plan document incorporated all existing amendments and regulatory updates in order to continue to qualify under Section 401(k) of the Internal Revenue Code. The provisions of the Plan are substantially unchanged as a result of this restatement.

Contributions - Contributions consist of employee pretax elective deferrals, Roth elective deferrals, and discretionary employer contributions. Employee elective deferrals and the discretionary employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Each participant may elect to contribute between 1% and 85% of their eligible compensation, as defined by the Plan, limited to \$22,500 and \$20,500 in 2023 and 2022, respectively, as prescribed by the Internal Revenue Code (IRC). Participants aged 50 and over could elect to make additional catch-up contributions of up to \$7,500 and \$6,500 in 2023 and 2022, respectively. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, within 30 days of eligibility, unless they affirmatively elect not to participate in the Plan or elect to contribute a different amount. Automatically enrolled participants have an initial deferral rate of 4% and automatically escalate annually by 1% each year up to a maximum of 15%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

Discretionary employer contributions are determined annually by the Company. For the years ended December 31, 2023 and 2022, the Company matched 75% of each participant's contributions up to 6% of the participant's eligible compensation. In addition, the Company may make a discretionary profit sharing contribution. Profit sharing contributions are allocated to each participant's account on a proportionate basis of eligible compensation for the Plan year. The Company did not make a profit sharing contribution in 2023 or 2022. In addition, contributions are subject to certain limitations as prescribed by the IRC.

Participant Accounts - A separate account is maintained for each participant which is credited with the participant's contributions, the Company's contributions, an allocation of the Plan earnings, and administrative expenses (if any). Allocation of Plan earnings is based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. After two years of service, participants vest in

the discretionary employer contributions at the rate of 20% per year of service and are 100% vested after six years of service. Participants also become 100% vested in Company contributions upon retirement at age 65 or older, death, or disability.

Payment of Benefits - On termination of service, retirement, disability, or death, a participant may elect distribution as either a lump-sum amount equal to the vested interest in his or her account, or annual installments over a specified period of time if the vested account balance is greater than \$5,000. For termination of service for other reasons, vested account balances that are under \$1,000 may be automatically paid out at the discretion of the Company. Balances between \$1,000 and \$5,000 may be transferred to an IRA, also at the discretion of the Company. Upon reaching age 59½, participants may take in-service withdrawals of part or all of their elective contributions plus related earnings.

Expenses - Administrative expenses may be paid by the Company. Administrative and investment expenses not paid by the Company are satisfied in part through fees received by the Plan through revenue sharing with various mutual funds and the remainder charged to participant accounts based upon relative account values on a monthly basis. Expenses of Plan administration, including computer services, professional fees, office supplies and payroll expenses of administrative and clerical personnel are provided by the Company without charge to the Plan.

ERISA Budget Account - The ERISA Budget Account accumulates amounts the Plan uses to fund administrative expenses, including income from revenue sharing from the mutual funds in which the Plan holds investments. Revenue sharing income generally consists of 12(b)1 fees and sub-transfer agency fees and is used by the Plan to pay Plan expenses. The balance is unallocated and generally used in the succeeding Plan year. The balance in the ERISA Budget Account was \$0 at December 31, 2023 and 2022. Amounts of \$34,620 and \$33,883 were used to pay administrative expenses for the years ended December 31, 2023 and 2022, respectively.

Forfeitures - The forfeited accounts of nonvested terminated participants are used to reduce future Company contributions and/or pay administrative expenses. Forfeited accounts amounted to \$9,219 and \$1,020 at December 31, 2023 and 2022, respectively. For the years ended December 31, 2023 and 2022, \$454 and \$11,471, respectively, of forfeited nonvested accounts were used to reduce employer contributions. For the years ended December 31, 2023 and 2022, \$4,134 and \$13,411, respectively, of forfeited nonvested accounts were used to pay administrative fees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, and management and operating expenses associated with the Plan's investments in mutual funds.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan but are not yet paid have not been accrued. At December 31, 2023 and 2022, there were no amounts payable to participants.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through September 16, 2024, which is the date these financial statements were available to be issued.

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's financial statements.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units held by the Plan at year end as reported by the investment managers. The NAV provided by the trustee is used as a practical expedient to estimate fair value. Units in common collective trust funds are not publicly traded, but rather, are redeemable only by the issuer. The value of the Plan's investment in common/collective trust funds represents the value of the Plan's interests in the overall value of the common/collective trust fund. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	Investment Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,298,988	\$ -	\$ -	\$ 13,298,988
Total assets in fair value hierarchy	13,298,988	-	-	13,298,988
Common/collective trust fund measured at NAV (a)	-	-	-	2,609,781
Total investments at fair value	\$ 13,298,988	\$ -	\$ -	\$ 15,908,769

	Investment Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,453,134	\$ -	\$ -	\$ 11,453,134
Total assets in fair value hierarchy	11,453,134	-	-	11,453,134
Common/collective trust fund measured at NAV (a)	-	-	-	2,491,822
Total investments at fair value	\$ 11,453,134	\$ -	\$ -	\$ 13,944,956

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022, respectively:

	December 31, 2023 Fair Value	December 31, 2022 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust fund - fixed income	\$ 2,609,781	\$ 2,491,822	N/A	Daily	N/A

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE OF THE PLAN

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and schedule of assets (held at end of year), that was certified by the trustee of the Plan, Reliance Trust Company, as of December 31, 2023 and 2022 and for the years then ended, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate:

	2023	2022
Investments	\$ 15,908,769	\$ 13,944,956
Notes receivable from participants	\$ 265,552	\$ 185,350
Net appreciation (depreciation) in fair value of investments	\$ 1,636,211	\$ (3,032,061)
Interest and dividends	\$ 514,320	\$ 676,392
Interest income on notes receivable from participants	\$ 15,266	\$ 11,748

NOTE 6 – NOTES RECEIVABLE FROM PARTICIPANTS

The Plan makes loans to participants based on their vested account balance. The minimum loan amount is \$500 and is limited to 50% of their vested account balance or \$50,000, whichever is less. Loans must be repaid within five years, except for loans made for the purchase of a primary residence. Loans are payable through payroll deductions. Interest is charged at rates set by the plan administrator, which is set at the prime rate plus an additional 2.0%. Loans outstanding at December 31, 2023 bear interest at rates ranging from 5.25% to 10.50% maturing through November 2028. Loans are secured by the vested account balance of the participant.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The recordkeeper, ADP, Inc. (ADP) provides certain administrative services to the Plan pursuant to an agreement between the Company and ADP. ADP receives revenue from mutual fund and collective trust fund service providers for services that ADP provides to the funds. This revenue is used to offset certain amounts owed to ADP for its administrative services to the Plan. Such fees are charged by the recordkeeper at rates that range from 0.02% to 0.75%.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan provides for investments that are exposed to various risks. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits, and therefore participants' account balances. There was one investment that individually represented more than 10% of the investments held as of December 31, 2023 and 2022. See the Supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

NOTE 10 – INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing Plan document sponsored by ADP, LLC. The prototype Plan document obtained an opinion letter dated October 6, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to Form 5500 at December 31:
