Independent Auditors' Report

To the Employee Benefits Committee of the
AGC Flat Glass North America, Inc. and Subsidiaries
Retirement Plan for Eligible Salaried Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the AGC Flat Glass North America, Inc. and Subsidiaries Retirement Plan for Eligible Salaried Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets as of December 31, 2023 and 2022 (in liquidation), and the related statements of changes in net assets available for the years then ended (in liquidation), and the statement of accumulated plan benefits as of January 1, 2023 (in liquidation), and the related statement of changes in accumulated plan benefits for the year then ended (in liquidation) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation effective March 18, 2022, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis used in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We were required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

December 31, 2023 (in liquidation) and 2022 (in liquidation)

(1) Description of plan

The following description of the AGC Flat Glass North America, Inc. and Subsidiaries Retirement Plan for Eligible Salaried Employees (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan was a qualified noncontributory defined benefit pension plan covering substantially all salaried employees of AGC Flat Glass North America, Inc. and Subsidiaries ("AGC" or "Plan Sponsor") hired before January 1, 2007. Benefit accruals ceased under the Plan including, but not limited to, disregarding any service earned and eligible compensation paid for periods after July 31, 2009 for purposes of calculating a participant's pension. Also, effective July 31, 2009, no further cost of living adjustments will be made. Employees hired on or after January 1, 2007 were not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan funds are held, invested, and disbursed by SEI Private Trust Company ("SEI") see Note (3).

Prior to January 1, 2007, employees became eligible to join the Plan upon reaching the age of 21 and completing one year of service, or upon attainment of age 50. Normal retirement occurred at the age of 65. An employee became eligible for early retirement upon attaining the age of 55. There are various other forms of pension coverage including deferred vested normal, deferred vested early, contingent annuity, level income, single life annuity, preretirement survivor, and automatic survivor pension. A participant vests in the Plan upon completion of five years of service. If a participant terminates before vested, they forfeit the right to receive benefits payable on their behalf under the Plan.

(a) General

The Plan Sponsor approved a plan of liquidation effective March 18, 2022, and submitted an application for determination for terminating plan from the Internal Revenue Service ("IRS") during 2022. The Plan also distributed lump sum benefit payments totaling approximately \$15,800,000, prior to July 26, 2023 to participants who elected to receive such payments in connection with the termination of the Plan. The Plan signed a contract with Pacific Life Insurance on July 26, 2023 pursuant to which Pacific Life Insurance assumed responsibility for all remaining benefit payment obligations beginning October 1, 2023. The Plan purchased the annuity contract for approximately \$64,700,000. As a result, the Plan changed its basis of accounting from the ongoing basis to the liquidation basis used in presenting the 2023 and 2022 financial statements.

(b) Contributions

Prior to the termination, all contributions to the Plan were made by the Plan Sponsor based upon recommendations of a consulting actuary in an amount necessary to fund normal cost and amortized prior service cost. Contributions by the Plan Sponsor were irrevocable and could only be used for the benefit of the participants and their beneficiaries.

AGC FLAT GLASS NORTH AMERICA, INC. AND SUBSIDIARIES
RETIREMENT PLAN FOR ELIGIBLE SALARIED EMPLOYEES

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (in liquidation)

The Plan Sponsor did not have any present or prospective right, claim or interest in the Trust Fund or in any contribution made to SEI except as follows:

- (1) Any residual assets were distributed to the Plan Sponsor if all liabilities under the Plan to participants, their spouses and other beneficiaries have been satisfied.
- (2) The Plan Sponsor was able to direct SEI to return any portion of a contribution which was made by mistake or for which a deduction is denied.

(c) Pension benefits

Benefit payments to participants were recorded upon distribution. The Plan Sponsor transferred the remaining obligations to the participants to an insurance company through the purchase of a general annuity for the benefit of the participants during 2023.

(d) Death and disability benefits

If an active participant died at age 55 or older or after becoming fully vested, a death benefit equal to 50% of the value of the participant's accumulated pension benefits was paid to their beneficiary. Participants who became totally disabled were entitled to receive annual disability benefits that were equal to the normal retirement benefits they had accumulated as of the time they became disabled.

(e) Administrative expenses

Administrative and other fees as well as the Pension Benefit Guaranty Corporation ("PBGC") premiums were generally paid from the Plan assets.

(2) Summary of significant accounting policies

(a) Basis of accounting

As described in Note (1) of the financial statements, the Plan Sponsor elected to terminate the Plan effective March 18, 2022. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan has changed its basis of accounting as of and for the years ended December 31, 2023 and 2022 from the going concern basis to the liquidation basis.

(b) Investment valuation and income recognition

The fair value of the Plan's interest in the AGC Flat Glass North America, Inc. Master Trust (the "Master Trust" or "Trust") was based on the beginning of year value of the Plan's interest in the Trust plus actual contributions and allocated investment income less losses, actual distributions and allocated administrative and other expenses.

AGC FLAT GLASS NORTH AMERICA, INC. AND SUBSIDIARIES
RETIREMENT PLAN FOR ELIGIBLE SALARIED EMPLOYEES

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (in liquidation)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Accumulated plan benefits

Accumulated plan benefits were future periodic payments that were attributable to service participants rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. The Plan's benefits were based on each participant's eligible years of service and their compensation as defined in the Plan document. Benefits payable (retirement, death, disability, and termination of employment) were included, to the extent they were deemed attributable to participant service rendered as of the valuation date.

The actuarial present value of accumulated plan benefits was determined by a consulting actuary and was the amount that resulted from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The accumulated plan benefit information was presented as of the beginning of the Plan year.

The more significant actuarial assumptions underlying the actuarial computations on a Plan termination basis are as follows:

- 75% of active participants and 65% of terminated vested participants are assumed to elect to receive the lump sum benefit option. 25% of active, 35% of terminated vested, and 100% of retired participants are assumed to receive an annuity benefit option on the normal form.
- The lump sum interest rates are 5.09%/5.60%/5.41% based on the 2023 Unisex PPA mortality table rates.
- The annuity purchase premium pricing is based on the present value of accumulated plan benefits using the June 30, 2023 Mercer Yield Curve and is 18% for active and terminated vested participants and 3% for retired participants receiving payments. The annuity purchase rate is an estimate for rates used by insurers in determining annuity purchase premiums.
- Annuity mortality is the Pri-2012 sex distinct separate employee and retiree tables with contingent survivor adjustments for existing survivors and no collar adjustments applied with future improvement using the MP-2021 projection scale.

AGC FLAT GLASS NORTH AMERICA, INC. AND SUBSIDIARIES
RETIREMENT PLAN FOR ELIGIBLE SALARIED EMPLOYEES

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (in liquidation)

Actuarial assumptions change periodically in accordance with certain statutory regulations. The change in actuarial assumptions of \$(3,552,000) in the statement of changes in accumulated plan benefits for the year ended January 1, 2023 is primarily due to a change to the annuity premium pricing used compared to the prior year.

(d) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2023 and September 27, 2024, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified Information

AGC maintains a Master Trust, which includes assets for certain pension plans. The Plan's and Master Trust's fair value of investments, accrued investment income, and investment income (loss) have been certified by SEI as being complete and accurate in accordance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. SEI has also certified the investments and investment activity as the information shown in Notes (4) and (5) which presents required disclosures of the Master Trust.

The Plan does not require collateral for its interest in the Trust. Accordingly, the maximum accounting loss the Plan would suffer if counterparties failed to perform their duties with regard to the Trust is the fair (recorded) value of the Plan's ownership of the Trust.

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3).

AGC FLAT GLASS NORTH AMERICA, INC. AND SUBSIDIARIES
RETIREMENT PLAN FOR ELIGIBLE SALARIED EMPLOYEES

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (in liquidation)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to determine assets fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- (i) *Money market fund*: Valued at the net asset value ("NAV") of shares held by the Plan at year end as reported by SEI.
- (ii) *Mutual funds*: Valued at the NAV of shares held by the Plan at year end in an active market.
- (iii) *U.S. government securities*: Valued using pricing models maximizing the use of observable inputs for similar securities.
- (iv) *Insurance contract*: Valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2023 and 2022:

(5) Interest in Master Trust

The Plan's investments are in a Master Trust which was established for the investment of assets of the Plan and other benefit plans of AGC. Each participating retirement plan has a specific interest in the Master Trust. The assets of the Master Trust are held by SEI. Investment income and administrative expenses relating to the Master Trust were allocated to the individual plans based upon average monthly balances invested by each plan.

Investments and other assets of the Master Trust and Plan's interest as of December 31, 2023 and 2022, are as follows:

	<u>2023</u>		<u>2022</u>	
	<u>Master Trust Balances</u>	<u>Plan's Interest in Master Trust Balances</u>	<u>Master Trust Balances</u>	<u>Plan's Interest in Master Trust Balances</u>

RETIREMENT PLAN FOR ELIGIBLE SALARIED EMPLOYEES**

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (in liquidation)

(6) Income tax status

On August 1, 2022, the Plan submitted an application to the IRS requesting a favorable determination letter in connection with its termination which was received on October 27, 2023, in which the IRS stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC") and that the termination does not affect its qualification for federal tax purposes. The Plan is required to operate in conformity with the IRC through termination to maintain its qualification.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress.

(7) Related party and party-in-interest transactions

Certain plan investments were shares of mutual funds managed by SEI and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Plan contributions were made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

(9) Funding policy

AGC has adopted the policy that contributions to the Plan each year should be at least equal to the minimum funding requirements of ERISA, as determined by the actuary, but no more than the maximum tax-deductible contribution. The minimum funding requirements were met in 2023 and 2022.

**AGC FLAT GLASS NORTH AMERICA, INC. AND SUBSIDIARIES

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (in liquidation)

(10) Termination priorities

Subject to approval by PBGC with respect to the Plan's termination, available assets shall be distributed in accordance with Section 4044(a) of ERISA.

Certain benefits under the Plan are insured by the PBGC at Plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect at the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. As of December 31, 2023, all obligations with respect to benefits of the Plan have been passed to Pacific Life Insurance.

Participants received their benefits during 2023 as either a lump-sum distribution or in the form of an annuity.

(11) Subsequent event

During June and July 2024, residual assets totaling approximately \$13,500,000 were distributed to the Plan Sponsor as all Plan expenses and liabilities under the Plan to participants, their spouses and other beneficiaries had been satisfied.
