**Independent Auditor's Report**

RSM US LLP

Board of Trustees, Plan Administrator and Plan Participants  
Noble and Greenough School Defined Contribution Ret Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We were engaged to perform an audit of the financial statements of Noble and Greenough School Defined Contribution Ret Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Disclaimer of Opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

**Basis for Disclaimer of Opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 5 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable.

Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

**Emphasis of Matter—Investments**

As discussed in Note 4, the financial statements include an investment representing 14% and 15% of total assets as of December 31, 2023 and 2022, respectively, whose fair value has been estimated using unobservable inputs in the absence of readily ascertainable fair values. Our disclaimer of opinion is not modified with respect to this matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

## Noble and Greenough School Defined Contribution Ret Plan

### Notes to Financial Statements

#### Note 1. Description of Plan

The following description of Noble and Greenough School Defined Contribution Ret Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions. The Plan operates under the provisions of the Internal Revenue Code (the Code) Section 403(b) and it is funded with annuity contracts and custodial accounts that comply with that section.

**General:** The Plan is a defined contribution plan covering eligible employees of Noble and Greenough School (the School) and was established in 1960. The School is the Plan's Sponsor and Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. The Plan was most recently amended on August 5, 2020 effective January 1, 2019 to implement hardship distribution provisions of the Bipartisan Budget Act of 2018. All investments are participant directed.

**Eligibility:** All employees who regularly work in excess of 20 hours per week or 1,000 hours per annum are required to become participants in the Plan and are eligible to make additional elective contributions to the Plan on date of hire. All employees making mandatory contributions are eligible to receive the employer match. Employees will enter the Plan on the first payroll following the date they meet the eligibility requirements.

**Contributions:** Participants of the Plan meeting the 20 hours per week requirement are required to contribute 3.33% of their eligible compensation, as defined by the Plan. Participants may elect to make additional elective contributions up to 100% of their pretax or after tax eligible compensation, as defined by the Plan; however, the amount may not exceed limits established by the Code. The School elects to provide a matching contribution equal to 10% of the employee's eligible compensation, as defined by the Plan. If the participant elects to contribute between 1% and 2% of their eligible compensation above the required contribution to the Plan, the School will make an additional matching contribution of 50% of such participant contributions into the Plan. Participants who are projected to attain age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, as allowed by the Plan Administrator.

**Participant accounts:** Each participant's account is credited with participant contributions, account earnings, the School's matching contributions and charged with an allocation of administrative expenses and plan servicing credits, if any. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their own contributions and the School's contributions plus actual earnings thereon.

**Participant investment options:** Participants direct their investments into various investment options offered by the Plan, as more fully described in the Plan's literature. Participants may change their allocation on a daily basis.

**Payment of benefits:** The Plan permits withdrawals of 100% of the participant's vested account balance when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments, installments or annuity distributions as allowed under the applicable funding vehicle. Employees who have account balances of \$5,000 or less will be automatically rolled over to an individual retirement account (IRA) following severance from employment.

#### Note 1. Description of Plan (Continued)

**Notes receivable from participants:** Subsequent to September 25, 2020, all new loans will be participant loans and will be funded directly from participant account balances. Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are up to five years and a participant cannot have more than three outstanding loans at any one time. The loans are secured by the vested balance in the participant's account and bear a fixed interest rate for the life of the loan at the Wall Street Journal prime rate plus 1%. These participant loans are included in notes receivable from participants in the statements of net assets available for benefits. Loans outstanding as of December 31, 2023 bear interest at rates ranging from 4.25% to 9.50% and mature through May 2028.

**Plan loans:** Through September 25, 2020, participants were allowed to take plan loans directly from the Teachers Insurance and Annuity Association (TIAA) secured by the participant's balance in the TIAA Traditional Annuity. Plan loans follow the same requirements as notes receivable from participants, however, participants must transfer an amount equal to 110% of their outstanding loan balances from their fund accounts to the TIAA Traditional Annuity to be held as collateral for the loans. The collateral remains invested in the Plan. In the event of default, such loans are reportable to participants as taxable income but remain outstanding and continue to accrue interest until repaid by the participant or the participant becomes eligible to receive a distribution under the terms of the Plan. Principal and interest is paid through monthly or quarterly payments made directly to TIAA by participants. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions.

The balances of outstanding plan loans as of December 31, 2023 and 2022 are \$94,771 and \$131,083, respectively. Under the borrowing terms, \$104,248 and \$144,191 of the plan assets serve as collateral to these loans as of December 31, 2023 and 2022, respectively. The loans bear interest at rates that range from 4.00% to 5.73%, which are commensurate with local prevailing rates at date of loan inception as determined periodically by TIAA, and mature through April 2030. Interest paid by participants on such loans during the year ended December 31, 2023 was approximately \$5,000. During the year ended December 31, 2023, no additional plan loans went into default. As of December 31, 2023 and 2022, there were five loans in default totaling \$37,214 and \$34,417, respectively. Such amount includes principal and accumulated interest.

**Plan administration:** Certain administrative functions are performed by officers or employees of the School. No such officer or employee received compensation from the Plan. Certain administrative expenses were paid by the School at management's discretion.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

## Noble and Greenough School Defined Contribution Ret Plan

### Notes to Financial Statements

---

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Investments valuation and income recognition:** Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits:** Benefit payments are recorded when paid.

**Expenses:** Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments. Certain investments charge an annual plan servicing fee that is deducted from the participant's accounts on a quarterly basis.

**Other income:** On a quarterly basis, the Plan receives revenue credits from TIAA, which represent excess revenue generated that is returned to the Plan by TIAA. These funds may be used to pay reasonable and necessary expenses for the Plan and can also be used to provide plan servicing credits to participants. During the year ended December 31, 2023, the Plan received \$39,059 in revenue credits which are included in other income on the statement of changes in net assets available for benefits, recognized net appreciation in the fair value of \$928, incurred net other adjustments of \$11,724 and used \$28,150 to pay plan expenses. As of December 31, 2023 and 2022, revenue credits totaled \$10,726 and \$10,613, respectively. The remaining balance as of December 31, 2023 will be used to pay plan expenses or be allocated to participants in accordance with the terms of the agreement.

**Income taxes:** U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state or local tax authorities for fiscal years before 2020.

#### Note 3. Information Certified and Provided by TIAA and CREF

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by TIAA and College Retirement Equities Fund (CREF), as issuer of the registered investment companies, the insurance investment contracts and the pooled separate account and as agent for TIAA, FSB, the custodian of the mutual funds, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from TIAA and CREF that the information provided to the Plan Administrator by TIAA and CREF related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supporting schedule related to the following assets.

TIAA and CREF also certified to the completeness and accuracy of \$16,365,186 of net appreciation in the fair value of investments and \$1,651,343 of interest and dividends related to the aforementioned assets, \$11,777 of interest income on notes receivable from participants and \$39,059 of other income for the year ended December 31, 2023.

#### Note 4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

#### Note 4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

**Mutual funds:** The fair value of the mutual funds offered by TIAA-CREF are determined based on the daily unit value published on NASDAQ. These funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund. The other mutual funds are valued based on quoted market prices of the funds, when available.

**Registered investment companies:** The fair value of the registered investment companies offered by TIAA-CREF are determined based on the daily unit value published on NASDAQ. These funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund.

**Pooled separate account:** TIAA offers the Real Estate Account (REA), which is a separate account of TIAA. This account is a variable account similar to CREF variable accounts; as such returns are not guaranteed and its accumulations and returns fluctuate based on performance of the underlying investments. The REA reflects a structure similar to mutual funds and have a readily determinable fair value as published on NASDAQ each day that current transactions are recorded. The fund is not traded on this exchange.

**Non-benefit responsive insurance investment contracts:** Non-benefit responsive insurance investment contracts are reported at contract value, which approximates fair value (see Note 6). This determination is based on TIAA and CREF's credit rating and yield during 2023 and 2022 being comparable to similar alternative investments and the interest rate, which resets quarterly being comparable to a 10-year treasury bond.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers in or out of Level 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

#### Note 5. Excluded Contracts

The Plan Administrator has elected to exclude from investments certain annuity and custodial accounts that may have been issued to current and former employees without the Plan Administrator's knowledge prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the statement of changes in net assets available for benefits. U.S. GAAP require that these accounts and the related income and distributions be included in the accompanying financial statements.

The Plan Administrator is not able to determine the amount of these excluded annuity and custodial accounts and the related income and distributions because records relating to these are not available or do not exist.

#### Note 6. Insurance Investment Contracts with TIAA and CREF

The Plan has insurance investment contracts with TIAA. Under these contracts are sub-contracts, some of which are fully benefit-responsive, while others are not. Contracts are determined to be non-benefit responsive due to the restrictions on withdrawals from the contract. TIAA maintains the contributions held under the TIAA Traditional Annuity contract in a general account and those held under the TIAA Stable Value contract in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the insurance investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For insurance investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA and CREF. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1% to 3% depending on the contract. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

For insurance investment contracts that are non-benefit responsive, fair value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Investment contracts that are non-benefit responsive are included in the financial statements at contract value, which approximates fair value as reported by TIAA. Average yields for non-benefit responsive investment contracts for the year ended December 31, 2023, are as follows:

#### Average Yields

TIAA Traditional Annuity:

| Based on actual earnings                        | 4.77% |

### **Notes to Financial Statements**

---

#### **Note 7. Tax Status**

The Plan has adopted a volume submitter plan sponsored by TIAA and CREF. The volume submitter plan has received an advisory letter dated August 7, 2017 from the Internal Revenue Service as to the volume submitter plans qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

#### **Note 8. Plan Termination**

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, benefits will be provided as if all participants were then eligible for retirement.

#### **Note 9. Party-in-Interest Transactions**

Plan investments consist of certain mutual funds, registered investment companies, a pooled separate account and insurance annuity contracts managed by TIAA and CREF. TIAA and CREF is the issuer of the registered investment companies, the insurance annuity contracts and the pooled separate account and TIAA, FSB is the custodian of the mutual funds of the Plan, and therefore, transactions with TIAA and CREF and TIAA, FSB qualify as exempt party-in-interest transactions. Notes receivable from participants also represent exempt party-in-interest transactions.

#### **Note 10. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Approximately 14% and 15% of the Plan's investments are held in an account with TIAA, the TIAA Traditional Annuity, as of December 31, 2023 and 2022, respectively. Approximately 17% and 22% of the Plan's investments are held in an account with CREF, the CREF Stock R2, as of December 31, 2023 and 2022, respectively. As such, these are considered to be a concentration of credit risk.

U.S. GAAP requires the financial statements to present the fair value of investments. The investments in non-benefit responsive investment contracts outlined in Note 6 have been presented at contract value, which approximates fair value, as reported to the Plan by TIAA and CREF. This determination is based on TIAA's credit rating and yield during 2023 and 2022 being comparable to similar alternative investments and the interest rate, which re-sets quarterly being comparable to a 10-year treasury bond. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant causing the financial statements to become materially misstated.

#### **Note 11. Subsequent Events**

The Plan has evaluated subsequent events through October 1, 2024, the date on which the financial statements were available to be issued.
