Independent Auditor's Report

To the Board of Trustees of
The Rivers School Defined Contribution Plan
Weston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Rivers School Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Rivers School Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from TIAA and CREF, qualified institutions as of and for the year ended December 31, 2023 and 2022 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Rivers School Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rivers School Defined Contribution Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Rivers School Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rivers School Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Rivers School Defined Contribution Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of the The Rivers School Defined Contribution Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a) General

The Plan is a defined contribution plan for all employees of The Rivers School ("School"). Elective deferrals may begin as soon as administratively feasible after an individual's date of hire. The plan excludes employees that are students who are enrolled and attending classes offered by the School. The Plan is a 403(b) defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Participants may contribute a fixed amount of pretax annual compensation, as defined in the Plan document, subject to certain IRS limits, by means of payroll deductions. Compensation is defined as the participant's total compensation that is subject to income tax and paid to the participant by the employer for the plan year. Participants direct the investment of their contributions into various investments and annuity contracts offered by the Plan. Contributions from employees are recorded in the period in which the School processes the payroll deductions from participant earnings.

Each year, the plan sponsor makes contributions to the Plan on behalf of participants. The employer contribution is based on a participant's length of service with the School and the participant's compensation. Individuals who have completed one year of service for the School and have attained the age of 21 are eligible to receive the employer contribution. A year of service is defined as 1,000 or more hours in a given plan year. Employees that are students and who are enrolled and attending classes offered by the School are excluded from receiving the employer contribution. Participants that have worked for the School for more than one year but less than five years are eligible to receive an employer contribution equal to 7% of compensation. Participants that have worked for the School for more than five years are eligible to receive an employer contribution of 10% of compensation. The total amount of participant deferrals and employer contributions is subject to IRS limitations.

c) Participant Accounts

Each participant's account is credited with participant and employer contributions, as applicable, and earnings thereon, net of investment transaction fees. Allocations of participant and employer contributions are based on investment allocations as selected by the participant. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Notes to Financial Statements

December 31, 2023 and 2022

Note 1 - Description of Plan (Continued)

d) *Vesting*

Participants are immediately vested in their voluntary and employer contributions plus earnings thereon.

e) *Participant Borrowings*

Loans of accumulations attributable to elective deferrals are permitted under the plan. Participants may borrow the lesser of 50% of their vested account balance or \$50,000 less the highest outstanding principal balance of any loan in the previous twelve months. Loans are repaid through payments made directly by the participant to the funding source. A loan is considered to be in default when repayments are not made as set forth in the loan agreement, a breach of obligation under the loan agreement occurs, or employment with the plan sponsor is severed. The term of the loan may not extend for more than five years unless the loan is used for the purchase of a primary residence, in which case the term of the loan cannot exceed ten years. Loans are limited to three per plan year.

f) *Payment of Benefits*

Participants are entitled to request a distribution from their elective deferrals upon severance of employment, death, disability, attainment of age 59 1/2, eligibility for a qualified reservist distribution, or termination of the plan. Employer contributions are available for distribution only after severance from employment. Elective deferrals and earnings attributed to amounts contributed to annuity contracts as of December 31, 1988, may be distributed at any time. Distributions from amounts attributable to rollover contributions received prior to plan amendment may be distributed at any time. The plan allows for direct rollovers of eligible distributions to another eligible retirement plan. Hardship distributions are available for elective deferrals in accordance with the terms of the IRS Code. Generally, minimum distributions are required to start upon the later of the participant reaching age seventy two or retiring from employment, subject to certain restrictions. Benefits are paid via a lump-sum distribution or as an annuity contract. Other distributions options are available under the terms of the funding vehicle.

Upon termination of service, a participant's account balance will generally not be paid out of the Plan until a distribution is requested by the participant.

Benefits payments are recorded when paid.

Note 1 - Description of Plan (Continued)

g) Plan Expenses

The Plan is sponsored by the School. All direct expenses are paid by funds generated through the Plan's revenue sharing agreement with TIAA. Any remaining plan expenses are paid by the Plan sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

Cares Act Provisions

The Plan implemented the early withdrawal and loan provisions of the Coronavirus Aid, Relief and Economic Security Act (the Cares Act). Formal amendments will be filed prior to the required date.

Investment Valuation and Income Recognition

The Plan's investments are held in various insurance contracts, annuities, and mutual funds and are stated at fair value. The net appreciation/depreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Investments in mutual funds are valued at the closing market value for the funds on the last day of the Plan year. Investments in the TIAA Traditional Annuity are reported at contract value which equals the accumulated cash contributions and interest credited to the plan's contracts, less any withdrawals and approximates fair value. Investments in fixed annuities are based on valuation methods disclosed in the annuity contracts. Investments in pooled separate accounts are valued based on the fair value of the underlying holdings of the fund.

Purchases and sales of securities are recorded on the settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction (increase) of net appreciation (depreciation) in fair value of investments.

The Rivers School Defined Contribution Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income reported in the accompanying statement of changes in net assets available for benefits.

Notes Receivable from Participants

Participant borrowings made through the Plan are considered participant notes receivable and are included with receivables in the statements of net assets available for benefits. At December 31, 2023 the principal balance of participant loans was \$64,947. At December 31, 2022 the plan had outstanding participant loans of \$33,416. Interest income earned on participant notes receivable is accounted for and presented on a separate line item on the accompanying statement of changes in net assets available for benefits.

Participants may also obtain a loan directly with TIAA, custodian for the Plan. Participant loans made directly with TIAA are not included in the accompanying statements of net assets available for benefits. The principal and interest balances of participant loans made directly with TIAA as of December 31, 2023 and 2022 was \$10,431 and \$19,576, respectively.

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments, all of which are participant directed. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Rivers School Defined Contribution Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

Plan management along with the plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for three years prior to the current year.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, a participant's entire account balance will be distributed to the participant provided that the employer does not make contributions to an alternative Code 403(b) contract that is not part of the Plan beginning on the date of termination and ending 12 months after the distribution of all assets, except as permitted by the Code.

Note 4 - Custodian (Unaudited)

At December 31, 2023 and 2022, the Plan's investments were held and administered by the custodian, TIAA and CREF. All investment information presented in the accompanying financial statements and supplemental schedule, including investments held, net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the School and certified as complete and accurate by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 5 - Guaranteed Investment Contracts

The TIAA Traditional Annuity ("TA") is a fixed-dollar annuity contract in which contributions to the annuity purchase a contractual or guaranteed amount of future benefits for the participant. As a guaranteed annuity backed by TIAA's claims-paying ability, the TA guarantees principal and a minimum interest rate, plus the opportunity for additional amounts in excess of the guaranteed rate. The additional investment earnings are declared by the TIAA Board of Trustees and remain in effect for the "declaration year" which begins annually on March 1. The guaranteed annual interest rate offered by the TA is at generally 3% with the exception of some contracts which have an interest rate between 1% and 3% that is specified in the contract agreement. The guaranteed minimum interest rate plus any additionally declared amounts make up the annuity's crediting rate in the accumulation phase. In order to determine the crediting rate, TIAA groups the premium dollars received over time into vintages, which are typically composed of one or more contiguous calendar months. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses, and an amount set aside for contingency reserves. The net investment earnings rate associated with each vintage reflects both the yields at which premiums are invested and the rates at which subsequent cash flows are reinvested. The ability of a participant to obtain a lump-sum withdrawal from a TA depends upon the restrictions of the specific annuity as outlined in the agreement. Typically withdrawals and transfers from the TA must be paid as a lifetime annuity or in 10 annual installments. The payout restrictions of an annuity are provided in the contract agreements. Under most TA contracts, the minimum guaranteed interest rate during the payout phase is at least 2% which may be supplemented by additional amounts declared by the TIAA Board of Trustees on an annual basis. The contract value of the Plan's investments in the TA and approximate fair value were \$11,963,522 and \$11,062,990 at December 31, 2023 and 2022, respectively, consisting of \$2,665,616 and \$2,571,028 of benefit responsive contracts at December 31, 2023 and 2022, respectively, and \$9,297,906 and \$8,491,962 of non-benefit responsive contracts at December 31, 2023 and 2022, respectively.

The TIAA Stable Value Fund is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA. Contract holders and plan participants do not participate in, and do not receive the earnings of, the assets in the separate account. All guarantees are based upon TIAA's claims-paying ability. TIAA Stable Value Fund is reported at contract value. The contract value of TIAA Stable Value Fund equals the accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any. The TIAA Stable Value Fund is a benefit responsive contract. The value of the Plan's investment in the TIAA Stable Value Fund was \$669,159 and \$544,439 December 31, 2023 and December 31, 2022, respectively.

The Rivers School Defined Contribution Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end based on market quotations or prices obtained from independent pricing sources. TIAA Access Annuity Funds are valued based on the ending value of sub-account unit values which are calculated on a daily basis and published on the TIAA website. The underlying investments of the sub-accounts are generally valued using market quotations from independent pricing sources. The CREF Money Market Account holdings are generally valued at amortized cost which approximates fair value.

Pooled separate accounts: Valued at the market value of the underlying holdings of the fund. The TIAA Real Estate Account is valued based on the market value of the underlying real estate holdings or other real estate-related investments which are principally valued using external appraisals. The TIAA Real Estate Account may hold securities which are generally priced using independent pricing sources on a daily basis and posted on the TIAA website.

The Rivers School Defined Contribution Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 6 - Fair Value Measurements (Continued)

TIAA Traditional Annuity Fund: Valued at contract value which equals the accumulated cash contributions and interest credited to the plan's contracts, less any withdrawals and approximates fair value.

TIAA Stable Value Fund: Valued based on the valuation method as disclosed in the annuity contract and calculated by the annuity provider which represents the approximate market value that would be received by a participant upon contract termination.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023

Changes in Fair Value of Level 3 Assets:

The following table sets forth a summary of changes in fair value of the Plan's level 3 assets for the year ended December 31, 2023.

Level 3 Assets	
Year Ended December 31, 2023	
Balance, beginning of year	\$ 8,491,962
Investment earnings	428,269
Contributions	175,652
Distributions	(263,839)
Transfers	465,248
Other	<u>614</u>
Balance, end of year	<u>\$ 9,297,906</u>

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents information about significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the ASC 820 fair value hierarchy at December 31, 2023:

Type	Fair Value	Valuation technique	Significant unobservable inputs	Range
TIAA Traditional Non Benefit Responsive	\$6,980,310	Discounted cash flow	Risk-adjusted discounted rate applied	RA - 4.00% - 6.75% SRA - 3.25% - 6.00%
TIAA Traditional Non Benefit Responsive 2	\$2,317,596	Theoretical transfer (exit value)		RC - 4.25% - 7.00%

TIAA Traditional Annuity account balances are reported at contract value, which approximates fair value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

The Rivers School Defined Contribution Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 7 - Transactions with Related Parties

The Plan pays transaction fees to the custodian in connection with the management of investments that have been included with the appreciation/depreciation of fair value of investments.

The Plan invests in allocated insurance contracts and annuities sponsored by TIAA and CREF, custodians and administrators of the Plan.

The School provides certain accounting and administrative services to the Plan for which no fees are charged.

The above transactions qualify as exempt party-in-interest transactions.

Note 8 - Revenue Sharing Agreement

The plan has a revenue sharing agreement with TIAA-CREF. TIAA's current annual revenue requirement under the agreement is 12 basis points multiplied by Plan assets effective January 1, 2022. TIAA reconciles the revenue requirement to the revenue generated by the Plan on a quarterly basis. TIAA is paid an annual Plan servicing fee of up to 12 basis points from Plan participation accounts held in mutual funds. Revenue from annuity contracts in excess of the revenue requirement is held in a revenue credit account. The revenue credit account is used to pay direct, reasonable and necessary Plan expenses which the plan is authorized to pay. For the year ended December 31, 2023, revenue sharing income was \$52,492, included in other income. Plan fees paid from the revenue sharing account for the year ended December 31, 2023, were \$2,364 included in miscellaneous expenses.

Note 9 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code. The plan administrator and the plan's tax counsel believe that terms of the Plan have been prepared to conform with the written plan requirements of Regulation 1.403(b)-3 of the Code. The terms of the plan have been prepared to conform to the listing of 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for the plan participants under Section 403(b). No provision for income tax has been included in the Plan's financial statements.

Note 10 - Subsequent Event

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 16, 2024 the date the financial statements were available to be issued.
