INDEPENDENT AUDITORS' REPORT

The Plan Administrators
Retirement Plan for the Arc of Walker County
Jasper, Alabama

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Retirement Plan for the Arc of Walker County (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise doubt about the Plan's ability to continue as going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN FOR THE ARC OF WALKER COUNTY

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The Retirement Plan for the Arc of Walker County (the "Plan") is a defined contribution plan established as of December 7, 1987. The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Eligibility – The Plan covers substantially all employees of The Arc of Walker County (the "Arc"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Subject to certain limitations imposed by law, participants are allowed to make contributions to the Plan by electing to reduce their gross pay in an amount equal up to 100 percent of their annual compensation. The Arc also contributes a discretionary matching contribution of 100 percent of the elective deferral up to a limit of 7 percent. The aggregate amount of all contributions is subject to certain limitations imposed by law.

Participant Accounts – Each participant's account is credited with the participant's contributions and an allocation of the Arc's contributions and Plan earnings. Allocations of employer contributions are based on eligible annual compensation as defined in the Plan agreement. Benefit payments to participants are based upon vested balances in the employee and employer accounts at the date of benefit determinations.

Vesting – Participants are immediately vested in their employee contributions, including allocated earnings thereon. Participants are 100 percent vested in their employer matching contributions after three years of credited service. Participants are fully vested at the earlier of death, disability, or reaching normal retirement.

Forfeitures – Forfeited balances will be used to reduce future employer contributions. Forfeitures for December 31, 2023 and 2022, were \$0 and \$5,227, respectively.

Benefits – Distributions to participants take place upon the employee's separation of service, retirement, attaining age 59½, permanent and total disability, or death. Participants may elect to receive a single sum payment or a series of equal installment payments. Benefits are recorded when paid.

Plan Loans – Participants may borrow amounts from Variable Annuity Life Insurance Carrier using the assets of the Plan as collateral for the loans. General guidelines are that the minimum loan amount be \$1,000, while the maximum is equal to the lesser of \$50,000 or 45% of their vested account balance. The loans do not reduce the balance of the participants' accounts unless the loan is in default at the time when the benefits are distributable. The Plan requires the participant to maintain at least 110% of the loan as collateral. The loans bear interest ranging at 3 percent. Principal and interest are paid directly to VALIC and Mutual of America.

As of December 31, 2023 and 2022, outstanding loans totaled \$68,750 and \$73,700, respectively. As of December 31, 2023 and 2022, there were no individuals with loans in default. The participant loan collateral account has been reported separately on the financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates – The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements. Actual results could differ from these estimates.

Basis of Accounting – The financial statements of the Plan are prepared under the modified cash basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value except for fully benefit-responsive investments contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – The employer absorbs significant costs of Plan administration.

Concentration of Credit Risk – At December 31, 2023 and 2022, a significant amount of the Plan's assets is invested in funds managed by an independent company, Variable Annuity Life Insurance Carrier, which serves as investment advisor and as trustee. The investment options offered to participants are designed to provide each participant with the opportunity to diversify the investment of their accounts. Although the Plan administrator has no involvement in the investment transactions of the funds, the Plan administrator periodically monitors the investment performance of the funds and may, pursuant to the provisions of the Plan agreements, elect to change the Plan's investment programs and/or the trustee at any time.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's assets are reported at fair value in the accompanying statements of net assets available for plan benefits.

	<u>Fair Value</u>	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2023			
Money Market	\$ 136,790	\$ 136,790	\$ -
Mutual Funds	<u>1,239,387</u>	<u>1,239,387</u>	<u>-</u>
Total	\$ <u>1,376,177</u>	\$ <u>1,376,177</u>	\$ <u>-</u>
December 31, 2022			
Money Market	\$ 131,128	\$ 131,128	\$ -
Mutual Funds	<u>992,078</u>	<u>992,078</u>	<u>-</u>
Total	\$ <u>1,123,206</u>	\$ <u>1,123,206</u>	\$ <u>-</u>

Fair Value Measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of other than quoted prices within Level 1 that are observable for the assets, either directly or indirectly. Level 3 inputs have the lowest priority and consist of at least one unobservable input for the asset. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. When all the underlying components of an investment cannot be measured using Level 1 inputs, Level 2 inputs are used. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2023 and 2022, are reported in net appreciation in fair value of investments.

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 3: FAIR VALUE MEASUREMENTS – CONTINUED

Level 2 Fair Value Measurements

The fair value for the fixed account is the amount which is payable on demand on the reporting date. If all participants were eligible for a distribution of their full accounts from the Plan on the reporting date, the amount payable on demand on the reporting date would be the contract value. In the event that full value of the account could not be paid upon demand, the “fair value” estimates are based upon “demand value” for the contract; i.e., the amount due to the contract holder under the surrender provisions of the contract.

The Plan’s policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

NOTE 4: FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

In 2010, the Plan entered into a benefit-responsive guaranteed investment contract with the Variable Annuity Life Insurance Carrier (VALIC). VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Average yields were 1.0% and 1.0% for the years ended December 31, 2023 and 2022, respectively.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan’s ability to transact at contract value with VALIC. Such events include the following: (a) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5: INCOME TAX STATUS

Currently, 403(b) plans are not required to submit plans to the Internal Revenue Service for determination. However, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan's federal tax returns (Form 5500) for 2023, 2022, and 2021, are subject to examination by the IRS, generally for three years after the date they were filed.

NOTE 6: PLAN TERMINATION

Although it has not expressed any interest to do so, the Arc has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Variable Annuity Life Insurance Carrier and Mid Atlantic Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments as shown on the statements of net assets available for benefits – modified cash basis as of December 31, 2023, and 2022.
- Net investment activity and interest and dividend income as shown on the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2023.
- Investment information included in the footnotes and supplemental schedule of assets held for investment purposes as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 8: SUBSEQUENT EVENT

The Plan evaluated subsequent events through September 24, 2024, the date which the financial statements were issued.

Effective January 1, 2023, the plan changed trustee from Variable Annuity Life Insurance Carrier (VALIC) to Mutual of America.

NOTE 9: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Variable Annuity Life Insurance Carrier (VALIC) and Mutual of America. VALIC and Mutual of America are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$11,931 and \$1,962 for the years ended December 31, 2023 and 2022. Additional fees paid to the trustee are netted against investment returns.
