Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Manko Window Systems, Inc. Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MANKO WINDOW SYSTEMS, INC. PROFIT SHARING AND 401(K) PLAN

Manhattan, Kansas

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the Manko Window Systems, Inc. Profit Sharing and 401(k) Plan (the Plan), provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1995, is a defined contribution plan. An employee becomes eligible to enroll in the Plan on the first quarterly entry date following completion of 500 hours in a 6 months of service period and attainment of age 18. Upon qualification, the participant is automatically enrolled in the Plan at a rate of 2% or a percentage of their choosing. The participants have a 90 day window after automatic enrollment to opt out and receive permissible withdrawals. At the beginning of the Plan year, the Plan has an automatic escalation of 1% up to a max of 5%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and later amendments.

Participant and Employer Contributions

Participating employees may elect to enter into a compensation reduction agreement (pre-tax) to reduce compensation up to the lesser of 100% of their total compensation to the maximum allowed for the Plan years ended December 31, 2022 and 2021, which will be contributed to the Plan in their name. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers a variety of retirement funds as investment options for participants. Any elective deferrals to the Plan are made from eligible earnings before taxes. The Plan allows eligible employees to make Catch-up Elective Contributions or additional salary deferral contributions up to \$6,500 for employees age 50 and over.

Each year, Manko Window Systems, Inc. (the Company), may contribute to the Plan's discretionary profit sharing contributions. For the Plan year 2022 the Company chose to contribute \$1,474,845 after applying forfeitures of \$20,418. In Plan year 2021 the Company contributed \$515,432 after applying forfeitures of \$25,534, which is allocated to employees based on compensation levels.

The Plan may accept a proper rollover from another qualified plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution on his/her behalf (based on compensation paid during the year), investment earnings and expenses. Allocations are based on participant earnings or account balances, as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan provides for vesting in the employer's profit sharing contributions of 20% after two years of credited service, 40% after three years of service, 60% after four years of service, 80% after five years of service, and 100% after six years of service. An employee who becomes disabled, dies, or reaches age 60 will be vested 100% in employer contributions.

Participant Loans

The Plan does not allow participants to borrow against their account balances.

December 31, 2022 and 2021

Note 1: Description of the Plan (Continued)

Benefits

A participant, or designated beneficiary, is entitled to receive a distribution of his/her interest in the Plan when any one of the following events occurs:

1. termination of employment for any reason;
2. death;
3. total and permanent disability;
4. retirement; or
5. hardship.

If one of the previously mentioned events occurs, the current value of the participant's account is to be paid in one lump sum unless, if the account exceeds \$5,000, annuity payments are determined at the option of the participant. Annuity payments cannot exceed a period of time longer than the participant's life expectancy. Distributions upon death shall be made within five years. Retirement benefits are available at age 60 for early or normal retirement. Benefits are recorded when paid.

Plan Forfeitures

At December 31, 2022 and 2021, forfeited, nonvested accounts totaled \$15,472 and \$25,534 respectively. These amounts will be used to reduce company contributions or reallocated to contributions. Stale checks were also reapplied to the Plan in the amount of \$4,885 for December 31, 2022. Forfeitures used were \$25,534 and \$15,080 during the Plan years December 31, 2022 and 2021. The balances of the forfeiture accounts at December 31, 2022 and 2021 were \$20,418 and \$25,534, respectively.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants accounts are charged directly to the participants' account. Other expenses such as TPA fees and asset valuation fees are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments. Investment advisor fees for 2022 were paid by the Plan Sponsor and are excluded.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Company are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined and certified by the Custodian, at year end. Investments in mutual funds and common trust funds are valued at net asset value of shares held by the Plan at year-end.

Net appreciation consists of both realized and unrealized appreciation (depreciation) on assets held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2022 and 2021, the Plan had no pending distributions where a distribution request had been made but not yet paid to the participant.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Note 3 for further documentation on fair value measurements.

Note 3: Fair Value of Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 3: Fair Value of Investments (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Fund

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds

Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money Market Funds

Valued at the net asset value (NAV) of \$1 per share. The fund's portfolio is comprised of short-term, or less than one year, securities representing high-quality, liquid debt and monetary instruments. Investors can purchase shares of money market funds through mutual funds, brokerage firms and banks.

Note 4: Related Parties and Parties in Interest

The Company absorbs some administrative expenses of the Plan, the cost of audit fees related to the Plan and the cost of fidelity bonds. The Company provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements.

Certain plan investments are shares of proprietary funds managed by the Custodian for which they are paid a fee. Investment related expenses are included in the net appreciation of fair value of investments. These transactions qualify as exempt party-in-interest transactions.

Additional party-in-interest transactions include audit fees to Varney & Associates, CPAs, LLC and Allen, Gibbs & Houlik, L.C. and Benefit Trust Company for administrative services. As of December 1, 2022, Fidelity became the Custodian and recordkeeper for the Plan.

Note 5: Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. In the event of termination, each participant will have a nonforfeitable interest in his/her entire individual account. The method of payment is at the sole discretion of the Plan Administrator.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 6: Tax Status

The Plan adopted a non-standardized prototype plan document. The Internal Revenue Service issued an opinion letter, dated March 31, 2014, on the prototype plan document, indicating the basic Plan document is acceptable under Code Section 401 of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets for benefits.

As a result of COVID-19 and other worldwide issues, there has been heightened market risk and volatility associated with the pandemic and this could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact to the Plan.

Note 8: Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian, Benefit Trust Company through November 30, 2022 and Fidelity Management Trust Company through December 31, 2022.

Note 9: Reconciliation of Financial Statements to Form 5500

The financial statement amounts reconcile with the annual Form 5500 filing to the Department of Labor, Schedule H, for the years ending December 31, 2022 and 2021 as follows:

	2022	2021
Net assets available for benefits per the financial statements	\$ 13,119,226	\$ 14,265,225

Note 10: Subsequent Events

Management has evaluated subsequent events through August 25, 2023, the date on which the financial statements were available to be issued.

As of December 1, 2022, the administration, custodial and recordkeeping process was moved to Fidelity. The actual change in the Plan was not completed until January 1, 2023 due to blackout period between the changed Custodians.
