Independent Auditor's Report

To the Trustees and Participants
TeleTracking Technologies, Inc. 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the TeleTracking Technologies, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for plan benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a basis of accounting other than GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived

from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TeleTracking Technologies, Inc. 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

1. Plan Description

The following brief description of the TeleTracking Technologies, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing Plan covering all full-time employees of TeleTracking Technologies, Inc. (the Company), with the exception of independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible to make deferrals and receive related matching contributions once they have attained age 21 and have completed 30 days of service, and they may enter the Plan on the first of the month following the attainment of these eligibility requirements.

The Plan includes an automatic enrollment policy. Under this policy, an eligible employee's pre-tax deferral rate is initially set at 5% of eligible employee compensation, unless the eligible employee elects a different percentage or elects to cease making deferral contributions before the next pay period in which the amount would be withheld.

Contributions

Plan participants may contribute to the Plan under a salary deferral arrangement. An eligible participant may elect to contribute up to 75% of pre-tax compensation to the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. In addition, in any calendar year in which a participant is age 50 or above, an additional catch-up contribution (limited to \$7,500 in 2023) may be made. The Plan also permits rollover contributions of retirement benefits received from other qualified plans and Roth elective deferrals.

The Company has elected safe harbor nondiscrimination rules under the IRC. The Company provides a 100% match on employee contributions up to 3% of eligible compensation and a 50% match on employee contributions that exceed 3% but do not exceed 5% of eligible compensation. The contribution period for purposes of calculating the employer matching contribution is each Plan year.

The Company may provide a discretionary matching contribution as determined by the Company's Board of Directors. The Company may also provide qualified non-elective contributions and discretionary profit sharing contributions. These contributions are allocated to participants based on their compensation as defined in the plan document. The Company did not make any discretionary profit sharing contributions during 2023.

Notes to Financial Statements (Modified Cash Basis)

Vesting

Participant contributions, safe harbor matching contributions, and the earnings thereon are 100% vested at all times. Employer discretionary profit sharing contributions, matching contributions, and earnings thereon are vested according to the following schedule:

Years of Service	Vesting (%)
Less than 1	-
1	20
2	40
3	60
4	80
5	100

Participants automatically become fully vested with respect to employer contributions upon attaining age 60, death, or permanent disability.

Notes Receivable from Participants

Participants may request a loan from the Plan. The maximum amount that participants may borrow is equal to the lesser of \$50,000 or one-half of their vested account balance, reduced by all prior outstanding loan balances. A participant may have two loans outstanding at any time. The minimum amount a participant may borrow is \$1,000. Repayment terms generally may not exceed five years. Interest on loans is charged at a reasonable rate, as defined in the plan document. Participant loans are collateralized by the participant's vested account balance.

Benefit Payments

Upon termination of service due to retirement, death, or other reasons, the participant's vested benefit is to be distributed in a manner, as defined in the plan document, chosen by the participant or beneficiary. If the participant's vested account balance is \$1,000 or less, payment is to be paid in a single sum. A terminated participant may also elect to retain their vested account balance with the Plan until required to take mandatory distributions at age 70½.

Normal retirement occurs at age 60; however, an active employee may begin to receive benefits at age 59½.

Participant Accounts

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Each participant's account is credited with their voluntary contributions, Company matching contributions, allocations of discretionary contributions, and earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant account is charged with certain administrative expenses.

TeleTracking Technologies, Inc. 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

Forfeitures

Forfeited balances of terminated participants' nonvested accounts may be used to reduce plan expenses or used to reduce the employer's contributions to the Plan. Forfeitures available at December 31, 2023 and 2022 were not significant.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis. Investment income is recognized when received, and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for plan benefits (modified cash basis) and the statement of changes in net assets available for plan benefits (modified cash basis).

TeleTracking Technologies, Inc. 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net depreciation in fair values of investments.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the plan document.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

The plan sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 30, 2024, the day the financial statements were approved and authorized for issue.

3. Investments

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

Level 1 - This level consists of observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.

Level 2 - This level consists of inputs that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs, other than quoted prices in active markets, that are observable either directly or indirectly.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

TeleTracking Technologies, Inc. 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

Level 3 - This level consists of unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

Common Trust Funds - Common trust funds are valued based on the NAV reported by the trust manager as of the financial statement dates, which may reflect recent transaction prices, evaluations based on pricing services or other observable input. The common collective trust is a stable value investment trust fund managed by T. Rowe Price (the Stable Value Fund), which invests in a variety of investment contracts such as separate account contracts and synthetic investment contracts issued by insurance companies, banks, and other financial institutions and other short-term investments. The objective of the Stable Value Fund is to maximize current income while maintaining stability of principal. Participant-directed redemptions have no restrictions. Also, the Principal US Real Estate CIT (Real Estate CIT) is a collective investment trust. The assets are managed by Principal Investments and are made up of real estate assets held in trust by Principal to generate gains in the fund. The goal of the investment is to allow holders access to the U.S. real estate market without the large capital investments that prohibit many individuals from market exposure. There are no restrictions on participant redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair values of the Plan's assets measured on a recurring basis, by level, as described in Note 2:

December 31, 2023

	Level 1		Level 2		Level 3		Total

Investments , at fair value	\$ 55,448,234	\$ -	\$ -	\$ 55,448,234

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits (modified cash basis).

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

December 31, 2023

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Real Estate CIT	\$ 693,619	N/A	Daily	Immediate
Stable Value Fund	3,456,076	N/A	Daily	12 months

4. Certification of Financial Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2023, and December 31, 2022, and net appreciation in fair value of investments, interest and dividends, and interest income and notes receivable from participants for the year ended December 31, 2023 was obtained by management and agreed or derived from information certified as complete and accurate by Newport Group LLC, a qualified institution.

- Investments and notes receivable from participants as shown in the statements of net assets available for plan benefits (modified cash basis) as of December 31, 2023 and 2022.

TeleTracking Technologies, Inc. 401(k) Plan

Notes to Financial Statements (Modified Cash Basis)

- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for plan benefits (modified cash basis) for the year ended December 31, 2023.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements (modified cash basis) and ERISA-required supplemental schedule.

5. Tax Status

The underlying volume submitter plan provider received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the form of the Plan is qualified under Section 401 of the IRC. In accordance with IRS pronouncements, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its tax-exempt status. The Plan has been amended since receiving the opinion letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-interest Transactions

The Plan paid certain administrative fees for custodian and recordkeeping services. These transactions qualify as party-in-interest transactions. These fees were not significant for the year ended December 31, 2023. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations. The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (see Note 1). These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.
