Independent Auditors' Report

To the Plan Administrator
Shangri-La Corporation 401(k) Plan
Salem, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Shangri-La Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHANGRI-LA CORPORATION 401(k) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

Note 1 - Description of Plan

The following description of Shangri-La Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan was established by Shangri-La Corporation (the "Company" or "Plan Sponsor") as a defined contribution 401(k) retirement plan, effective January 1, 2022. The plan is available to all employees of the Company who are eighteen (18) years old and have one (1) year of service, with the exception of union employees, leased employees, and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer any percentage of their annual eligible compensation subject to Internal Revenue Service (IRS) limitations. Participants may also make rollover contributions representing distributions from other qualified retirement plans. Participants who have reached the age of fifty (50) before the end of the plan year are eligible to make catch-up contributions. The Company may make a discretionary matching contribution to the Plan in amounts determined by management. The Plan also allows the Company to make discretionary non-elective contributions to the Plan in amounts determined by the Company. There were no discretionary matching or non-elective contributions made for 2023 or 2022.

Participants that do not make a deferral election upon eligibility are automatically enrolled in the Plan at a pre-tax savings rate of five percent (5%). The Plan automatically increases participants' deferral percentages by one percentage point (1%) each year until the elected deferral is ten percent (10%).

Participant investment account options

The Plan allows participants to direct varying portions of their contributions and account balances among the different investment options offered by Reliance Trust Company.

Participant accounts

Each participant's account is credited with the participant's deferral contributions, the Company's discretionary matching contribution, an allocation of the Company's discretionary non-elective contribution, if any, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested, and charged with an allocation of administrative expenses. Allocations are based upon the participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SHANGRI-LA CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions, plus earnings thereon. Participants vest in Company contributions and related earnings based upon a graded cliff of years of service as defined in the plan document, as shown below. In the event of death, disability, normal retirement age (65), or if the Plan is discontinued, participants become 100% vested in all account balances.

<u>Years of Participation</u>	<u>Vesting %</u>
less than 2	0%
2	50%
greater than 3	100%

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant may request to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the plan document. For terminations due to other reasons, a participant may request the value of the vested interest in his or account as a lump sum distribution. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the plan document or upon the attainment of age 59½.

Forfeited accounts

If an employee terminates before his or her Company contribution accounts have become fully vested, such portion of the account is forfeited. Forfeitures may be used to pay plan expenses or used to reduce future employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions which affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

SHANGRI-LA CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of benefit payments are charged directly to the respective participant's account. Certain investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Note 3 - Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and the supplemental schedules are complete and accurate.

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Dividend income
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedules.

SHANGRI-LA CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used at December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022.

	Investments at Fair Value as of December 31, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 360,737	\$ -	\$ -	\$ 360,737

Note 5 - Related party transactions and party-in-interest transactions

Plan investments included interests in certain mutual funds managed by Reliance Trust Company, the trustee as defined by the Plan. These investments and related investment transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investments as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for administrative expenses totaled \$9,238 and \$3,934 in 2023 and 2022, respectively. The Company pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The IRS has determined that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the Plan of such in a letter dated June 30, 2020. Plan management believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

SHANGRI-LA CORPORATION 401(k) PLAN

Notes to Financial Statements (Continued)
December 31, 2023 and 2022

Note 8 - Risks, uncertainties and concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

At December 31, 2023 and 2022, approximately 16% and 17% of the Plan's investments were invested in the T. Rowe Price Retirement 2045 Fund, respectively, and approximately 16% and 17% of the Plan's investments were invested in the T. Rowe Price Retirement 2050 Fund, respectively.

Note 9 - Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can reasonably be segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of \$82,635 were not remitted within the required time period for the year ended December 31, 2022. All lost earnings were remitted to participants on January 25, 2024.

Note 10 - Subsequent events

Plan management has evaluated subsequent events through October 2, 2024, which is the date that the financial statements were available to be issued.

Effective April 1, 2024, the Plan merged into the Secure Future Pooled Employer Plan. Accordingly, net assets totaling \$1,031,684 were transferred to the successor plan on April 9, 2024.
